

SENATE REJECTS WORKS BILL BOOST TO NINE BILLION

La Follette Amendment Defeated 78 to 8 After He Argues Taxes Should Be Increased Now.

THOSE WHO BENEFIT SHOULD PAY, HE SAYS

Foresees Vast Expenditures Over Long Period — Borah Proposes Anti-Trust Provision.

WASHINGTON, March 20.—The Senate today rejected the La Follette amendment to add \$5,000,000,000 to public works to the \$4,880,000,000 bill. The vote was 78 to 8.

The vote for it were Bilbo, Cullinan, Neely and Thomas, Utah, Democrats; La Follette, Progressives; and Cullinan, Frazier and Neely, Republicans.

In urging the addition, La Follette said the Senate should be "wiser than the people" with those who say the unemployment emergency can be met successfully without imposing taxes at this time.

He said he opposed the idea of increasing the taxes necessary to finance the emergency expenditures unless they were for three reasons: First, because I am firmly convinced we will have to make vast expenditures over a long period of time.

"Second, because as a result of these extraordinary expenditures the incomes of corporations and individuals are indirectly increased and they should be required to contribute their proportionate share of the increased cost."

Third, because it has been my opinion that it is impossible to have a long period of prosperity. "Borah Amendment Rejected."

Senator Borah (Dem.), South Dakota, said while the bill did not specify such loans, it would permit them under the \$500,000,000 earmarked for loans and grants to states and subdivisions. After Borah's statement the Borah amendment was rejected without a roll call.

An amendment by Senator Walsh (Dem., Massachusetts), to extend the Civilian Conservation Corps for two years from March 30 was then rejected.

An amendment to restore the \$100,000,000 under NRA was rejected. Senator Borah of Idaho said he would like the Government to spend huge amounts out of the relief appropriation for material which would be at the mercy of the market, which charge whatever prices they see fit.

"The money reaches the people in the hands of the contractor," he said, "there is no such thing as a free lunch."

He also voted against the amendment which would accept the amendment even though he was in favor of the relief bill.

May for Early Passage. Inspired by the success yesterday of the amendments restricting the wide powers granted in the bill, President Roosevelt to add the \$4,880,000,000 fund, administration supporters were pressing for early passage without further amendments.

The amendment adopted yesterday would require all money for construction to be apportioned among the departments. Senator Neely (Dem.), Arizona, who had introduced the amendment, said it would bar the use of money for administrative purposes and said it would interfere with the President's power to handle the funds.

After a sharp debate, the Senate today passed the bill by a vote of 78 to 8. The bill would authorize \$40,000,000 of the "big fund" aside to keep 42,000 jobs open from April 1 to the end of the school year.

The Winner

HORACE DE CARBUCCIA
LEAVING the Parc des Princes in Paris after a duel with pistols in which he wounded his fellow Deputy from Corsica, Maitre Cesar Campinchi, in the right arm. The duel was caused by an article published in Gringoire, a newspaper of which Carbuccia is a director.

PODERJAY SENTENCED ON BIGAMY CHARGE

Two and Half to Five Years For Marrying Agnes Tuferson, Bride Who Disappeared.

NEW YORK, March 21.—Ivan Poderjay, Yugoslavian adventurer, who pleaded guilty of bigamy in marrying Agnes C. Tuferson, was sentenced today to two and a half to five years in Sing Sing prison. Miss Tuferson, a New York and Detroit lawyer, has been missing since she married the former army officer in December, 1933, at the Little Church Around the Corner. She drew all her savings out of a bank several days before the marriage.

Judge George L. Donnellan, in sentencing Poderjay, said: "It is my judgment that this defendant should be before this court on another charge."

Irving W. Halpern, chief prosecution officer, told the court Poderjay insisted Miss Tuferson was still alive. His report, however, said "Her disappearance was not voluntary, but directly caused by the defendant, who had no affection for her and could profit financially by her disappearance."

Poderjay had a wife in Europe when he married Miss Tuferson. A few days after the marriage, Poderjay sailed for Europe alone. He said the woman had left for Montreal the night before his departure. He said he was extradited from Austria. He steadily has professed his innocence of any crime except bigamy.

SPANISH GENERAL GETS DEATH SENTENCE

Several Other Officers Sentenced to Prison for Revolt.

MADRID, March 21.—The Supreme Court condemned Emilio Barrera to death yesterday and sentenced several other officers to various terms of imprisonment for participation in a revolt in August, 1932.

Gen. Barrera was born in the Philippine Islands.

Illinois: Cloudy, probably showers tomorrow, and in south portion late tonight; slightly warmer tomorrow.

TRIPLETS COME TO FAMILY ON RELIEF

Mr. and Mrs. Cleveland O. Piper of East St. Louis Parents of Three Girls.

Mr. and Mrs. Cleveland O. Piper of 820 North Twenty-first street, East St. Louis, are the parents of girl triplets born Monday evening. The family, in which there are now nine children, is on the public relief rolls.

The girls were named Ruth Marie, Bertha Margaret and Marilyn Joan, and weighed 6, 5, and 4, pounds, respectively. The babies and the mother, who is 38 years old, were reported "doing nicely." All of the children have been born in the last 10 years.

Piper, a mechanic, has been unemployed since 1927. Since then he has done odd jobs and worked for a short time for the Civil Works Administration. The monthly relief budget of the family consists of a grocery order for \$31.20, a milk order for \$6.30 and an allowance of \$3.25 for clothing.

Several nurses and a baby specialist have volunteered their services and visit the three-room bungalow at regular intervals. Ruth Marie was named after the wife of the specialist.

Mrs. Piper complained that a steady flow of visitors since Monday had interfered with her sleep. "For the first time in my life," she said, "I'm becoming acquainted with my neighbors."

HOUSE FAVORS CURRENCY EXPANSION BONUS PLAN

Votes for Adopting Patman Proposal If Bill Is Passed.

WASHINGTON, March 21.—The House today voted, 183 to 142 (standing vote), to accept the Patman currency expansion plan of paying the \$2,000,000,000 soldiers' bonus if the bill should pass. A teller vote on the proposal was 180 to 157.

That was the standing vote on the motion by Representative Patman (Dem.), Texas, to substitute his currency expansion plan for the Vinson-American Legion financing method.

A second vote with tellers counting each member was ordered. The question will still be subject to a later roll call ballot.

Previously the House had rejected 73 to 193 the proposed Cochran bonus compromise bill. Under the plan, by Cochran (Missouri) and Senator Tydings (Maryland), veterans who held \$100 adjusted compensation certificates would have received bonds which could be sold for \$708 now or held until 1945 and sold then for \$900.

The House then voted down the McReynolds "compromise" plan—interpreted as offering the veterans slightly less in bonds than the Cochran bill and an amendment by Representative Kenney (Dem.), New Jersey, to raise money through a national lottery to pay the bonus. "Pleas were made that the Cochran bill was the only one which would have a chance to obtain presidential approval."

SEVEN INDICTED IN TEXAS FRAUD INQUIRY BY PWA

Charged With Conspiring to Cheat Government Out of \$400,000 on Irrigation Job.

PLOT TO USE WOOD PIPE IS ALLEGED

Two Former Public Works Engineers and California Redwood Dealers Among the Accused.

WASHINGTON, March 21.—Seven men, including two former Public Works Administration engineers, were indicted today for conspiracy to defraud the Government in a \$485,000 Texas irrigation project.

The indictment, returned by a special district of Columbia grand jury, resulted from a three-month inquiry by PWA agents under Louis Glavis, head of Secretary of the Interior's investigators. It charges that the defendants conspired to defraud the PWA of \$400,000.

In addition to Charles R. Olberg and Perry A. Welty, of Austin, Tex., former PWA employees, the indictment named William A. Harding of Raymondville, Tex., a director of the Willy County Water Control and Improvement District; Frank P. McElwath, contractor and banker of Corsicana, Tex.; Harry W. Cole, president of the California Redwood Association and vice-president of the Hammond and Little River Redwood Co., Ltd.; Leonard C. Hammond, vice-president of the Hammond Lumber Co., San Francisco; and James P. Barry of San Francisco, an engineer for the Hammond and Little River Redwood Co.

District Attorney Leslie Garnett and his assistant, John W. Fihely, said warrants would be issued immediately and an attempt would be made to bring the defendants to Washington for trial in the District of Columbia Supreme Court.

Conviction would carry a penalty of not more than two years' imprisonment or a fine of not more than \$10,000, or both.

Olberg recently fired. Fihely described the alleged conspiracy as an "attempt to defraud the United States of its right to have the National Industrial Recovery Act administered in a fair and effective manner, of its right to have contracts let by competitive bidding, of its right to freely and fully contract in all matters concerning its property and money, and of the honest, faithful and conscientious services of the defendant, Charles R. Olberg."

Olberg, who was discharged recently from his \$6000-a-year job as engineer-examiner in charge of irrigation work for the PWA, had been in Government employ many years and had helped design the Boulder and Coolidge dams, Fihely said.

The indictment alleged that Olberg had been offered a \$10,000-a-year job with the Willy district in return for his service in the scheme.

Welty formerly was an engineer-examiner with the PWA State office at Fort Worth. He was said to have quit this \$3000-a-year job to take a \$7500 position with the Willy district.

The indictment said the Willy district first applied for a PWA loan and grant for a gravity and open canal irrigation project. Olberg passed on the plans, and the allotment was made by Secretary Ickes. The plans then were returned to the Fort Worth PWA office for minor changes.

Change in the Plans. "It is at this point that the alleged conspiracy apparently begins," Fihely said. The indictment charged that Welty substituted for the gravity system plans calling for 250 miles of a high and low pressure pipe system.

The Government contends that after recommending the substitute system to his superiors, Welty quit his Government job and went to work for the irrigation district, and it was charged that the alleged conspiracy with the other defendants to have only redwood pipe used.

The Government charges that Barry and Welty wrote the specifications in such a way that they would be "burdened and onerous" to concrete, metal or other wood pipes.

Olberg was accused in the indictment of consenting to approve the new plans and specifications in return for the \$10,000-a-year job which was said to have been promised him when the alleged conspiracy was initiated.

At a meeting of seven redwood companies, the Government charges the Hammond company was designated to supply the pipe.

FIRM WILL 'LEND' EMPLOYEES WAGES DURING LAYOFF

Packing Concern Expects Men to Repay Later by Hours of Work.

AUSTIN, Minn., March 21.—Officials of the George A. Hormel Co., faced with a shortage of hog shipments and other difficulties so acute that half the employees in hog-killing and cutting departments might be laid off indefinitely, have proposed a new plan to workers.

They proposed the placing of 500 employees in these departments on a straight weekly wage. Employees will continue to receive full wages for the entire period of the expected hog shortage. The company will keep a record of wages paid in excess of the hours actually worked.

This over payment will be regarded as a "loan" by the company to employees, to be repaid by hours of work when conditions improve. If by the third week of March, 1935, over-payment has not been made up to the company in working hours, the company will write the remaining balance off their books.

CROSSES TO MARK SCENES OF FATAL TRAFFIC ACCIDENTS

Mayor's Safety Campaign to Start Monday; Pastors to Be Asked to Stress Program.

White crosses, marking the scenes of fatal traffic accidents last year, are to be posted throughout the city by next Monday, when Mayor Dickmann's campaign for traffic safety will begin officially.

The Mayor told of this plan at a conference of city officials this morning. The crosses will be painted on black asphalt blocks and will be hung on poles and lamp posts at intersections where there were fatal accidents last year.

All traffic will be asked to stop for two minutes beginning at 9 a. m. Monday, and whistles and sirens will be sounded then to mark the opening of the campaign. Tomorrow morning at 8:30 o'clock city employees will meet at the Municipal Auditorium to receive assignments for safety talks in the schools. Pastors of churches will be asked to discuss the safety campaign in their sermons Sunday.

After a conference this afternoon with the Judges and prosecutors of the Police Courts, Mayor Dickmann announced that from this time forth all traffic cases will be heard in open court and that there will be no more disposition of charges in the Judges' chambers, as heretofore. He said the Judges had agreed to handle future dockets in that manner.

SCRUBWOMAN FALLS THROUGH SKYLIGHT, LANDS ON TYPIST

200-Pounder Merely Says, 'Well, I Swam,' After Drop at Washington Building.

WASHINGTON, March 21.—Lillian Lockwood, a 200-pound scrubwoman, fell from a second-floor window, crashed through a skylight, dropped 25 feet, landed on a girl stenographer in an office and, picking herself up, said: "I swam."

With her came a flower pot and a shower of broken glass, which also fell on Miss Gussie Swartz, a stenographer, who was sitting before a desk at a typewriter. The desk was broken, the typewriter was smashed and Miss Swartz was taken to a hospital, suffering from shock.

The scrubwoman was cleaning the windows of a Washington newspaper man's apartment when she slipped.

SPRING HAS COME, OFFICIALLY

Temperature Reached 81 Degrees at 2 P. M. Yesterday.

Spring cleaning, made more suitable by the dust storm, and spring poetry were in order today, the first day of spring according to the astronomical calendar. The vernal equinox, fixed at 7:18 a. m., St. Louis time, marked the transition into the half-year period when the daylight will be longer than the night.

Yesterday, the last day of winter according to astronomical reckoning, had temperatures that went as high as 81 degrees at 2 p. m. This was a rise of 29 degrees in 12 hours. The United States Weather Bureau does not observe the astronomical divisions of the seasons, but follows the easier method of dividing the year by even months. According to the bureau's calendar, spring began March 1.

JOBLESS FIGHT TACOMA POLICE

800 Marchers Try to Enter Relief Headquarters.

TACOMA, Wash., March 21.—Marching 800 strong with banners outlining their demands, members of the Unemployed Councils of Pierce County fought with Tacoma policemen at Emergency Relief Administration headquarters here yesterday.

The fighting broke out at the entrance of the building when the paraders started to enter. The disturbance ended when a delegation of 12 was named to present the council's demands to Relief Administrator A. B. Comfort.

GERMANY CURTLY REJECTS PROTESTS OF FRANCE ITALY ON REARMAMENT

FRANCE INVOKES LEAGUE COVENANT AGAINST GERMANY

Formally Asks, Under Article XI, That Council Meet to Consider Hitler's Army Program.

CHARGES BREACH OF TREATY TERMS

Says Reich 'Deliberately Reputed by Unilateral Act Its Contractual Engagements.'

GENEVA, March 21.—France protested directly to the League of Nations today, under article XI, paragraph 2, of the League covenant, against the decision of the German Government for a rearmament.

The text of the French note to the League follows: "By a law, the text of which was communicated March 16 to the French ambassadors at Berlin, France, Great Britain, Italy and Poland, and which was made public the same day, the German Government has decided on the reintroduction of general compulsory military service in the Reich and to reorganize the German Army into 12 army corps and 36 divisions."

"The German authorities also, a few days earlier, announced the creation of a German military aviation force. In both cases the German Government has deliberately repudiated by a unilateral act, the contractual engagements embodied in the treaty which Germany signed."

Germany's Pledge. "When entering the League of Nations, of which she still remains a member, until the expiry of the period of two years from her notification of Oct. 21, 1933, Germany in virtue of the preamble of the covenant undertook to observe a scrupulous respect for all treaty obligations in the dealings of organized peoples with one another."

"In the circumstances and since, under the terms of paragraph 2, article XI, it is the right of each member of the League to bring to the attention of the Council any circumstances affecting international relations which threaten to disturb international peace or the good understanding between nations upon which peace depends, the Government of the republic (of France) has the honor to notify the Council of the League of the situation created by the attitude of the German Government."

"Because of the gravity of the question raised by German initiative, I have the honor to ask to call an extraordinary session of the Council for the examination of the present request."

Gist of Article XI. Article XI of the Covenant of the League describes "any war or threat of war" a matter of concern to the entire League, which when appealed to is empowered to "take any action that may be deemed wise and effectual to safeguard the peace of nations."

On receipt of the French note, J. C. Avenol, secretary-general of the League, consulted members of the council by telephone concerning the date on which the body should meet. It was believed the session could not be held until early next month.

Some interested Powers said they would prefer to have it take place after the tri-Power meeting which representatives of Great Britain, France and Italy are expected to attend at Capri, Italy, on March 22. The Soviet Government has been officially notified that the French Foreign Minister, Pierre Laval, is coming to Moscow and has extended its invitation to him, although the date for the visit has not yet been fixed. He, like Capt. Anthony Eden, Lord Privy Seal of Great Britain, probably will be received by Joseph Stalin.

French Appeal to the League Fits in With Soviet Contention.

MOSCOW, March 21.—The decision of the French Cabinet to appeal to the League of Nations on Germany's rearmament was received in Moscow with great satisfaction as fitting in with the Soviet contention that a united front is necessary to deal with the situation.

The Soviet Government has been officially notified that the French Foreign Minister, Pierre Laval, is coming to Moscow and has extended its invitation to him, although the date for the visit has not yet been fixed. He, like Capt. Anthony Eden, Lord Privy Seal of Great Britain, probably will be received by Joseph Stalin.

PROVISIONS WHICH GERMANY SAYS ALLIES VIOLATED

FOLLOWING is the text of the provisions in the League of Nations covenant which Germany charges the Allies have violated:

Article VIII. The members of the League recognize that the maintenance of peace requires the reduction of national armaments to the lowest point consistent with national safety and the enforcement by common action of international obligations.

The Council, taking account of the geographical situation and circumstances of each state, shall formulate plans for such reduction for the consideration and action of the several governments.

Such plans shall be subject to reconsideration and revision at least every 10 years.

After these plans shall have been adopted by the several governments, the limits of armaments therein fixed shall not be exceeded without the concurrence of the Council.

The members of the League agree that the manufacture by private enterprise of munitions and implements of war is open to grave objections. The Council shall advise how the evil effects attendant upon such manufacture can be prevented, due regard being had to the necessities of those members of the League which are not able to manufacture the munitions and implements of war necessary for their safety.

The members of the League undertake to interchange full and frank information as to the scale of their armaments, their military, naval, and air programs, and the condition of such of their industries as are adaptable to warlike purposes.

ITALY READY FOR WAR, CABINET AID SAYS

Tells Deputies 1913 Conscription Now in Service, Will Be Kept Under Arms.

ROME, March 21.—Federico Baistrocchi, Under-Secretary of War, speaking in the presence of Premier Mussolini before the Chamber of Deputies, declared today Italy would keep its present military class under arms, there would be no reduction in the Italian conscription terms, and Italy was ready for a "war of movement."

The Deputies, fully aware that only a short time earlier Germany had refused to entertain an Italian protest against rearmament, leaped to their feet and shouted: "Viva il Duce! Viva L'Esercito! (Long Live Mussolini! Long live the army!)"

Baistrocchi said Italy had speeded up all military services. In consequence of the East African situation, he said, the whole military class of 1911 had received cards calling upon its members to hold themselves in readiness for service.

He indicated that other divisions were to be mobilized when he spoke of the mobilization "for the present of two divisions and the immediate constitution of other units destined to substitute for them and eventually to be mobilized also."

He said the military class of 1913, now in service, would not be dismissed and that the reduction of the conscription term from 18 months to one year, although decided upon, would not be undertaken until "when the moment was opportune."

"However," he said, "this is not the moment either to reduce the conscription term or to send the present class under arms home."

This means that the men of 1913 will stay under arms, despite the fact that the class of 1914 will begin its military service April 1.

REICH SAID TOO HAVE TO KEEP

Nazi Spokesman Asserts "There Can Be No Negotiations Until Both Sides Take Their Revolvers Off the Table."

TREATY VIOLATIONS CHARGED BY FRENCH

'Most Formal' Objection Made in Note, Which Alleged 'Deliberate Measures to Compromise Conciliation Efforts.'

Most Formal Objection

Made in Note, Which Alleged 'Deliberate Measures to Compromise Conciliation Efforts.'

BERLIN, March 21.—The German Government declined today to entertain the vigorous protest of France against its rearmament program.

Baron Konstantin von Neurath, Foreign Minister, took the official protest from the hand of Ambassador Andre Francois-Poncet and then remarked:

"The arguments adduced in the French note do not take the actual situation into account, wherefore the German Government must decline to entertain the protest."

The Italian Ambassador, Vittorio Cerrutti, received the same reply when he delivered Premier Mussolini's protest to the Foreign Office two hours later.

An official communique issued after the departure of the Italian Ambassador said Von Neurath had informed Cerrutti that "the basis of the Italian note cannot be acknowledged as the disarmament promises of the other Versailles signatories have not been fulfilled."

The Foreign Minister's quick, curt answer apparently had been decided on by German officials as soon as reports reached Berlin that the two Powers intended to communicate their protests.

Two Years Later, Goebbels Says. France's protest was said by Dr. Paul Joseph Goebbels, Minister of Propaganda, to have come two years too late to command serious consideration from the Reich.

"Nobody knows better what paper protests amount to than we," Goebbels said, emphasizing he spoke for himself alone and not for the Government. "For 15 years we have been used to protesting about the failure of other nations to live up to their disarmament obligations and about violations of German minority rights. Two years ago we should probably have listened to France's protest. Today it is too late."

Goebbels, while speaking of the possibilities of German participation in an Eastern security pact, gave voice once more to Germany's conviction that restoration of military power had regained for it equality of prestige in the family of nations.

"Hitherto, when we discussed any large international question," he said, "we found our co-negotiators placing their revolvers on the table and attempting to coerce us. Now we, too, can place our revolver on the table. If then both sides agree to take their revolvers off the table, we can begin to talk business. If not, of course, there can be no negotiations."

Statement on League Talk.

The Foreign Office regards France's move to refer the rearmament question to the League of Nations as intended solely for home consumption.

The French and English know full well, a spokesman said, "that we will not submit to an inquisition at Geneva."

"Flandin and Laval (Premier Pierre-Etienne Flandin of France and Pierre Laval, French Foreign Minister), however, can escape all trouble from opposing political parties as long as they live up to the fiction of the inviolability of the treaty of Versailles."

LABORITE URGES ENGLAND TO LEAD FIGHT TO DISARM

Lansbury Tells Britain Should Lead Fight to End War.

EW FOR SIMON

Reich British Is Based on Peace and Not War.

March 21.—George Lansbury, declared today Commons that Germany had the right to demand the right to disarm.

Lansbury's declarations were made at the opening of the debate on foreign affairs.

Declaring that the mentality at home and abroad is influenced by fear, Lansbury continued: "Unless something is speedily done by statesmen of Europe and the world, not only will the common people not be satisfied, but very large numbers won't be alive to be dissatisfied or satisfied."

The Commons debate began on the heels of Germany's rejection of the motives contained in the French and Italian notes presented to the Foreign Office at Berlin.

Recalls Words of Wilson.

The name of Woodrow Wilson early was invoked by Lansbury, who said that after the World War President Wilson declared the aim must be to satisfy the common people of the world and bring about peace and security.

"Events in Germany Saturday and Sunday," he declared, "sent through this country such a feeling of shock almost despair, to be compared only with what happened in August, 1914."

Lansbury insisted the Government must take some new step to prevent the situation from becoming worse. He told the Commons Sir John Simon, who is due to confer with Reichsfuehrer Adolf Hitler soon, should take an entirely new mandate to Berlin, making it clear to Germany that the other Powers, that Britain's policy of peace is based on disarmament and not rearmament.

"Should Fling Down Challenge."

"We should fling down the challenge on the conference table," he declared, "and say to Britain is ready with other nations to give up aerial warfare everywhere and agree that the great airways of the world should be internationalized and made open to all countries."

Lansbury emphasized his view that Simon "should not go to Berlin to say that Britain agrees to German rearmament on the proposed basis."

"No country wants war," he said, "We merely want to be given an opportunity to get together. It is only the bankruptcy of statesmanship that stands in the way. We should declare our readiness to take a chance on what would happen in order to eliminate the foul danger of aerial warfare. Then most other things will fall into their proper proportion."

Lansbury asserted there had been a great mistake in not reassembling the world economic conference.

"There should be a world conference brought to deal with all questions that divide the world," Sir Herbert Samuel, representing the Liberal opposition, declared.

"The French note, from the juridical point of view, is not answerable by Berlin, but events of the last 16 years have undermined the moral basis in which any juridical action might be taken."

MRS. HAUPTMANN COMING HERE TO SOLICIT FUNDS

Begins Tour of 13 Cities to Raise Money for Condemned Husband's Appeal.

DETROIT, March 21.—Mrs. Anna Hauptmann, who arrived here yesterday by plane to begin a tour of 13 cities in a campaign to raise funds for an appeal for her husband, Richard Bruno Hauptmann, sentenced to death for the murder of the Lindbergh baby, was accompanied by Mr. and Mrs. A. W. von New York, who she said had become close friends since the Fleming trial.

From Detroit she will go to Chicago, Mrs. Hauptmann said. Other cities will include Minneapolis, St. Paul, Kansas City, St. Louis, Indianapolis, Milwaukee, Columbus, Cleveland, Cincinnati, Baltimore, Pittsburgh and Philadelphia.

Richard Crooks Operated on.

By the Associated Press.

NEW YORK, March 21.—Richard Crooks, Metropolitan Opera tenor, was operated on for acute appendicitis today at the New York Hospital. The attack necessitated a last-minute change in Giulio Gatti-Casazza's revival of "Tosca" at the Metropolitan. The tenor, who had one of the leading roles, was taken to the hospital a few minutes before curtain time. Giovanni Martinelli was drafted to sing the tenor role.

Senate Witness Against the NRA

CLARENCE DARROW.

ON the stand before the Senate Finance Committee in its investigation of the NRA, the noted Chicago lawyer said the NRA had helped monopoly at the expense of the "little fellow" and should be abolished.

GERMANY REFUSES TO HEED PROTESTS OF FRANCE AND ITALY

Continued From Page One.

FRENCH PUBLISH TEXT OF PROTEST REICH REJECTED

(Copyright, 1935, by the Associated Press.)

PARIS, March 21.—France today accused Germany of violating treaty obligations in a note which the Reich refused to consider and, at the same time, asked the League of Nations to put Germany on trial.

Text of French note to Germany follows:

"Receiving the Ambassador of France March 16, the Chancellor of the Reich made known to him the text of a law promulgated the same day by which the German Government re-established in Germany obligatory military service and increased the German Army to 36 divisions.

"A week earlier, the German authorities had given an official statement to German military action.

"These decisions are definitely contrary to the contractual engagements written in the treaties which Germany signed.

"They are equally contrary to the declaration of Dec. 19, 1932, whereby the Reich Government voluntarily recognized that a general statute of armaments carrying equality of right for Germany with all nations should not be made without the establishment of a security regime for all.

"After several proposals tending to give effect to this principle, the French Government, in accord with the British Government, showed its confidence in the Government of the Reich by proposing to it a procedure of negotiation free and fully compatible with respect to the treaty rights for the establishment of contractual means of a new arms statute for Germany in a general settlement of the problem of security and of armaments and the Government of the Reich had appeared to justify the confidence in accepting the principle of such procedure.

"The publication of the German law of March 16, intervening brusquely before the date fixed for first exchange of views between the Government of the Reich and one of two signatory governments of the London communique of Feb. 3, constitutes new manifestations of the methods of the Government of the Reich intended to oppose to the of conciliation which had been made to it.

"A double conclusion thus must be drawn by the Government of the (French) republic on one side and in a general fashion the Government of the Reich deliberately distrusts the essential principle of the of a people that no Power can denounce the engagement of a treaty or modify its stipulations except with the agreement of the contracting parties and by means of a friendly agreement; on the other side, and in particular after having itself shown its desire to see cleared up between the interested Powers the immediate effect of the negotiation to which it was invited, the Government of the Reich has deliberately taken the most effective measures to compromise the fate of this negotiation in taking for itself in advance and unilaterally through a fait accompli of one of its essential objects.

"Most Formal Protestation."

"The Government of the republic has the duty to make the most formal protestation against these measures with regard to which it now makes all reservations.

"Conscious of the efforts of conciliation which it has not ceased to follow, in all loyalty and with the most constant care for German dignity, to associate the Reich fully in the organization of European security, it can only place on the German Government responsibility for the state of uneasiness thus created in the world and the consequences which can result from it.

that is to say, those obligations which from this fact may be imposed on the governments of the different interested countries.

"Determined, so far as it is concerned, to seek all means of international co-operation designed to dissipate this uneasiness and to safeguard the peace of Europe, the French Government desires to reaffirm with its respective treaties its firm resolution not to accept in any negotiation that consideration be given unilateral decisions taken in violation of international engagements.

"PIERRE LAVAL, Foreign Minister."

Confidence Vote for Flandin.

Premier Flandin's hand was strengthened by a 263 to 21 vote of confidence in the Senate last night. The vote of approval was recorded after Flandin delivered a vigorous attack on the German program and denounced a policy designed to "make sure of national defenses and at the same time carry on for general disarmament."

This would show the world, he said, France is united when "the preservation of world peace is at stake."

SEVEN INDICTED IN TEXAS FRAUD INQUIRY BY PWA

Continued From Page One.

nated to set the price for the redwood to be used, McElwath, it contended, was selected by the alleged conspirators to be contractor to handle the construction of the irrigation system.

St. Louisian's Part in Case.

Elbely said the PWA became suspicious of the project during hearings on the changes in plans. Frank J. Brechenherz of South Bend, Ind., and Chester H. Kirberg of St. Louis, investigators attached to the Dallas PWA office, were assigned to inquire into the circumstances. They assembled letters, telegrams and statements in an investigation that took them to many parts of the country. These were presented to the grand jury.

The indictment, 18 pages long and listing 28 alleged overt acts, was presented to Justice Jesse C. Adams.

Replies to Darrow.

Hitting directly at the testimony against NRA yesterday by Clarence Darrow, Hillman lashed out at critics for "indulging in philosophical discussions of what will happen 200 years from now" in the face of cold statistics showing improvement in labor conditions.

"Darrow can afford to wait 200 years," Hillman said. "These women and children can't."

"Today haven't the long lines of hungry," said the witness.

Hillman argued NRA had helped. Instead of hurt, the little business man and urged continuation of NRA codes in the service trades as well as elsewhere.

Hillman warned of the danger of dropping NRA and against making his Russian origin an issue.

Freedom at "3 a Week."

"I'm here to testify for NRA," he said. "The question is whether I was born in Russia or here, as if that had anything to do with it. This is the country of my choice. But the democratic institutions may go overboard."

"Talk about freedom," he said. "What freedom do workers out of jobs have what freedom do they have when tolling for \$3 a week?"

"I don't believe a single financial institution can keep open for six months if you take away the protection of NRA."

At the conclusion of his testimony, Hillman was warmly congratulated by William Green, president of the American Federation of Labor, and John L. Lewis, head of the United Mine Workers.

Later, Green, Lewis and Hillman went to the White House and urged, in a conference with President Roosevelt, early enactment of legislation to extend NRA another two years.

Green reported after the conference that the President was insistent upon continuation of fundamental principles of the Recovery Act.

The labor group urged particu-

HILLMAN'S VIEWS CAUSE CLASH AT HEARING ON NRA

Senator King Asks Witness About Russian Origin and Idea That Labor Should Rule.

By the Associated Press.

WASHINGTON, March 21.—A sudden burst of applause from spectators while Senate Finance Committee members clashed over questioning of Sidney Hillman in the NRA investigation today, brought demands for police to enforce order.

Hillman, a member of the recovery board and head of the Amalgamated Clothing Workers, was testifying in behalf of an extension of NRA.

The applause broke out when Senator Coston (Dem.), Colorado, protested that Hillman, was not on trial and should be permitted to answer questions in his own way.

Senator King (Dem.), Utah, and Walsh (Dem.), Massachusetts, had passed by a unanimous vote. It was introduced by Representative Schechter of St. Louis.

As hand-clapping swept the crowded chamber, Senator Hastings (Rep.), Delaware, warned the spectators they were guests of the committee and suggested police should be called to compel quiet.

Reed Union's Constitution.

Hillman's defense of NRA previously had been interrupted by committee questions about his Russian origin. He was presenting a mass of statistics intended to show the improvement of labor conditions under the Blue Eagle when King broke in to read a portion of the clothing workers' constitution advocating control of industry by labor.

Hillman replied that had been dropped from the constitution of the organization 10 or 15 years ago. "You put it in after you came from Russia," King asked.

"Of course," Hillman replied, "I was born in Russia."

Questioned by King, the labor leader said he came from Russia in 1906, had been naturalized three years and had visited Russia three times since the war.

Hillman Reprimanded.

Walsh and King reprimanded Hillman for making speeches instead of answering questions. Hillman protested he was answering the questions.

"This is a court trial," Coston interjected. "I hope the witness will be permitted to answer the questions in his own way."

Hillman said production in December was 63 per cent of 1929 levels as compared with 48 per cent two years earlier.

Payroll, he said, in the same time, went up from 38 per cent of 1929 levels to 57 per cent.

"I don't believe any one can explain that away by natural causes," he said.

Result of 36-Hour Week.

Wages in the clothing industry, Hillman said, had slumped until "purchasing power was reduced to a degree that there was nothing else to look forward to but a complete paralysis of industry."

He testified the 36-hour week in the cotton garment industry had added 20,000 workers in the last two months, saying employment was 147,000 in February, or 11 per cent more than a year before.

Failure to extend NRA, Hillman said, would bring a reduction in wages and employment.

He contended an Omaha trucking company already had serving notice of a 10 per cent wage cut on the belief that NRA was not to be extended.

Replies to Darrow.

Hitting directly at the testimony against NRA yesterday by Clarence Darrow, Hillman lashed out at critics for "indulging in philosophical discussions of what will happen 200 years from now" in the face of cold statistics showing improvement in labor conditions.

"Darrow can afford to wait 200 years," Hillman said. "These women and children can't."

"Today haven't the long lines of hungry," said the witness.

Hillman argued NRA had helped. Instead of hurt, the little business man and urged continuation of NRA codes in the service trades as well as elsewhere.

Hillman warned of the danger of dropping NRA and against making his Russian origin an issue.

Freedom at "3 a Week."

"I'm here to testify for NRA," he said. "The question is whether I was born in Russia or here, as if that had anything to do with it. This is the country of my choice. But the democratic institutions may go overboard."

"Talk about freedom," he said. "What freedom do workers out of jobs have what freedom do they have when tolling for \$3 a week?"

"I don't believe a single financial institution can keep open for six months if you take away the protection of NRA."

At the conclusion of his testimony, Hillman was warmly congratulated by William Green, president of the American Federation of Labor, and John L. Lewis, head of the United Mine Workers.

COUNTY REGISTRATION BILL PASSED BY LEGISLATURE

Measure Goes to Gov. Park; Pay of Election Commissioners Raised From \$1200 to \$2000.

Special to the Post-Dispatch.

JEFFERSON CITY, March 21.—The House passed the Shotwell bill establishing a permanent registration system in St. Louis County by a unanimous vote today.

The measure has already passed the Senate and now goes to Gov. Park for his consideration. Besides establishing the new registration system for the county, it increases the annual salaries of the four Election Commissioners from \$1200 to \$2000. The bill provides that the registration taken for the general election in November, 1936, shall serve as the basis for the permanent registration system.

The House Elections Committee has taken no action to date on a bill to establish a permanent registration system in St. Louis. The measure was introduced by Representative Falzone of St. Louis County.

A bill providing that St. Louis school children between 12 and 18 years old shall not be charged more than a 6-cent street car or bus fare going to and from school was passed by a unanimous vote. It was introduced by Representative Schechter of St. Louis.

WISCONSIN FARMERS WATCH SENATE VOTE DOWN DEMANDS

Mortgage Relief Bill Thrown Into Conference After "Boston Tea Party" Threat.

By the Associated Press.

MADISON, Wis., March 21.—Despite a veto by the Wisconsin State Senate, by a vote of 15 to 16 refused today to recede from its position of opposition to the provisions of the controversial mortgage moratorium law. This action sent the measure back to the assembly, where a committee will try to work out a compromise bill.

Most important of the disputed issues are provisions of the original bill granting the right of jury trial in foreclosure cases, the constitutionality of which has been questioned.

In the galleries were about 100 of the 500 men and women who crowded the chamber yesterday. The Senate was told last night by the leaders of the farmers that there would be a "Boston tea party" if their demands on the mortgage moratorium legislation were not met.

The measure the farmers demand was passed by the House by unanimous vote, but the Senate turned it down in favor of re-enactment of the present moratorium law giving State courts discretionary power to delay foreclosures.

Continuation of codes abolishing child labor, providing minimum wages and maximum hours of work and protecting against unfair trade practices.

Green also proposed that service industries be continued under codes and asked that Section 7-A, providing for collective bargaining by labor, be maintained in its present form. He asked that the collective bargaining clause be supplemented with the Wagner labor disputes bill.

Louis M. Howe Grows Weaker.

WASHINGTON, March 21.—Louis M. Howe, secretary to President Roosevelt, ill at the White House, grew gradually weaker today but he surprised physicians and friends by his vitality. He was said to have spent a restful night, but the daily White House bulletin continued to describe his condition as "extremely critical."

QUINCY, MASS., MAYOR OUSTED

Special to the Post-Dispatch.

BOSTON, March 21.—Mayor Charles A. Ross of Quincy was ousted from office yesterday on charges of violating the Corrupt Practices Act. The action was taken by three Superior Court Justices, and it is the first such decision in the history of Massachusetts.

Mayor Ross is alleged to have been guilty of irregularities during his campaign for election, and to have made expenditures which were not within the law.

12 PERSONS ARE INDICTED FOR RIOTING IN HARLEM

Prosecutor Seeks Deportation of Communists He Says Were Responsible.

By the Associated Press.

NEW YORK, March 21.—The grand jury investigating the Harlem riot voted a total of seven indictments against 12 persons today on charges of assault, rioting and unlawful assembly.

District Attorney William C. Dodge at the same time called for deportation of Communists, who, he said, were guilty of inciting the Negro district to two days of rioting and pillage.

He charged the Communists with having placed inflammatory leaflets on the streets of Harlem as a preliminary to the riot, and declared, "the reds have been boring into our institutions for a long time, but when they begin to incite riots it is time to stop them."

MUSSOLINI TELLS HITLER THAT ITALY "CAN'T ACCEPT" REARMAMENT BY GERMANY

Note to Berlin Condemns "Unilateral Decision Annuling Obligations of an International Character."

(Copyright, 1935, by the Associated Press.)

ROME, March 21.—The Italian Government note to Germany says Italy "cannot accept a situation determined by a unilateral decision annulling obligations of an international character."

The text of the Italian note follows:

The Chancellor of the Reich on March 16 communicated to the Italian Ambassador a law promulgated the same day on the basis of which the German Government has re-established in Germany obligatory military service and increased effectives of the German army to 36 divisions.

"One week previously German authorities had communicated officially the constitution of German military aviation.

"The Italian Government has taken note of the notes directed to the German Government on this subject by the British Government and the French Government.

"The Italian Government cannot but point out that in the accord reached in Rome Jan. 7, 1935, between the Italian and the French Governments, and the final communique of the conversations in London between the British and French Governments published on Feb. 3, there was reaffirmed the essential principles of that military statute established by part five of the treaty of Versailles which could not be modified by unilateral act.

"The Italian Government which, insofar as it is concerned, has always maintained the opportunity of revision of part five of the

Treaty of Versailles through negotiations among the interested Governments, in conditions of perfect parity, had adhered to the principle that the question of German armament should have been the object of a general negotiation similar to what was established in the declaration of Dec. 11, 1932, in which Germany participated.

"This procedure had been accepted in principle by the German Government itself in its communication on Feb. 14, of this year.

"The Italian Government therefore feels the duty of advancing the most ample reservation concerning the decision of the Government of the Reich and its probable development.

"The Italian Government has always sought to link the Reich fully to the system of collaboration among the principal interested Powers which would recognize fully to the Reich the right and responsibilities of a Sovereign State.

"Especially for these precedents the decision of the Reich acquires particular seriousness especially for the state of uncertainty which it excites in the minds of the nations.

"The Italian Government has given many proofs, also recently, of its desire for international collaboration and proposes to continue in those directions which respond to the need of the people and to postulate neighborliness in Europe, but feels the duty of declaring that in the eventual future negotiations she cannot simply accept as situations of fact those determined by unilateral decision which annul the undertakings of international character.

U. S. HAS SURPLUS OF GOLD TO SELL TO OTHER NATIONS

Morgenthau Says of Sale to Mexico That Treasury Would Consider Attractive Offers.

By the Associated Press.

WASHINGTON, March 21.—Secretary Morgenthau said today the Government was prepared to offer an attractive proposition to gold to foreign countries that may offer an attractive proposition.

Recent sales to the Bank of Mexico and to Guatemala, he said, cleared the way for similar negotiations with other countries. He emphasized that no other nations were being considered at the time.

He said that no conditions had been attached to transactions already consummated. In the case of Mexico, he said virtually all the sales of silver had been made to this country.

"We've got all the gold we can possibly use," Morgenthau added, indicating that the Government would make no further efforts to accumulate the metal.

The Secretary parried a question as to whether any prospective purchaser of gold had been turned down.

A comparatively tiny amount of the gold held by the Treasury—\$120,000 worth—was sold to Mexico yesterday to build up the monetary reserves of the Bank of Mexico. The amount was 32,000 ounces.

Officials said the United States had been buying large quantities of silver from the Bank of Mexico, which provides that the monetary base of the United States shall consist ultimately of 25 per cent silver and 75 per cent gold.

Along with news of the gold sale to Mexico, the Treasury gave out the first word that 10,000 ounces of gold had been sold to Guatemala last December.

World's Fair Revenue \$61,368,315

CHICAGO, March 21.—Sixty-one million dollars—\$61,368,315 to be exact—were spent in Chicago's Century of Progress Exposition. The financial report, which is not yet complete, shows that the bank disclosed that amount as the total revenue.

Dust Storm View of Kansas City's Union Station

CLOUDS of western dust blown into Kansas City yesterday—and St. Louis last night and today—reduced visibility there to less than two city blocks. Flyers reported the dust as high up as 15,000 feet. This is a camera shot at the Kansas City Union Station when the dust was thickest.

MAN KILLED BY TRAIN
SOON AFTER MARRIAGE

Henry Young, 34, of Venice, Is Hit on McKinley Bridge.

Henry Young, 34 years old, who was married last night at St. Charles to his brother's former sweetheart, was killed when run over by an Illinois Terminal System electric train on McKinley Bridge at 4:45 a. m. today.

Young, an unemployed foundry worker, resided at 1113 Douglas street, Venice, with his father and sister. Yesterday he drove to St. Louis with James Wollbrink, a roomer at the Young home. They met Wollbrink's niece, Miss Edna Berger, leaving Wollbrink at the Berger home, 2625 St. Louis avenue, Miss Berger and Young departed in Wollbrink's car. They picked up Miss Laverne Boschert, 12127 Monroe street, to whom Young's brother, Aloysius, was formerly attentive and drove to St. Charles, where Henry Young and Miss Boschert were married by Justice of the Peace Mahon.

Young and his bride and Miss Berger spent some time in a tavern on St. Louis avenue, then took the bride to her home. Later Wollbrink and Young drove to Venice. When they reached home Young and sister, Frances, who is employed in a St. Louis factory, upbraided him for failing to meet her at the street car station when she came home from work last evening. Henry wept because of the scolding and left the house shortly after 3 a. m. without saying where he intended to go.

According to the report of the train crew, Young was lying on the tracks near the center span of the bridge. He was dragged 60 feet by the locomotive, and was dead when the ambulance was called. An ambulance was called and the body taken to the Lahey mortuary in Madison, where it was identified by Wollbrink at noon today.

Wollbrink and Miss Young told a reporter that Aloysius Young, who no longer lives at home, formerly took Miss Boschert out, but that Henry Young said the young woman infrequently.

Says They Had Been Engaged. At the Boschert home Mrs. Boschert said her daughter was at work in a shoe factory today. She said she had asked her daughter to marry him a year ago, but that she had objected because he was unemployed. Recently Miss Boschert told her mother that she had promised to marry Henry Young on April 13, his thirty-fifth birthday, but subsequently reported that he had rejected that date, believing it would be unlucky.

O'FALLON FARMER KILLED WHEN AUTO RUNS INTO TRAIN

Oliver Kremer's Wife and Driver of Car Injured in Crossing Accident.

Oliver Kremer, 55-year-old farmer of O'Fallon, St. Charles County, was killed early today when the automobile in which he was riding struck the locomotive of a west-bound Wabash passenger train at a grade crossing in O'Fallon.

Kremer's wife, Theresa, was taken to St. Joseph's Hospital in St. Charles, suffering from skull and internal injuries. William Algemisson, driver of the car, suffered minor injuries.

The crossing is protected with a warning bell and signal lights.

Body Transported by Plane. Funeral services for Paul Swallow, 32 years old, of 5538 Riverside drive, who died of heart disease yesterday at City Hospital, will be held Saturday in Oakland City, Ind. The body was taken there today by airplane from the Curtis Airport under the direction of the Lahey undertaking establishment, Madison, Mo. Cost of transportation, including two passengers, was \$50.

SIX-MONTH WORKHOUSE TERM
FOR CARELESS DRIVING UPHELD

Negro Loses Appeal; Borrowed Car Injured Miss Martha K. Love in Collision.

Jesse Owens, Negro chauffeur, 335 South Fillmore avenue, Kirkwood, must serve six months in the workhouse as a result of a collision between a borrowed automobile he drove and a car driven by Miss Martha K. Love, 44 Westmoreland place, a former Veiled Prophet queen. The sentence, imposed by Police Judge Vest for careless driving, was sustained on appeal today by Judge Dickmann in Court of Criminal Correction.

The collision occurred Dec. 11 at Taylor avenue and Westminster place. Miss Love testified that the other car struck hers, throwing her through the right-hand door. Her right arm was broken in two places and the wrist nerve was injured. Her car stopped at the foot of the steps of the Wednesday Club. Owens testified that Miss Love's car swerved into his. Both drivers asserted they were running at moderate speeds.

Miss Love's father, Edward K. Love, a real estate dealer, told the court that Owens said to him several days after the accident: "I've learned my lesson; I won't drive fast again."

CHURCH COLLEGE TELLS
MISSION TO PAY RENT

Niedringhaus Memorial, Occupied Free by Lutherans, Is Bought by Central Wesleyan.

The old Niedringhaus Mission, 701 Cass avenue, built in 1839 and since occupied rent free by religious and charitable organizations, has been acquired as an investment by Central Wesleyan College of Warrenton, Mo., which has notified the present occupants, Lutheran City Mission Association, that the rent is to be \$100 a month, effective last Jan. 1.

The Rev. H. F. Gerecke, president of the mission association, said today that his organization was uncertain as to what it would do, as it is without funds to pay rent. The two-story brick building is now known as the Niedringhaus Memorial Church, with 85 regular communicants, and is also a social service center for the Lutheran Church in that district.

He said the college had placed a valuation of \$20,000 on the place, basing the rent demand on a rate of 6 per cent a year.

DRIVER FLEES AFTER ARREST

Officer Later Identifies Man as One Who Drove 70 Miles an Hour.

A motorist, who had driven at 70 miles an hour, according to Motorcycle Patrolman Eldred Hinch, and then refused to accompany Hinch to Carondelet Police Station last night, sped away when the officer parked his motorcycle preparatory to questioning the man.

Hinch arrested the driver at Broadway and Meramec street after a 12-block chase, and the latter obeyed directions to drive to the police station until he reached Holly Hills boulevard, where he stopped and refused to go on. Hinch was parking his motorcycle when the man drove away. Tracing the license number on the car, county officers later arrested a man, who was booked as E. D. Reynolds, living near Jefferson Barracks. He was identified by Hinch.

Illinois Publisher Dies.

By the Associated Press. MOUNT CARROLL, Ill., March 21.—Calvin M. Feezer, 78 years old, one of the most widely known newspaper men in Northern Illinois, died early today after an illness of several weeks. He was publisher of the Mount Carroll Mirror-Democrat. Until Mr. Feezer changed it to a weekly about a year ago, his paper boasted that Mount Carroll was the smallest city in the country to support a daily paper. Despite the paper's title, Feezer was a Republican.

MAYOR EXPECTED
TO TIGHTEN HOLD
UPON ALDERMEN

With Election of 15 Democrats Anticipated, Those Who Have Been Lukewarm May Be Demoted.

Anticipating the election of Democrats to the 15 places in the Board of Aldermen to be filled April 2, city officials and politicians have started speculating over the prospect that Mayor Dickmann will gain definite working control in the legislative body.

As the Mayor's slate for Democratic nominations for the board was entirely successful, some Democratic Aldermen, who have been in office for the last two years but who have not always been friendly with the Mayor or observant of his legislative wishes, have conceded that they may lose the power they have exercised in the board.

The 15 members to be elected, including the aldermanic president and 14 Aldermen from the even-numbered wards, will constitute the majority of the board. Heretofore during Dickmann's terms only two of these places have been held by Democrats. The 14 Aldermen from the odd-numbered wards, all Democrats, have been in office since Dickmann, a Democrat, was elected two years ago. With the Democrats controlling the board, 16 to 13, the Mayor's hold at times has been precarious, when a few of the members of his own party were in defection.

Efforts to settle, out of court, the suit of the Rev. Charles H. Hartmann and his sister, Miss Catherine P. Hartmann, against their brother, the Rev. Emil C. Hartmann, for possession of St. Louis Truth Center, 4030 Lindell boulevard, continued today. The lawyers yesterday halted the taking of testimony before Circuit Judge O'Malley, while Charles Hartmann was in the midst of cross-examination.

The lawyers were unable to say today whether an agreement would be reached, but because of the continuing effort toward an agreement, the case was laid over until tomorrow.

William L. Mason, the nominee for aldermanic president, was brought into the race by the Mayor and a group of party leaders friendly to Dickmann. Indications at City Hall were that powers would be restored to the president when the reorganization may be effected. Republican politicians have been dubious over their prospect of success and have not undertaken an active campaign, with the election less than two weeks off.

City Hall leaders have concluded that there will be no doubt of the Mayor's authority in the Board of Aldermen if the Democrats are elected. He has made it clear that he desired to put men in charge in whom he had complete confidence.

For the last year Alderman Collins has been vice-president as well as chairman of the Public Welfare Committee. While he may be permitted to retain the chairmanship, it was regarded as certain he would be deposed as vice-president. He has been in harmony with the Mayor on some matters, but favored overriding some of the Mayor's vetoes, and he was not counted on as a definite ally of Dickmann. There has been no talk as to who may be made vice-president.

Alderman Lietchen, chairman of the important Ways and Means Committee, which handles the budget and other important fiscal matters, was also expected to be deposed. He said jokingly that he might be made chairman of the Engrossed and Enrolled Bills Committee or the Resolutions Committee, both of minor importance. Alderman Hasty was expected to be dropped as chairman of the Public Utilities Committee. He made an unsuccessful effort to put through a tax on private power plants, which was attacked as tending to help the business of Union Electric Light & Power Co.

Doubt About Others. It has not developed whether Aldermen Gummels, Petersen, O'Toole and Scott will be demoted from the chairmanships of the Streets, Legislation, Public Safety and Natural Gas committees, respectively. While Scott might keep the leadership of the natural gas group, it was believed the remainder of the personnel would be largely changed, including elimination of Lietchen and Hasty.

There have been indications that Walter H. Toberman, nominee in the Fourteenth Ward, the Mayor's ward, might be made head of the Ways and Means Committee if elected.

Identified as 'Baby Face' Nelson's Pal

JOHN PAUL CHASE (Left) CONFERRING with his lawyer in United States District Court in Chicago.

ed and Alderman Pahl of the Twenty-fourth might be put in charge of the Public Utilities Committee. Others who might be given chairmanships are: Charles O'Connor, Sixteenth Ward nominee; L. E. Couplin, District Assessor and Twenty-sixth Ward nominee; Alderman Terry of the Twenty-fifth and Bernard J. Fitzsimmons, Eighth Ward nominee and now clerk of the board.

Behind Bars 35 Years OUT OF 67, GETS 5 MORE

Harry McNeal Pleads Guilty of Burglary and Striking Woman on Head.

Harry McNeal, who has spent 35 of his 67 years in prison, was ordered sent back to the penitentiary for five more years by Circuit Judge Williams today when he pleaded guilty of assault to kill, burglary and larceny.

He was charged, as an habitual criminal, with hitting Mrs. Mary Roseman on the head last Jan. 29 when she surprised him in a shed in back of her home at 3022 St. Ferdinand avenue. Her statement that she had left the shed door latched resulted in the burglary and larceny charge.

In response to questions by the Court about his criminal record, McNeal gave the information that he had spent more than half of his life in prison. Records showed he had been convicted previously of murder, grand larceny, robbery and carrying a concealed weapon.

Mrs. Roseman, 58 years old, told police she thought the instrument he used in striking her was a hammer. After hitting her, he jumped on a wagon and drove away. Police traced the name on the wagon, furnished by a witness, and arrested him. He said he lived at 1904 Delmar boulevard.

Judge Williams sentenced him to five years in prison on each of the two charges, the sentences to run concurrently.

Suicide Note, but No Body Found.

A suicide note, found tied to a tree beside a lake in Forest Park yesterday afternoon, caused police to drag the lake bottom in a futile search for a body. Equipment on the new emergency police truck was used. The note, written on a cigarette wrapper and signed "The Forgotten One," explained that the writer was homeless, penniless and unemployed.

TWIN SWEATER Sets are Spring's most popular sports-wear ensembles!

Two sweaters, made of the blended fibers of soft, virgin wool and mohair... one a crew neck slipover, the other a V-neck coat with talon fastener! Gray, tan, brown, powder blue!

PRIEST SAYS OUTLAWS
SOUGHT AID FROM HIM

Identifies Defendant as Man With Nelson and Wife Night U. S. Agents Were Killed.

By the Associated Press. CHICAGO, March 21.—The Rev. P. W. Coughlin, testifying yesterday, identified John Paul Chase as the man he saw with George (Baby Face) Nelson a few hours after Nelson and two Federal agents had been mortally wounded in a fight at suburban Barrington.

The Canute (Ok.) priest, a witness in Chase's trial for the murder of Inspector Samuel P. Cowley, gave the first account of how Chase and Mrs. Nelson took the wounded outlaw to him in the hope of obtaining aid.

Father Coughlin said he was playing solitaire in the library of the Wilmette home of his sister Nov. 27, the night Cowley and Agent Herman E. Hollis were killed. "The door bell rang," he testified. "I opened the door and there was Mrs. James Williams, a former friend of mine from Michigan City." He subsequently learned that Mrs. Williams was Mrs. Helen Gillis, wife of Nelson.

He continued: "She said, 'Father, come outside. My husband has been shot and is dying.'"

Father Coughlin said he went out to the garage and saw Nelson sprawled in the back seat of an automobile. Mrs. Nelson introduced her other companions as Ed Burns. The defendant, Chase, stood up in the courtroom and the witness identified him as Burns.

"Mrs. Nelson begged me to take Nelson into the house," he said. "I refused to do so. I got into my car and told them to follow me down the road. They followed me to Skokie boulevard. In the rear-view mirror I saw them turn off. Then I drove back to my sister's home and called the Government agents."

Harold W. Prince, Chicago automobile salesman, testified that his automobile had been stolen the night before, and that Nelson, Chase and the Gillis woman were driving it when Federal agents closed in on them the next afternoon.

AUTO HITS BOY ON BICYCLE, CRASHES INTO FIRE CALL BOX

Robert Toelle, 14, and Mrs. Ruth Berthold, Driver of Car, Are Injured.

Robert Toelle, 14 years old, son of Mr. and Mrs. Henry Toelle, 5928 Dressel avenue, suffered torn ligaments on one side, fractured ribs and injuries to his back when he was struck by an automobile yesterday while riding his bicycle at Natural Bridge and Goodfellow avenues.

After striking the boy, the automobile, which was driven by Mrs. Ruth Berthold, 35, 6338 Lena avenue, West Walnut Manor, crashed into a fire alarm box at the corner. She suffered injuries to her abdomen, scalp lacerations and shock. Both were taken to their homes.

Scalp Troubles Stop... when this Man Starts

Fourteen local scalp disorders (which respond to proper treatment) are responsible for 90% of all cases of baldness. Consult a Thomas scalp expert today and let him determine exactly which of these disorders are attacking your hair-growing structure. A Thomas expert knows the symptoms of the 14 local causes of baldness and knows specifically how each should be treated. He knows how to help overcome the various types of dandruff, abnormal hair-fall, and how to stimulate the inactive sources of hair growth.

Thomas experts never charge for consultation, advice, or scalp examination. Go to a Thomas office today for a free scalp examination, and learn the truth about your scalp. Fifteen minutes spent today for consultation with a Thomas expert may result in saving you fifteen years of worry over hair and scalp troubles—and may help you to avoid baldness.

SISTERS BEATEN

HELEN KUHLE (at top) and her sister, EDITH.

TWO SISTERS SLASHED
AND BEATEN IN BED

Police Investigating Unexplained Attack on Girls at Pacific Junction, Ia.

GLENWOOD, Ia., March 21.—Mills County officers were assisted by Omaha police today in the search for the assailant of two sisters found in their beds in their home at Pacific Junction last night slashed and beaten.

The eldest of the girls, Edith Kuhl, 17 years old, is critically injured in Mercy Hospital in Council Bluffs, while Helen Kuhl, 14, is in a serious condition.

Questioning of Clarence Price, 45 years old, who reported the attack, failed to throw any light on the crime. Price, who lived at the home of Mrs. Rita Graham, where the girls resided while they were going to school in Pacific Junction, was alone in the house with the girls.

Sheriff W. D. Demoss and Detective Capt. Fritz Franks of Omaha said Price denied having anything to do with the crime.

Investigation disclosed that a bedroom window in the girls' room had been broken, apparently from the outside, and that the screen had been slashed.

A pistol said to have been given to Price by the girls' father a week ago as protection against prowlers, was found in the hall near the girls' room. One cartridge had been discharged.

Lennox Hotel Firm Files PLEA FOR REORGANIZATION

It Contemplates Exchange of Old Bonds for New Ones, Paying Interest as Earned.

A debtors' petition for reorganization of the Heiss Hotel Co., which operates the Lennox Hotel at Ninth street and Washington avenue, was filed today in Federal Court, with the proposed reorganization plan.

A reorganization plan, reducing the fixed charges on the company's bonded indebtedness, was submitted three years ago, but no action was taken and the company, in its petition filed today, said that plan had been proved impractical by the experience of the past two years, as the company would have defaulted again if it had been operative.

There are \$1,475,000 of first mortgage bonds outstanding which have been in default since May 1, 1932, and there is a second mortgage of \$237,600, which has been in default since Dec. 31, 1930. Other liabilities of the company include accounts payable totaling \$43,457, and general taxes for 1933 and 1934 totaling \$47,579.

Assets as listed in the petition were: Cash and accounts receivable, \$14,430; inventory of merchandise, \$23,195; cash value of life insurance, \$14,103, and the hotel and its equipment, \$2,350,460.

MAINE HOUSE PASSES BILL FOR VOTE ON STATE LOTTERY

Measure Provides 55 Per Cent of Proceeds Be Used for Old-Age Pensions.

By the Associated Press.

AUGUSTA, Me., March 21.—The House of Representatives voted, 74 to 71, today for a State lottery to provide funds for old-age pensions.

The bill, directing that 10 per cent of lottery proceeds be used for administrative costs, 35 per cent for prizes and 55 per cent for pensions, provides for a referendum. It goes to the Senate.

FOUR YOUTHS WHO KIDNAPED,
ATTACKED WOMAN GET LIFE

Judge in Sentencing Four Young Mexicans at Los Angeles Bars Possibility of Parole.

By the Associated Press.

LOS ANGELES, Cal., March 21.—Four Mexican youths, convicted recently on charges of kidnaping and attacking Mrs. Leota Vogel, young beauty shop operator, were sentenced yesterday by Superior Court Judge Fletcher Bowron to prison for life without possibility of parole.

The defendants are Celilio Leon, Ramon Raucha and Ramon Pen, all 18, and Ernest Ramirez, 21. They were convicted of kidnaping the young woman last Dec. 10 as she was walking with her escort, who was beaten and robbed.

PREVAILING WAGE FOR RELIEF

Vermilion County, Ill., Resumes Policy Abandoned Last Fall.

DANVILLE, Ill., March 21.—The Vermilion County Emergency Relief Committee has ordered all work relief projects paid at the prevailing wage rates of the sponsors. The prevailing wage basis of pay was abandoned here last September and a 40-cent-an-hour blanket

county wide rate substituted as a concession to end a work relief strike.

Child Trips and Falls, Is Hurt. Dorothy McKee, 8 years old, 2303 South Third street, suffered a skull injury when she tripped and fell while playing on the sidewalk in front of her home last night.

IT'S HERE... THE GREATEST IMPROVEMENT
SINCE THE FIRST PAIR OF LEATHER SHOES

AIR-STEP

SHOES FOR WOMEN

SO BUOYANT...
SIDEWALKS FEEL LIKE SOFT CARPETS

The new Air-Step Shoes, as beautiful as any style-minded woman could wish... as slender as the Silver Streak Zephyr... as modern as the new streamlined automobiles... as comfortable as a glove. Give yourself the biggest treat you've ever had—buy a pair of Air-Step Fashion Right Shoes now—choose from gracefully slim and airy patterns—permit your feet to sink into cushions of comfort that give every step the feel of treading on a soft carpet. Walk in them, work in them, play in them, you'll find them easy on the eyes, easy on the feet, easy on the pocketbook! We've sketched just 4 of the new Air-Step Fashions which include Oxford Ties, Straps and Pumps for street and afternoon wear. In Blue, Black, Brown and White Kid in all sizes and widths.

A cellular filler becomes a cushion of comfort. Extends to the edge, where it is most needed. The tiny air pockets in this filler material not only cushion the foot, but insulate against heat, cold and moisture. This filler can not "creep" as it is stitched and cemented all around to both outer and inner sole.

SENATE GROUP APPROVES BILL FOR CITY DRIVERS' LICENSE

Reports Out Measure Which Would Enable St. Louis to Pass Its Own Regulation Law.

Special to the Post-Dispatch.
JEFFERSON CITY, March 21.—The Senate Roads and Highways Committee has reported favorably the bill which would permit the city of St. Louis to adopt its own automobile drivers' license. By its action the committee indicated that both bills to create a state-wide drivers' license are now dead, although it took no action on the bills.

The bill to permit a St. Louis license was introduced at the request of Mayor Dickmann, who said he believed it "is the best St. Louis can get." It would permit the city to require an examination of all applicants and to charge a fee. Mayor Dickmann has indicated that he would seek to have all the St. Louis County municipalities adopt a law similar to one which the city might set up and thus make a drivers' license law operative over the entire metropolitan area. He said he did not yet know what sort of a law St. Louis might enact.

If the bill passes the Senate it is conceded a good chance in the House, which has already passed a state-wide drivers' license bill.

CITIZENS' PATROL OF 10,000 TO SPOT TRAFFIC OFFENSES

This Is Mayor Dickmann's Plan for Detection and Prosecution of Auto Law Violators.

TWO POLICE JUDGES PROMISE TO HELP

Vest and Simpson Introduced 347 Cases Disposed of in Week Without Open Hearings.

Plans for the formation of a citizens' patrol of 10,000 persons to report traffic violations and aid in prosecution of the offenders were announced by Mayor Dickmann yesterday afternoon to representatives of civic, fraternal and business organizations who met at the Municipal Auditorium.

The 350 who attended heard promises from city officials that there would be no more "fixing" of traffic cases, no more private hearings in the chambers of the Police Judges, and that serious traffic offenses would be prosecuted with more vigor.

Police Judges Promise to Help. Police Court Judges Vest and Simpson, City Counselor Hay, Director of Streets and Sewers McDevitt and other heads of city departments spoke briefly, promising their co-operation in the Mayor's campaign to reduce traffic accidents. Judges Vest and Simpson were introduced after the Mayor had mentioned that last week 347 police court cases were disposed of without hearings in open court.

Judge Vest said he was glad that the Mayor and all the other city officials were to co-operate with him and Judge Simpson, whose desire it had been, he said, to reduce traffic accidents. He repeated the statements given in interviews that there had been no fixing of cases in his courtroom, that all were heard on their merits, either in chambers or in open court.

Judge Simpson pledged his co-operation in the plan, but suggested that pedestrians as well as motorists were responsible for accidents. He said it was not his intention to be unduly severe in cases of minor violations, and said he thought a first offender convicted of speeding 40 miles an hour should not have to go to the workhouse.

Circuit Attorney Miller told of his plan to prosecute those charged with leaving the scene of an accident and drunken driving. Such offenders, when prosecuted in the State courts, may be sentenced to the penitentiary. Miller said it was his intention to prosecute persons charged with driving while intoxicated even though they had not been involved in an accident.

Telling of his plan to organize the Citizens' Patrol, Mayor Dickmann said he thought it was not asking too much to insist that a private citizen, knowing of a traffic violation, should come forward and assist in the administration of the law by telling about it.

The Mayor said members of the Patrol would be supplied with official report cards on which to prepare their accounts of traffic violations, giving the details sufficient to make out a case against the violator.

About 10 years ago the Safety Council organized a group of several hundred Traffic Vigilantes to report on violations of traffic ordinances which they observed. Motorists complained of the officious tactics of some of these and as a result of complaints identification cards, which the Police Department had issued to the members, were recalled.

After the meeting yesterday automobile stickers bearing the slogan "Help Mayor Dickmann's Safety Campaign" were passed out along with a summary of Director of Streets and Sewers McDevitt's report of traffic accidents last year in St. Louis, which showed 170 killed and 5799 injured.

A 50 per cent increase in fines collected by the Traffic Bureau and the Police Courts during January and February of the year, as compared with those months last year, is shown in figures obtained from the clerk of the courts. Collections totaled \$10,390 in those two months this year and \$6906 last year.

After the first quarter of last year, when the figures showed a pronounced drop in fines collected, as compared with previous periods, Mayor Dickmann asked the Police Judges to explain. They attributed the decline to leniency shown to first offenders.

Beginning today, 32 city firemen will visit motion picture theaters to give short talks on safety. Volunteer speakers will go into the classrooms of the schools starting Monday for talks on safety.

DUST STORM PASSES ST. LOUIS, MOVES EAST

Spreading Toward Northern
Atlantic Seaboard—City
on Southern Fringe.

The dust storm from the western
plains which struck St. Louis last
night with choking clouds of fine
silt, and left the air murky with
myriad particles of the wheat coun-
try's topsoil, was moving toward
the Northern Atlantic seaboard this
morning.

From St. Louis to the Great
Lakes and from the Rocky to the
Appalachian mountains the air in
the wake of one of the most se-
vere storms of the kind in recent
history was filled with the particles
to an altitude reported by airplane
pilots to be in excess of 15,000 feet.

Weather Forecaster Nunn said
this morning that the heaviest por-
tion of the dust storm passed to the
north of St. Louis, carried by a low
pressure area which this morning
was over Southern Ontario, headed
toward the Atlantic by way of the
St. Lawrence Valley.

But on the southern edge of the
"low," he continued, were west
and northwest winds which car-
ried the dust over a wide area.
The storm reached St. Louis at 10
o'clock last night. About mid-
night the wind died down and the
dust was partially deposited. Fore-
caster Nunn estimated that the de-
posit in general was about the
thickness of a piece of tissue pa-
per. This morning, he said, there
was still more dust than normal
in the air.

Weather reports to the local bu-
reau this morning noted heavy dust
and little or no visibility as far east
as Western Pennsylvania, while in
the Southwest, particularly Okla-
homa and Southern Kansas, swirl-
ing winds continued to keep the air
murky.

Airplane schedules here were dis-
rupted yesterday by the distur-
bance, because the dust to the west
had cut ceiling and visibility to
zero. Three Transcontinental and
Western Air planes, bound west
from Chicago, New York and Kan-
sas City, were held at the Municipal
Airport overnight and took off this
morning as weather reports from
the West indicated that visibility
had improved markedly.

City Escapes Worse Part.
As far as St. Louis was con-
cerned, Forecaster Nunn said he
doubted whether the storm was any
more severe than the previous one
last May 10. From points west and
northwest of St. Louis, however,
came reports that it was the most
severe disturbance of the kind yet
encountered.

Weather Bureau officials ex-
plained that it was due to the com-
bination of high winds in the area
from Northern New Mexico to Wy-
oming and to lack of rains, which
left the top soil dry and permitted
the wind to scour it off. A com-
paratively light burden of dust was
carried in the air over St. Louis all
day yesterday and more than a
normal dust content was reported
this morning as far east as Wash-
ington.

In the western section of the af-
fected area, particularly in Wy-
oming, dust was reported to have
drifted so heavily as to cover
fences. Early wheat, not sufficient-
ly rooted yet to bind the soil, was
blown away. In Oklahoma H. G.
Duncan, State statistician, estimat-
ed that the storm and freezing
weather which preceded it had cut
down the anticipated early wheat
crop by 25 per cent and estimated
a loss on wheat harvest prices, of
\$10,000,000 for the State. Nebraska
experts said that the disturbances
of the past five days would neces-
sitate a virtually complete reseed-
ing of the wheat crop.

Government experts pointed out
that the area most affected by the
storm was the one which had been
most severely damaged by the
drought of 1934. Rains since the
drought have generally been below
normal in the area.

Traffic Crippled.
Through Western Missouri and
the entire State of Kansas, high-
way traffic was crippled yesterday
while the storm was at its height.
Automobiles proceeded slowly, with
headlights burning. Railroads sta-
tioned watchmen with lanterns at
normally unguarded grade cross-
ings to flag down motor traffic on
the approach of trains. Many
freight trains were sent into sid-
ings to wait for better visibility,
but passenger runs in general con-
tinued with only slight delays in
schedules.

In Iowa and Central Illinois the
storm was preceded by winds aver-
aging 40 to 50 miles an hour, with
rain and hail. In this area the dust
settled heavily during the night,
but the air was still carrying a
heavy burden of particles today.

CAPT. HERMAN KOEHL TO BE FLYING AID TO MISSIONARIES

Man Who Flew From Europe to U.
S. Gets Pope's Blessing Be-
fore Going to Africa.

VATICAN CITY, March 21.—
Capt. Herman Koehl, who with
Commander James Fitzmaurice
aboard the plane "Bremen," was
the first to fly from Europe to
America, was given a special bless-
ing by Pope Pius yesterday upon
the beginning of his career as an
aerial assistant to missionaries.

Capt. Koehl will leave shortly for
South Africa, where he will spend
a year as an inspector for the
Mission Travel Society, which pro-
vides missionaries with means of
transportation. The society was
founded in Germany by "the fly-
ing pastor," Father Schulte, who
spent six years in the United
States. After the audience with the
Pope, Capt. Koehl said he had not
become a member of a religious
order, but nevertheless intends to
devote himself to bettering mis-
sionaries means of travel.

COUNTY DEATH RATE SURVEY

A survey of the cause of death during the last 13 years in St. Louis County disclosed that tuberculosis has been second in the number of deaths among white persons and led in Negro deaths, according to announcement yesterday by the Tuberculosis and Health Society of St. Louis.

Of the 21,294 death certificates in 10 districts of the county, 14 per cent reported tuberculosis deaths among the white population and 30 per cent tuberculosis deaths were recorded among Negroes. A total of 3755 tuberculosis deaths occurred during the 13 years, the survey showed.

WILLIAM BOYD, ACTOR,
DIES IN HOLLYWOOD

Sergeant Quirt of Stage Play, 'What Price Glory?'—Not Blond Bill Boyd.

By the Associated Press.
HOLLYWOOD, Cal., March 21.—William Boyd, once the leading man of the legitimate stage for Maude Adams, Mrs. Fiske and Ethel Barrymore, who later became a star in the movies, died last night in Hollywood Hospital, from gastric hemorrhages developing from an intestinal ailment. He was 45 years old.

In the movies he was sometimes confused with blond William Boyd of the movies. Sometimes for purposes of identification he was referred to as William (Stage) Boyd. Finally the two actors reached a friendly agreement and the blond Boyd became known as Bill Boyd, the other as William.

Born in New York, Boyd's first stage appearance was made when he was 16 months old. He was carried on stage and immediately jumped another actor's "cue" with a sudden decision to howl.

One of his best-known roles was that of Sergeant Quirt in the stage show of "What Price Glory?" His most recent appearance was a minor bit in the movie "Trans-Atlantic Merry-Go-Round."

In sound pictures Boyd played with Gary Cooper in "The Spoilers," was the opponent of George Bancroft in "Derelict," and a gunman in a Jack Oakie picture, "The Gang Buster." Other movie appearances were in "The Benson Murder Case," "Murder by the Clock," "The Road to Reno," and "City Streets."

EXTRA DIRECTORS NOMINATED FOR LACLEDE POWER & LIGHT

Election Subject to Approval by Stockholders of Increase in Present

Nomination of four men representing banking interests as additional directors of the Laclede Power & Light Co. was made today at the annual meeting of holders of voting trust certificates representing stock of the company. The nominations are subject to approval by stockholders of a proposal to amend the company's charter to enable an increase in the present number of five directors.

Those nominated are: Charles G. Adair and E. R. Monroe, both of Des Moines, Ia.; M. E. Peiwell, Chicago, and A. L. Jackson of New York.

The Laclede Power & Light Co. is controlled by Utilities Power & Light Corporation, which also controls Laclede Gas Light Co., Utilities Power & Light is the Harley L. Clarke holding company which recently came under control of the Reconstruction Finance Corporation through the election of a majority of Public Utility Securities Corporation, which has stock control of Utilities Power & Light.

Four of five directors of Laclede Power & Light were nominated for re-election. J. N. Canavan of Chicago, an executive of Utilities Power & Light, was nominated to succeed W. A. Horner of Peiwell, Chicago, and E. L. White of St. Louis, H. L. Clarke of Chicago and H. T. Pritchard of New York.

NO JEWS IN NAZIS' NEW ARMY

Cabinet Officer Says They Will Not Be Drafted Into Service.

By the Associated Press.
BERLIN, March 21.—Jews will not be drafted into Germany's reorganized army, a high Cabinet official said yesterday.

"We are absolutely carrying on our regular policy," he said, "and just as we do not expect the Jew to have citizenship privileges so also, of course, we do not expect him to shoulder the duties of defending the fatherland. This is not a new policy."

WRITER ON ADVERTISING DIES

George French, 82, Once Business Manager of New York Journal.

By the Associated Press.
MONTREAL, March 21.—George French, 82 years old, one of the founders of the New York Advertising Club and the American Advertising Federation, died here yesterday after a short illness.

Born at North Clarendon, Vt., he started working for country newspapers at an early age. He joined the staff of a Boston newspaper, later working in Duluth, Minn., and Providence, R. I., before going to New York, where he was business manager of the New York Journal. Leaving the newspaper field, he edited the Advertising News of Boston. Later he taught advertising at New York University. He was the author of 10 books on advertising and print.

HULL OF WISCONSIN OPPOSES
TRADE TREATY WITH CANADAWASHINGTON, March 21.—Rep-
resentative Hull (Progressive), Wis-
consin, appeared before the Presi-
dent's Trade Reciprocity Committee
yesterday and criticized negotia-
tions for a trade agreement with
Canada. He told the committee he
understood the information it was
gathered was to be used in a
"darkened room behind closed
doors" and declared nobody could
find out who comprised the negoti-
ating committee.Hull appeared with two other
Wisconsin Progressives, Represen-
tatives Gehrmann and Withrow,
and said he was speaking in behalf
of the entire Wisconsin Progress-
ive delegation."Our farmers are selling far be-
low the cost of production," he said.
"With present tariff rates insuffi-
cient, it is now proposed to turn
our dairy markets over to New Zea-
land, Lithuania and Australia by
repeal.slicing off 50 per cent more."
Imports from Canada of
barley and malt, Hull said, have de-
prived Wisconsin of a market they
were promised under prohibition
repeal.In line to be Premier of Belgium.
By the Associated Press.
BRUSSELS, March 21.—Paul Van
Zeeland, member of the Catholic
party and personal friend and tech-
nical counselor of King Leopold, is
expected to be asked to form a cab-
inet to succeed the one headed by
Georges Theunis, which resigned.
Van Zeeland is vice-governor of the
National Bank. He frequently has
lectured in the United States.

JOHNSON ON RADIO MARCH 30
"To Correct Misstatements by Long and Father Coughlin."
By the Associated Press.
WASHINGTON, March 21.—Gen. Hugh S. Johnson, disavowing any intention "to deal further in personalities," will take to the radio again on Saturday, March 30. He said he would "correct misstatements made by Senator Long and Father Coughlin" and "discuss certain of their theories."
"It is my hope," he added, "that this broadcast will definitely conclude this controversy as far as I am responsible for its continuance." The broadcast, over a National Broadcasting Co. network, will be from 9:30 to 10 p. m., St. Louis time.

YELLOW POINSETTIA FOR SHAW'S GARDEN

Rare Plant Found by Dr. Moore and George Pring in Panama.

A poinsettia plant that produces an entire yellow flower instead of the familiar scarlet, pink or white, was discovered by Dr. George T. Moore, director of Shaw's Garden, and Superintendent George Pring during their recent trip to Panama. It was found in bloom near the Garden's tropical station at Balboa. Dr. Moore said he did not know of any yellow poinsettia in the United States. The plants on the one found were as yellow as forsythia blossoms.

The plant was taken up from its jungle surroundings with great care and planted in the station grounds. It will be shipped to St. Louis and added to the Garden collection of rare plants.

Previous Effort Failed.
For several years the Garden has been attempting to get a yellow poinsettia, since reports of one near Mexico City, D. E., were received at the Garden. Extensive inquiries were made and finally the supposed yellow poinsettia was located. Through a Mexico City man arrangements were made to take cuttings from the plant to be sent to the Garden. They arrived about nine months ago, but all died except one, which proved to be a poor white when it bloomed.

The bracts of the poinsettia really are part of the foliage of the plant and not the flower, which forms a small yellow cluster in the center of the bracts. But it is the scarlet, pink or white bracts, which make the plant a characteristic Christmas decoration. They often are called the "Mexican Flame Flower."

The first pink poinsettia is regarded among floriculturists as one of the red variety. Sometimes pink and red bracts appear on the same plant. Attempts will be made at the Garden to propagate the new yellow to obtain a collection of the plants.

NATIONAL DAIRY SHOW TO BE HELD AT ARENA

Exposition Was Discontinued in 1931 Because of General Business Conditions.

The National Dairy Show, held at the Arena in 1929, 1930 and 1931 and discontinued since then because of general business conditions, will be held at the Arena again this year. It was announced yesterday by Thomas N. Dyart, president of the St. Louis Chamber of Commerce.

The International Association of Milk Dealers, the International Association of Ice Cream Manufacturers and the Dairy and Ice Cream Supplies Manufacturers Association will meet at the same time, Charles F. Hatfield, secretary and general manager of the St. Louis Convention, Publicity and Tourist Bureau, announced.

The dairy show and the other conventions will be held in conjunction with the St. Louis National Horse Show, probably the week of Oct. 14, although the date has not been settled.

SIX SEIZED AT CHICAGO IN LOTTERY TICKET RAID

Large Store of Supplies Taken—Two Women Among Those Arrested.

By the Associated Press.
CHICAGO, March 21.—Four men and two women were arrested and several hundred thousand lottery tickets were seized yesterday in a raid led by Capt. Martin Mullen of the gambling detail on a flat.

The action, police said, was on a warrant issued following the arrest Tuesday night of Richard E. Lazarus, of Peoria, Ill., when he tried to interest a hotel clerk in selling a few books of tickets. Lazarus, Capt. Mullen said, disclosed the whereabouts of the supply.

Capt. Mullen said the tickets were for nearly every major sweepstakes to be drawn this spring, and lotteries on baseball, Treasury figures, bank clearings and the weather in St. Louis.

Caesarean Operation After Shooting.

By the Associated Press.
CLEVELAND, O., March 21.—Mrs. Marie Pular, 23 years old, shot in the abdomen last night, is expected to recover because the bullet lodged in the head and killed her unborn child, physicians at Lakeside Hospital said. Mrs. Pular was wounded when a revolver in the hands of a visitor at her home was accidentally discharged. A Caesarean operation was performed after a blood transfusion for which Pular gave a pint and a half of blood. The visitor, police said, left the house while Pular was taking his wife to the hospital.

\$60,000 MORE FOR CREDITORS OF VANDEVENTER NATIONAL

Fifth Allotment Announced by Receiver Will Bring Total to 82 Per Cent.
A fifth payment of 6 per cent, about \$60,000, to depositors and other general creditors of the Vandeventer National Bank has been authorized by the Comptroller of the Currency, John W. Snyder, receiver of the bank, announced today. This payment will bring the total distribution so far to 82 per cent, or \$823,189. The bank was closed Jan. 4, 1932.

Held in Poisonous Fish Bone Plot.

By the Associated Press.
PORT OF SPAIN, Trinidad, March 21.—Ribo Mason, a fisherman, accused of putting poisonous fin bones of Trinidad's "devil fish" in a girl's bed, has been committed for trial in Supreme Court. Olive Edwards testified that a neighbor's warning had saved her from lying on the bones.

CHICAGO HOLDUP MURDERER DIES IN THE ELECTRIC CHAIR

Chester Novak Apparently Still Living After Three Shocks, Gets Two More.

By the Associated Press.
CHICAGO, March 21.—Chester Novak, 30-year-old convicted murderer, was electrocuted at the county jail early today. Novak apparently was still alive after three charges and two more were applied before he was pronounced dead at 12:12 a. m. He was executed for the murder of Henry Mendelbaum, who was shot to death during a robbery.

Novak listened to jazz music over a radio in his cell and played pinocle with three guards "before he went to the chair. He rejected the attentions of a priest and the jail chaplain.

His companion in crime, George Gross, was sentenced to 99 years in prison.

BUDWEISERS BOWL 3602 TOTAL, RECORD SCORE FOR SEASON

263 GAME IN FINAL ANOTHER NEW MARK; 300 FOR BRUNSMANN

The Budweiser team, which is way at the head of the pack in the final game of the season, today set a new record for the 1934-35 season by scoring 3602 points in the 263rd game of the season.

The team, which is led by Harry Frederic, who today scored 300 points, is the only team in the league to have scored over 300 points in a single game. The team's record for the season is 1181, 1158 and 3602.

Final Games in Church Tourney On Card Tonight

The final games of the church tourney will be played tonight at the St. Louis church. The games will be between the St. Louis team and the St. Louis team. The games will be between the St. Louis team and the St. Louis team.

3500 SPECTATORS AT MORNING SESSION OF BASKET TOURNAMENT

The morning session of the basketball tournament drew a crowd of 3500 spectators. The games were played between the St. Louis team and the St. Louis team.

DOWNTOWN Y.M.C.A. SWIM TEAM DEFEATS Y.M.H.A.

The Downtown Y.M.C.A. swim team defeated the Y.M.H.A. team in a swimming match. The team scored 45 points, while the Y.M.H.A. team scored 30 points.

One for Ripley. Believe it or not, Oklahoma has a Congressman named Gassaway.

The owner's idea of a prosperous season is based on the gate. But the nine-run customer will tell you that his idea of a banner season is winning the pennant.

Of course, the dough follows the flag but from a grandstand point of view, that is merely an incidental.

The T. of W. The friends of Imp put up a howl. And loudly raised the cry of "foul!" But someone's bound to come to grief.

When Greek meets Greek or ham meets beef. "Well," said the big shot of the underworld, as he oiled up the old typewriter, "what say we got out and shoot a few short pigeons?"

What! No Elevator? Every time the puffing and perspiring scribe lights in his aerie under the eaves of the grandstand at Sportsman's Park to keep a pal-

pitating public posted on what is going forward on the ball field, he is reminded of a certain pitcher now with the Browns. His name is Walkup.

Turn-around batters are no novelty but the number of turn-around pitchers could be counted on the hand of the guy who had both hands cut off in a saw-mill.

Smedley D. Butler in his new book says "to hell with war." Indicating that Sherman was right.

Believe it or not, George Caster is a pitcher on the Athletics. His job is to put the rollers under the opposition.

Wallace Moses is an outfielder on the same team. He is a 316 hitter, according to the Mosaic law of averages.

The guardian of what is sometimes called by the trade "the initial sack" is a gent named Hooks. If the pitchers don't get a line on him, he ought to pole out a good many bingles of assorted sizes.

It is said that Jimmy Dykes has the White Sox all hopped up with that old college spirit. Well, that outfit could do with a quartet of leather-lunged cheer leaders who can cheer even when there is nothing to cheer about.

Ed Barrow is said to be kicking himself all over the lot for tossing in Bill Werber as a lighthearted Ben Dodge Pipras to the Red Sox for \$50,000. Just one of those "hoots" that even master minds make ever so often.

Some funny things happen in baseball. The Yankees paid the Boston Red Sox \$100,000 for Babe Ruth and then gave him to the Boston Braves for nothing.

Speaking of Babe Ruth, see where the Bam tripped over his waistline.

ACCURACY CONTESTS FOR WESLEY HOUSE TEAMS IN BASKETBALL AND SOCCER

An accuracy contest in basketball shooting and another in soccer will conclude these sport activities for the Wesley House midget and junior divisions teams.

The basketball competition will start this afternoon, with contestants shooting long and short shots, dribbling in shots, free throws and basketball golf. Each player has 10 shots in each event, except basketball golf, where he has nine.

The soccer tests will begin March 25, with the players aiming at targets marked off in the goal, trying for accuracy in corner kicks, passing for distance and dribbling through obstacles. A team championship will be awarded to the club scoring the most points in both competitions.

NEW YORK GIRLS HERE FOR U. S. INDOOR TRACK TITLE CARNIVAL

By Damon Kerby.

New York's entrants in the National A. A. U. women's indoor track and field meet, to be held at the Arena tomorrow night, are in St. Louis and will go through a brief workout this afternoon. They are Clara Ferber, Marie Cottrell, Fay Epstein, Shirley Barrington and Alice Arden.

These names mean little to St. Louisans who, truth to tell, are none too familiar with women's track activities generally, but they do mean something in Eastern track circles. One of the girls—Miss Arden—holds the National A. A. U. indoor and outdoor high jump championship.

Here are some of their accomplishments, and the events in which they are entered:

MISS FERBER—Entered in the 50-meter dash, the broad jump and the relay. Has been clocked in a meet in 7.2 seconds for 40 meters, unofficially tying a record held by Stella Walsh.

MISS COTTRELL—Entered in the 50-meter dash, the high jump and the relay. Finished second in competition for sprint championship in 1932 and the Kings County championship in 1933.

MISS EPSTEIN—Entered in the standing broad jump, 50-meter dash and the relay. Won the Metropolitan New York sprint championship in 1932 and the Kings County championship in 1933.

MISS BARRINGTON—Entered in the hurdles, high jump and the relay. Holds the Metropolitan New York title for the 50-meter hurdles.

MISS ARDEN—Entered in the high jump and the standing broad jump. As told previously, she is national indoor and outdoor high jump champion. Her best marks are 5 feet 3 1/4 inches, outdoors, and 5 feet 1 1/4 inches indoors.

Miss Arden, a tall, blond girl, represents the Dragon Club of Brooklyn. She drove to St. Louis, accompanied by her coach. The other four, all members of the German-American A. C. of New York, traveled by bus.

Follow Track as Hobby. The trip by bus, which started Monday night at 9 o'clock and was concluded last night at 9:35, with a night's stopover at Columbus, O., was without special incident, according to the members of the party.

Miss Barrington, bright-eyed 17-year-old miss, did attempt to get that widely known bus song—"The Man on the Flying Trapeze"—under way, but her efforts were frowned upon.

Three of the members of the New York group are employed, one is unemployed but looking for a job, and the fifth goes to school. All follow track as a hobby, and hope to go back to New York with an individual championship or two.

As told yesterday afternoon, Stella Walsh, international star of Cleveland and Poland, will definitely compete in the meet here, if he came known after announcement was made that the Olympic Sports Club of St. Louis had guaranteed her traveling expenses. Miss Walsh had previously notified the Post-Dispatch that she would not be able to come here if her expenses were not paid.

Miss Walsh, along with four outstanding Canadian stars, competed in a meet at Hamilton, Ont., last night, immediately after which they were scheduled to depart for St. Louis. The Canadian girls are Roxie Atkins, Canada's outstanding girl athlete; Thelma Norton, Canada's champion 50-meter sprinter; Dallas Cramer, former 200-meter title holder; and Olive Hinder, winner of the intermediate 50-meter sprint at the recent Ontario championships.

Local Girls End Workouts. Chicago's track team, including the famed Betty Robinson, will probably not make its appearance here until tomorrow morning. Sharp interest is being manifested among track followers in the 200-meter sprint, which, with other track stars, will bring together Miss Robinson and Miss Walsh.

St. Louis girls who will compete went through their last workout last evening on the dirt track at the Arena, as did members of the University City High School team that will compete in the boys' high school events. The track, though still soft, was in better condition than the night previous.

Sale of tickets is in progress at a ticket office in the Arcade Building, mezzanine floor, and at the Arena. General admission is 25 cents. Reserved seats in the Arena circle are priced at 25 and 40 cents, and box seats are 40 cents, and preferred box seats are 75 cents and \$1.

The complete program, which starts at 7:30, and order of events follows:

1—High school 60-yard dash, preliminary, 7:30 p. m.
2—Women's 50-meter dash, preliminary.
3—High school 60-yard low hurdles, preliminary.
4—High school one-mile run, 8 o'clock.
5—High school 60-yard dash, final.
6—Exhibition backward race.
7—Women's 50-meter dash, final.
8—High school 60-yard low hurdles, final.
9—Women's 50-meter hurdles, final.
10—Men's open 80-yard run.
11—Women's 200-meter race.
12—High school 100-yard dash.
13—High school 700-yard relay, (3 teams).
14—High school 700-yard relay, (2 teams).
15—High school 700-yard relay, (1 team).
16—Women's National A. A. U. 400-meter relay championship, (3 teams).
17—Women's National A. A. U. 400-meter relay championship, (2 teams).
18—Eight-pound shot put.

Cowell Named Coach. DELAND, Fla., March 21.—W. C. (Brady) Cowell, member of the University of Florida, athletic coaching staff for nine years, yesterday accepted the post of athletic director at Stetson University.

SEEKS U. S. TITLE

Dorothy Franey, St. Paul skater, who will attempt to add a national women's track championship to her string in the meet at the Arena, tomorrow night.

25 MIDGET CARS TO COMPETE ON ARENA PROGRAM

Another fine field will take to the tenth-of-a-mile dirt track at the Arena tonight at 25 drivers compete in the seventh session of midget auto racing. Time trials are scheduled to get under way at 7:30, with actual competition beginning about an hour later.

All of the big-name drivers of the racing sport who drove last week are again listed on the program, which is topped by a pair of match races which bring together five of the leading lights of the sport.

Team Competition. Racing as team—Ronney Householder and Jimmy Snyder will oppose Pat Warren and Marshall Lewis in the event listed as the secondary feature, but which promises to supply the most thrills. The Householder-Snyder combination has challenged the Lewis-Warren duo to the race and have laid plans, according to Ronney, for a bit of football technique. Snyder, who has acquired the title of "bad man" of the track, will run "interference" while Householder tries for the "goal."

The other match race brings together Lewis, Householder, Snyder and Tony Willman, the quartet which has proved most popular at the track here.

In addition to Snyder's and Householder's new cars, Wally Mitchell has also announced he will show up with a new entry. Mitchell piled up 90 points in the first program here, but has not returned since. He is anxious to boost his total past the 200-mark tonight.

Marchese Returns. Tudy Marchese, the diminutive driver who is just able to peer over the cowl of his squat tarnished silver car, will return in an effort to emulate his 10-point evening last week. He held Silver Lake car rebuilt after its smashup last week, and Ted Hartley, second in the point standing, are other favorites listed on the program.

The entries for tonight's events: Marshall Lewis, Los Angeles; Pat Warren, Los Angeles (teamed); Jimmy Snyder, Chicago; and Ronney Householder, Los Angeles (teamed); Ted Hartley, Roanoke, Ind.; Tony Willman, Milwaukee; Gale Lower, Fort Wayne, Ind.; Harold Shaw, Indianapolis; Wally Mitchell, Chicago; Tudy Marchese, Milwaukee; Fred Bradt, Milwaukee; Johnny Sawyer, Milwaukee; Jimmy Rogers, Melrose Park; Ralph McDaniel, Milwaukee; Harry Lewis, Indianapolis; Cy Drew, Milwaukee; Ed Conroy, Silver Lake; Roscoe Hough, Fort Wayne, Ind.; Leo Melcher, Chicago; Matt McCoy, Springfield, Ill.; Terry Curley, Los Angeles; Les Skelton, Chicago; Eddie Miller, entry, St. Louis; Gus Schraeder, Chicago.

Chance Sun Now 4 to 1 for Derby

By the Associated Press. NEW YORK, March 21.—In a revision of his future book odds on the Kentucky Derby, Frank Shannon, Eastern commissioner, has cut J. E. Widener's Chance Sun, the favorite, from 6-1 to 4-1. Shannon reported an unusually heavy play on the foremost money-winning juvenile of 1934.

Weston, owned by J. E. Widener's Braedabane Stable and winner of two of his three starts as a juvenile, originally was quoted at 200-1. Ten days ago Shannon reduced the quotations to 50-1, and now he is holding the offspring of Sun Flag at 40-1.

H. C. McGehee's Purple Knight, winner of his last two starts at Tropical Park, also has been cut from 200-1 to 40-1, while Elwood Sachsenmaier's Roman Soldier, third in the Florida Derby, is being held at 12 to 1, the same odds against E. R. Bradley's Box thorn, Warren Wright's Nellie Flag, Mrs. Dodge Sloane's Psychic Bid and Mrs. Payne Whitney's Plat Eye.

Nationwide Football Survey Shows 1934 Bears Were 8th Most Improved Team in U. S.

By James M. Gould.

The statement that Jimmy Conzelman's Washington University Bears were better at the game of football than his 1933 team probably will not come as any distinct shock to those who watched his eleven last season. It may be a bit of a surprise, though, to learn that a scientific survey made by a Cleveland (O.) super-statistician shows that, in all the United States, the Bears showed the eighth greatest measure of improvement.

Of the seven eleven rated higher in improvement shown, Syracuse is ranked first and is followed in order by Rice Institute, Maryland, North Carolina, Colgate, Yale and Temple. Then comes Washington, to be followed in ninth and tenth places by Alabama and Texas A.

On the Other Hand. Now, if there were 10 teams which showed the greatest improvement, there must have been an equal number which showed the greatest losses in efficiency—and there were. First on this "disappointment" list came Michigan, the next nine in order being Oklahoma City U., Southern California, Geneva, Oklahoma Aggies, Iowa, Oregon State, Oregon, Haskell and right here in our own valley, Drake.

In ranking the 1934 football teams this statistician—his name is William Wier—doesn't do so well by our Bears despite his acknowledgment of their wonderful improvement over the year before. He ranks the Bears seventeenth in the country. At that, this ranking is really better than it sounds for Washington is placed ahead of such teams as Oklahoma, Iowa, Kansas, Carnegie Tech, Iowa State, Dartmouth, Michigan, Texas A. and M., Georgetown and Boston College.

Of course, the compliment in the statistical tables are most pleasing to Coach Conzelman and his assistant, Gale Bullman, but, flying in the face of the scientific facts, they call attention to a few discrepancies—seeming discrepancies, at any rate.

For instance, Illinois University is rated twelfth and the Illini were extremely fortunate to defeat the Bears, 12 to 7. Then, Southern Methodist U. is rated No. 16 and the Southerners won from Washington on a late break by a score of 7 to 0. To point this, Conzelman points out that the Bears were rated seventeenth while Kansas, which beat the Bears, 13 to 0, is rated seventy-fifth.

In Statistician Wier's list, Minnesota is rated first with Ohio State as runner-up and Alabama third. Minnesota was eighth in the 1933 rankings, Ohio State was fourth and Alabama twenty-fifth. The Bears, in 1933, were rated No. 102.

Fall of the Wolverines. Michigan, in 1933, rated first and last year, fell to eighty-ninth. Syracuse jumped from ninety-seventh in 1933 to twenty-second in 1934.

The figures, the author of the survey states, reflect general improvement in the game in all sections of the country. He points out that teachers' colleges have shown remarkable advances and refers especially to Kirksville and Cape Girardeau as examples. The rankings were made from the records of 341 college teams.

There will be no spring practice today or tomorrow, but the Bears will play another game Saturday afternoon, starting at 2:30 o'clock.

BEARS FAVORED TO KEEP VALLEY SWIMMING TITLE

Washington University's swimming squad will defend its Missouri Valley Conference swimming championship tomorrow and Saturday, and is favored to retain the title in Wilson Memorial pool, Washington University, against the efforts of Tulsa, Washburn, Grinnell, and the Oklahoma Aggies.

Fred Varney, sophomore sprinter, is the star of Washington this year and has unofficially broken the 50, 100 and 200 yard free style Valley records. Guy Kerby of Washburn, Valley champion in the 50 and 100 will furnish Varney with his most serious competition.

Edmondson, diver of Washburn, has won his sectional diving championship four times. Capt. Dave Malbrough of Grinnell is the holder of the Valley 150-yard back stroke record. Tulsa's best bet is Walt Pfeffer, in the 200-yard back stroke.

New Field for Texas Aggies. Fourteen acres of land acquired by Texas A. & M. is being used for new sports fields.

What other cigar

has ever won so great a smoker preference?

For years—at 10c—Bayuk PHILLIES was the choice of more men than any other 10c brand on the market.

Reduced in price to 5c—this same identical PHILLIES has become the largest-selling cigar at any price in America.

This amazing preference can mean but one thing. PHILLIES has something that men want and haven't found in any other cigar they have ever smoked.

This "something" in PHILLIES is MELLOW flavor—the result of blending fine, mild long-filler Havana and Domestic tobaccos. Cigars made of just ordinary tobaccos cannot give you this distinctive mellow flavor.

That's why you can't compare PHILLIES with any regular 5c cigar—or any cigar now selling for 5c. There is no other cigar—at any price—like it on the market. Sales definitely prove it.

When you try PHILLIES—we believe you will discover something new in cigar pleasure.

BAYUK'S GUARANTEE

In 1929—a peak sales year—the Bayuk Philadelphia Perfecto (Familiarly known as "Philadelphia Hand-made") was the largest-selling 10-cent brand in America.

Bayuk guarantees that this cigar today—at 5 cents—contains the same fine Imported Sumatra wrapper—the same fine ripe Domestic and Havana long-filler. It's the same identical cigar.

RANDAZZO, FLOORED SIX TIMES, KNOCKED OUT BY TAYLOR

FOUR MEMBERS OF TEAM NAMED FOR NATIONALS GAIN VICTORIES

COLISEUM RESULTS

Jimmy Webb, Sherman A. C. defeated Duke Lucken, South Broadway A. C. 160 pounds. Five rounds. South Broadway A. C. won from Tommy Starr, Madison A. C. 126 pounds. Five rounds. Rolla Taylor, Jefferson City A. C. knocked out John Randazzo, Sherman Park A. C. third round. 137 pounds. Bill Henley, Pitt Street Y. M. C. A. knocked out Leroy Thomas, Jefferson City A. C. second round. 126 pounds. Willard Perrod, Madison A. C. defeated Mike Bulla, Mullany A. C. 126 pounds. Four rounds. Perrod, Sherman A. C. knocked out Al Risha, Business Men's A. C. third round. Heavyweights. Paul Patterson, Mullany A. C. 180 pounds. Three rounds. Tony Morita, Sherman A. C. defeated Nicky Walsh, South Broadway A. C. 135 pounds. Three rounds. Rolla Taylor, Sherman A. C. defeated Ray Williams, East St. Louis, 118 pounds. Three rounds. Leonard Postick, Pitt Street Y. M. C. A. knocked out John McFarland, Jefferson City A. C. first round. 160 pounds. Referee—Harry Kessler and Harry Cook. Judges—Jim Seiler and Bob Parkinson.

By W. J. McGoogan.

Four members of the amateur boxing team which will represent the St. Louis district in the National A. A. U. tournament at the Arena, April 10-11-12, won and three lost in contests on the card presented by Benny Kessler at the Coliseum last night.

Jimmy Webb, Sherman A. C. mid-weight, defeated Duke Lucken, South Broadway A. C. Both of these boys are on the team. Sam Marino, South Broadway A. C. featherweight, outpointed Tommy Starr, Madison A. C. In another contest between boys who made up the team, John Randazzo, Community Center and Ozark A. A. U. welterweight champion, was knocked out in the third round in his contest with Rolla Taylor of the Jefferson City A. C. while two Negro boys, members of the St. Louis team, won by knockouts. Billy Henley, featherweight, knocked out Leroy Thomas of the Jefferson City A. C. in the second round, while Leonard Postick, light-heavyweight, stowed away John McFarland, Jefferson City A. C. in the first round.

Despite the defeat, Randazzo is not to be removed from the team, according to Benny Kessler, chairman of the Ozark A. A. U. Boxing Committee, which had a large part in picking the contingent.

On Floor Five Times.

John, a hard puncher, showed great courage in the bout with Taylor for in the first two rounds he was on the floor for counts of eight or nine, five times.

He was still full of fight in the third and was trying hard to land one of his powerful right-hand blows when he ran into another stiff punch on the chin, which put him down for the full count. Randazzo has much to learn and said after the contest that he thought he had gained considerable knowledge in the defeat.

Webb had his hands full with Lucken. The boys fought a particularly mean fight, which could be best described by the threadbare, overworked word "grudge." Neither likes the other very much and showed it.

Even after the bell rang ending the contest, Webb swung a punch which connected with Lucken and Duke was in favor of an impromptu battle right there. Webb also was willing, but officials intervened so the boys took their scrap into the dressing room where again bystanders had to interfere. So they finished in a jawing match under the showers each telling the other what he would do when they meet again.

Postick knocked McFarland easily while Henley had somewhat of an argument on his hands before subduing Thomas.

All told four of the contests ended in knockouts.

Boschert Stops Risha.

Art Boschert, a heavyweight, who has been boxing only a short time, knocked out Al Risha of the Business Men's A. C. in the third round. Risha was on the floor several times before he finally stayed there. Mike Bulla, Mullany A. C. winner of the Community Center award for the outstanding boy in the Post-Dispatch tournament, in January suffered the first defeat of his career when he was outpointed by Willard Perrod of the Madison A. C. Perrod was too smart for Bulla and while Mike threw caution away in an effort to land a knockout punch he was unable to do so.

Paul Patterson, another Community Center champion, showed a good effort in winning from Otto Haenle after getting off to a poor start when Haenle captured the first round by a wide margin. Patterson, as usual, was strong at the finish and gained the verdict.

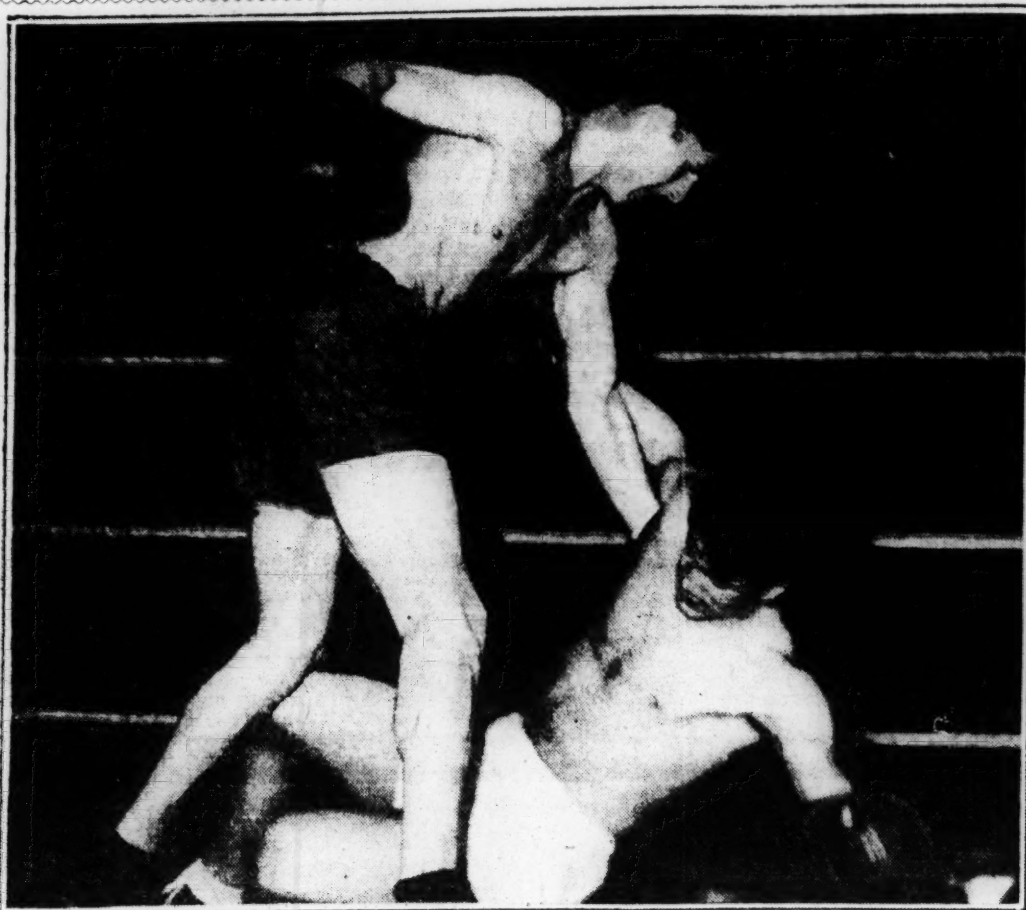

A crowd of 1895 attended. Receipts were \$276. Federal tax \$60.21. State \$43.78. City \$38.19.

Lou Wallach, another member of the district team was forced to call off his match with Bill Born, Belleville, due to a bad cold.

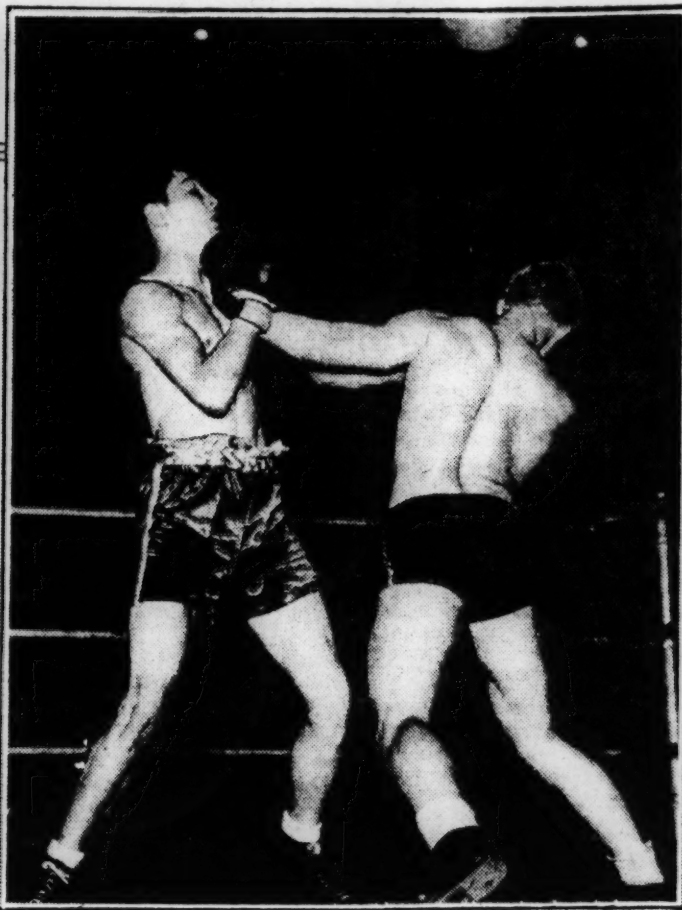

Fisher Named Captain.

By the Associated Press. CHAMPAIGN, Ill., March 21.—Art Fisher of Centralia, a tumbler, last night was elected captain of the 1936 University of Illinois gymnastics team. Phil Chiprin of Chicago, Big Ten fells champion, will lead next year's fencing team.

There Was Plenty of Action When These Amateurs Performed Their Tricks

Boschert floors Risha, at the left, while at the right, Lucken is landing a left to Webb's jaw. Boschert and Webb were the winners of the fights held at the Coliseum last night.

By a Post-Dispatch Staff Photographer.

COLLEGE STARS TO COMPETE IN ST. LOUIS RELAYS

Approximately 125 athletes will compete in the annual invitation St. Louis Relays to be held in conjunction with the Ozark A. A. U. indoor championships, at the Coliseum, April 5. Outstanding performers from various sections of the country will participate in the meet.

Participants in the relays, which in good times will go to the National A. A. U. championships at Lincoln, Nebraska.

At least seven universities and colleges will be represented. These include Kansas, Indiana, Missouri, Washington, Westminster, Cape Girardeau, and Iowa U. Other universities, including Illinois and Arkansas, are expected to send entries.

The Ozark district of the A. A. U. includes Eastern Missouri, Illinois and Arkansas.

A junior division championships is being planned for athletes under 18 years of age. Preliminaries in the Relays will be held in the afternoon, with the finals starting at 8 p. m.

Relay medals will be given the winners of the first three places. Regulation championship medals will be given the first three places in the A. A. U. events. In addition, medals will be awarded the first three places in the junior events.

A perpetual trophy will be given in each of the three divisions to the club or school gaining the greatest total of points. The trophy shall remain in the possession of the school for one year, while a replica of the permanent trophy will be given to the winning organization as a permanent award.

Medals will go to the members of the winning relay teams and a school or club represented by them. Entries are being received by F. Marvin Plake at the New Coliseum, 2608 Washington avenue.

The events include: St. Louis relays open to any amateur athlete; 40-yard dash, 80-yard run, one mile run, two-mile run, 400-yard high hurdles, 800-yard high hurdles, 1600-yard high hurdles, 400-yard run, 800-yard run, one mile run, seven-eighths mile relay, 1600-yard run, 400-yard dash, 800-yard dash, 1600-yard dash, 400-yard relay, 800-yard relay, 1600-yard relay, 400-yard relay, 800-yard relay, 1600-yard relay.

Entries close at midnight, April 1.

A. B. C. OFFICIALS TO HOLD ANNUAL MEETING SYRACUSE, N. Y., March 21.—Selecting the site for the 1936 American Bowling Congress tournament, election of officers and the passage and rejection of many amendments to the annual tournament, will be the principal features of the annual A. B. C. convention scheduled here tomorrow.

Indianapolis and Cleveland are the only two cities in the fight for next year's tournament, but the two cities have stormed into town with hundreds of delegates, and both cities were claiming the 36 classic Jerry Ameling, secretary of the St. Louis Bowling Association, is the only Mount City representative here.

Two changes came in the minor events during yesterday's bombardment, but neither created as much excitement as did Dave Owens of Utica, N. Y., who missed a great chance to take first place in the singles. After games of 244 and 243, Owens stumbled to a miserable 150 and finished far down the line with 637.

Frank Paolozzi and Frank La Brocco of Utica landed eighth in the doubles with 1222 and William Home, Schenectady, climbed to tenth in the All Events with 1830.

Winner of A. A. U. Boxing Tourney Here Will Be Real Champion of Champions

Plans for the forty-seventh boxing tournament of the National Amateur Athletic Union, which is to be held at the Arena April 10, 11, 12, are going forward daily under the direction of Benny Kessler, chairman of the Ozark A. A. U. boxing committee and with the supervision of the National Committee of which William Kenny, Boston, is chairman.

This event, one of the most important on the annual schedule of the national amateur athletic body, is being held in St. Louis for the second successive year, and prior to that was held in the East, at either Boston or New York.

The tournament reached large proportions in those cities, while the national amateur athletic body, which is being held in St. Louis for the second successive year, and prior to that was held in the East, at either Boston or New York.

Some Illustrations. Among them have been Battling Batallino, former featherweight champion; Fidel La Barabba, bantamweight title-holder, and Frankie Genaro, flyweight champion.

The St. Louis District has had but one champion, Ray Alfano, St. Louis, who won the featherweight crown in 1925.

Irwin Striebel, South Broadway heavyweight, went to the final last year before losing to Stanley Evans, Detroit Negro. Striebel is a member of the St. Louis team again this year and is one of the favorites for the crown.

Joe Louis, another Detroit Negro, who was the sensation of the 1934 tournament, here in winning the light-heavyweight crown, is the newest title threat in the professional heavyweight division now.

Louis' Rival Comes Back. Louis had but one difficult battle here last spring. That was against Joe Bauer, Cleveland boy, which Louis won on a decision after three rounds of hard milling. Louis, of course, is not eligible for the coming event but Bauer will be here, having just won the Chicago Golden Gloves title, defeating, incidentally, Herman West, Buckner, Ill., a member of the St. Louis district lineup. Bauer and West are light-heavyweights.

Armand Stilla, who has been boxing here rather regularly this winter, won the bantamweight title in 1934 and likely will defend it here next month.

This is a non-profit making affair, for the proceeds are turned over to the national body for the furtherance of amateur sports.

There are 29 districts of the A. A. U. and each is permitted to send 16 boys to the national. Most of them do not send that many. Usually each district holds its own championships—they are going on now all over the country—to determine who shall make up the team. As a result, to the national

MRS. SCHULTE AND MISS MIRTH TO BOWL FOR CITY PIN TITLE. Miss Helen Mirth and Mrs. Myrtle Schulte tied for the all-events championship in the annual handicap tournament of the St. Louis Women's Bowling Association, which closed last night at the Arway Recreation with a score of 1624 each. Three games, total pins, will decide the winner at the Arway at 5:30 p. m. Sunday and if Mrs. Schulte triumphs it will be her second consecutive all-events title in this tournament.

Mrs. A. Jehling won the singles event with a score of 631, 10 pins more than Doris Richards was able to collect, while Florence Forstet and Helen Milligan captured the doubles championship with a score of 1131, beating out Mrs. A. P. Gillman and Mrs. M. Steis, who scored 1113.

The Schaper Products five, Missouri State champion team, annexed the team laurels with a mark of 2572, while the Al Dohacks finished second with 2559. The entries included 115 teams, 183 doubles and 340 singles.

Football Prospects Bright. Football prospects at the University of Santa Clara are unusually bright with 23 letter men returning and a host of stars from the freshman team.

Cleveland First To File Entries For Boxing Tourney

CLEVELAND has become the first city to file entries for the National A. A. U. boxing tournament at the Arena on April 10, 11 and 12.

James A. Lee, director of athletics at the Cleveland A. C. entered five young men who won their spurs before 25,000 spectators in the recent Golden Gloves tourney in Chicago.

They are: Jesse Levels, 112 pounds; Tony Bellini, 115; Pat Kelly, 126; Mike Gamiere, 135; and Joe Bauer, 175.

Bauer and Gamiere won championships and the other three were runners-up, thus giving Cleveland the points trophy for the second year in a row.

Andersons and Cubs Tie. The Andersons and the Cubs will play the second game of their three-game series tomorrow afternoon at the Wesley House campus with both teams seeking their first victory after playing a scoreless tie yesterday in the first game of the playoffs for the junior division title of the Wesley House Soccer League.

STIX, BAER, FULLER DOWNSTAIRS STORE.

NOTRE DAME WILL NOT SELECT CAPTAIN TO REPLACE SULLIVAN

SOUTH BEND, Ind., March 21.—Notre Dame's 1935 football team, its captain-elect, Joseph Sullivan, died in New York after a two months' illness, will carry on without an elected leader.

Before leaving last night to attend Sullivan's funeral, Elmer Layden, director of athletics, and head football coach, announced no captain will be selected to fill Sullivan's place.

Neighborhood Juniors Win. The Neighborhood Juniors trounced the Gunners, 27-18, yesterday, at the Neighborhood House gymnasium, to break the tie that had existed between the teams and to win the Junior Division championship of the Neighborhood Association Basketball League. In a preliminary game, the Anagnos Stars beat the Pals Club, 34-8.

Richards Beats Hunter. NEW BRUNSWICK, N. J., March 21.—Vincent Richards defeated his professional tennis rival, Francis T. Hunter, 5-7, 6-0, 6-4, last night in an exhibition staged in the Rutgers' University gymnasium for the benefit of the Rutgers' tennis team. About 1110 persons were present.

77 POINTS FOR BASKET TEAM IN CATHOLIC MEET

CHICAGO, March 21.—St. Xavier of Louisville, Ky., rolled up a new scoring record in the National Catholic High School Basketball Championship today by swamping St. Benedict, of Shawnee, Ok., 77 to 17. The former high mark was 55, established in 1931 by Campion of Prairie du Chien, Wis.

Paul Reverman, 112-pound St. Xavier forward, also shattered the individual scoring by flipping 14 field goals and one free throw for 23 points. The former record was held by Ed. Krase of La Salle, Chicago, who made 11 field goals and one free throw for 23 points in 1929.

The Kentuckians, Dead-Eye Dicks and passing genuses, probably could have pulled the score to the century mark if they hadn't substituted freely. Reverman played only about two-thirds of the game as he and his mates piled up a 35 to 7 margin at half time and a 54 to 11 lead at the three-quarters.

St. Xavier, Kentucky State public high school champions and national Catholic titleholders in 1926, was by far the most impressive five of the first 10 teams in action during the first round.

Surviving with them were Catholic High of Joliet, Ill., defending titleholder; Central Catholic of Fort Wayne, Ind.; St. Francis Mission of St. Francis, S. D.; and St. Bernard School of Bradford, Pa.

Picked up the second largest score of the tournament thus far by submerging Notre Dame Academy of Mitchell, S. D., 50 to 9. Mitchell was held to one field goal.

De Padua High of Ashland, Wis., delivered the first big upset of the tournament by defeating the highly touted St. Elizabeth team from Oakland, Cal., 30 to 16. De Padua, held to a one-point lead in the third quarter, finished with a rush, scoring 13 points in the final period drive while holding the Californians scoreless.

Brooklyn, Willie MacFarland of Tuckahoe, N. Y., and Harold J. McSpaden of Kansas City, bettered the par 71 course of 6420 yards length. The Brooklynite bettered it two strokes for a 69, while the other two had 70s.

Only three others, Witty Cogan of White Plains, N. Y., lagged behind in the field of 105 with 75 for the first round of the 72-hole event. He tied Horton Smith of Oak Park, Ill.

Walter Hagen, who failed to arrive yesterday due to a misadventure, was extended the privilege of doing 36 holes today by into the running.

Ky Laffoon of Denver, making par to place sixth, a stroke away of Mike Turnesa, Elmford, N. Y. Harry Cooper of Chicago, Chandler Harper, the young star from Norfolk, Va.

Gene Sarazen showed a 73 for first round, one stroke better than Denny Shute of Philadelphia.

TENNESSEE SIGNS COACH. RICHMOND, Ind., March 21.—Announcement was made here yesterday of the signing of Earlham College men's track and basketball coach at the University of Tennessee at Knoxville.

LAST NIGHT'S FIGHTS

By the Associated Press. OAKLAND, Cal.—Buddy Barr, 244, Livermore, Cal., knocked out Frank Connelly, 243, Fremont, Cal., in the 13th round. Oakland, outpointed Tommy Corbett, 141, Omaha (10). STERLING, Colo.—Eddie Anderson, 146, Sterling, knocked out Kenny Austin, 150, Grand Island, Neb., in the 10th round. VANCOUVER, B. C.—Gordon Wallace, 143, Vancouver, outpointed Tommy Black, 144, Toronto (12).

REVOLTA, PICARD IN TIE FOR LEAD IN GOLF EVENT

By the Associated Press. CHARLESTON, S. C., March 21.—Johnny Revolta, young Milwaukee golfer, and Henry Picard, leading money winner of the winter tours from Hershey, Pa., began second-round play today in the 135th Charleston open three strokes under par and one swing ahead of their nearest competitor.

Picard carried a pair of 24s to Revolta for the leadership of first round with 68. The Wisconsin flash registered a 35 going in and then blazed homeward with a snappy 33.

Only three others, Witty Cogan of White Plains, N. Y., lagged behind in the field of 105 with 75 for the first round of the 72-hole event. He tied Horton Smith of Oak Park, Ill.

Walter Hagen, who failed to arrive yesterday due to a misadventure, was extended the privilege of doing 36 holes today by into the running.

Ky Laffoon of Denver, making par to place sixth, a stroke away of Mike Turnesa, Elmford, N. Y. Harry Cooper of Chicago, Chandler Harper, the young star from Norfolk, Va.

Gene Sarazen showed a 73 for first round, one stroke better than Denny Shute of Philadelphia.

TENNESSEE SIGNS COACH. RICHMOND, Ind., March 21.—Announcement was made here yesterday of the signing of Earlham College men's track and basketball coach at the University of Tennessee at Knoxville.

Plenty of Fine Soccer Likely When Centrals Defend Western Title Series Against Wieboldts

By Dent McSkimming

While soccer is a team game, much of its charm develops from the duel of skill and wits between individual opponents. In this respect, Sunday's Western final cup match at Sportsman's Park between the Wieboldts of Chicago and the St. Louis Centrals is rich in possibilities.

There will be opposed to each other in several instances players who are regarded as outstanding in their positions so far as American soccer is concerned. Players who, on the one hand, are almost irresistible, so full of guile and football genius that a defender may be frequently left bewildered, will be trying to outwit backs who simply cannot be coaxed into making technical blunders, whose kicking is true, whose tackling is sure and fast. Results? Fine football.

For example, when Bill Watson, America's most artful center half-back, attempts to take a ball off the toe of Bert Patenaude, or tries to soar higher into the air than Billy Gonsalves in heading a ball, or reaches out to intercept a pass from Roe to Gonsalves, the manner in which he goes about his task and the result of his effort will be something that soccer fans thrill to.

McLean vs. Scott. And there will be crafty Alec McLean's attempts to work the ball past Tomich and Davidson; McLean's jousts with rugged Tom Scott; Werner Nilsen's drives to the goal corners, seeking to beat Johnny Hamm; Jimmy Lillie's dribble and sprint in the area covered by Heberger and Nolan who, in turn, will be trying to anticipate his every move; the mystifying ball manipulation of Hughie Hill in his search of a way past young Eddie Kane and Kramer or Gregg; Bill Lehman's strenuous effort to keep the Chicago attack from functioning and at the same time support his own forwards.

In cup football there never is an idle moment, never an opportunity to relax. A single error may result in defeat and elimination from the competition. There is not the chance for recovery that exists in league games, where if you lose today you may recoup next Sunday. Players, too, take more pride in their performance in cup games. The farther they go toward the final, the finer players they meet.

Eagle Star Was Year's 'Bad Man' In Hockey Play

By the Associated Press.
NEW YORK, March 21.—Chuck Conacher, big right winger of the Toronto Maple Leafs, wrote hockey history during the regular season which closed Tuesday, official scoring records revealed today.

Winning the scoring title for the second successive year with 36 goals and 21 assists for 57 points, Conacher became the first player since the league was organized in 1917 to take the crown twice in a row and the fifth to record two triumphs.

Chuck's 36 goals made the third best total and his point total the second best on record. In the famous "wide-open" season of 1929-30, partly played under different rules, Cooney Wiland notched 43 goals and 30 assists for a 73-point total at Boston. In the first year of the league's operation, when assists weren't counted, Jock Malone of the Montreal Canadiens scored 44 goals in 22 games as compared to Conacher's 48.

The Toronto ace led his nearest rival, Syd Howe of St. Louis and Detroit, by 10 points.

Irving Frew of St. Louis, a newcomer, topped the list with 39 minutes in penalties, leading Earl Seibert of the Rangers by three minutes. Boucher was the least penalized of the "regulars," drawing only one two-minute banishment.

MILLER TOTALS 1249 TO WIN EXHIBITION

Running up a 1249 score, 122 pins better than his opponent, Sam Eisfelder, Joe Miller annexed his six-game appearance at the Melene alleys last night. The Buffalo bowling star, appearing in St. Louis this week as part of the National Bowling Proprietors' Tour of Bowling Stars, ran through the six games with 196, 160, 223, 219, 258, and 193 for a 208 average. Eisfelder totaled a 188 average for his part of the performance.

Tonight the Buffalo star is scheduled for a double appearance, hitting the Cinderella Recreation alleys at 7 p. m., and is scheduled to pound the maples on the German House drives at 9:15 p. m. Tomorrow night Miller performs at the Fairground alleys at 9 p. m., while on Saturday he will be seen at the Washington alleys at 9:15 p. m., where a match with Otto Stein may be arranged if the world champion is in the city. Miller will conclude his St. Louis visit on Sunday afternoon as he rolls at the Arway alleys at 2 p. m. Sunday night he will perform at the Acme alleys in Alton, Ill.

Monte Attell Injured.

By the Associated Press.
SAN FRANCISCO, March 21.—Monte Attell, one-time bantamweight boxing championship contender, now blind, was severely injured yesterday when he fell 12 feet into an elevator shaft. Attell, brother of Abe Attell, former featherweight champion of the world, suffered injuries to his back, hip, arm and legs.

FLYERS ENGAGE IN OFFENSIVE DRILL IN PREPARING FOR SERIES

With but four days remaining before they take the ice in the first game of the championship playoffs in the American Hockey Association, the Flyers worked through a one-hour drill yesterday in which offensive play was stressed by Coach McPherson.

As their high scoring attack was largely responsible for their success during the regularly scheduled campaign, the coach-manager intends to follow the same type of play during the playoffs.

The opening game in the championship round will be played at the Winter Garden Sunday night. The second game here will be held Tuesday night. The opponent of the Flyers will be determined by the semifinal playoffs which are scheduled to start tonight between Tulsa and Kansas City.

Raines to Wrestle Tragos.

Dick Raines of Paducah, Tex., and George Tragos, St. Louis, will wrestle in the second preliminary match on the program to be presented at the Arena March 26. Dan O'Mahoney meets Rudy Dusek in the feature of the card, with Ray Steels and Gus Sonnenberg meeting in the semifinal bout and Orville Brown and Ironko Nagurski in a preliminary match.

WESTERN MARYLAND STAR SIGNED BY BOSTON

By the Associated Press.

BOSTON, March 21.—Bill Shepherd, the greatest halfback Dick Harlow developed at Western Maryland, will perform for the Boston Redskins professional football club, Coach Eddie Casey announced yesterday.

Casey also announced the acquisition of Lawrence Siemering, a center, and James Barber, a tackle, both from San Francisco University.

Hoc-Soc Title Game Tonight.

The Paris club and the Nabs team will meet for the Hoc-Soc title of the Neighborhood Association League tonight at 9 o'clock at 1000 North Nineteenth street.

WITNESS ATTACKS REORGANIZATION PLAN OF MO.-PAC.

Attorney Brandwen for
Bondholders' Group Says
Van Swearingen Seeks
\$75,000,000 From RFC.

CHARGES THEY TRIED TO SUPPRESS AUDIT

This, He Tells Senators,
Showed They Used Rail-
road's Own Money in Its
Purchase.

By MARCUS W. CHILDS,
A Staff Correspondent of the
Post-Dispatch.

WASHINGTON, March 21.—The
Van Swearingen brothers are ask-
ing the Reconstruction Finance
Corporation for \$75,000,000 to carry
out their reorganization plan for
the Missouri Pacific Railroad, it
was disclosed before the Senate In-
terstate Commerce Committee here
today. This would be in addition
to the \$25,000,000 which the
Missouri Pacific already has ob-
tained from the RFC.

The witness who made this state-
ment was Maxwell Brandwen, coun-
sel for an independent committee
of Missouri Pacific bondholders,
headed by Charles A. Beard, his-
torian and educator. Brandwen said
he had obtained the \$25,000,000
from the RFC under the "most reliable
plan." The Van Swearingen plan
frequently discussed, he said, was
presented to the two Cleveland finan-
ciers who had been kept in the
dark.

Brandwen said that this far the
Van Swearingens had received
\$25,000,000 from the RFC
under the "most reliable plan."

Devalued Dollar to Double Cost Of Living, Dr. Kemmerer Says

Economist Asserts Commodity Prices Will
Soar When Gold Returns to 1926 Value
in World Market.

By the Associated Press.

NEW YORK, March 21.—Dr. Ed-
win W. Kemmerer said today that
once the full effects of the devalu-
ation of the dollar are felt, he
thought it "likely" the cost of living
will have been boosted 116 per cent
above present levels, or more than
doubled.

In an address at the Bankers'
Club, the Princeton economist and
internationally known "money doc-
tor," explained his estimate was
based on the assumption that gold
would decline in the world free mar-
kets to its value as of 1926, but even
should it not, he looked for a rise in
living costs in this country to 50
per cent above present levels.

This, he explained, referred only
to the value of gold in world mar-
kets, and assumed that no further
change would be made in the gold
content of the dollar. He predicted:
"When once the 'slack' represented
by the reduction in the gold con-
tent of the dollar has been com-
pletely taken up, the cost of living
will be about 116 per cent higher
than it is now."

"These estimates," he explained,

"are made on the very conservative
assumption that we shall have no
further reduction in the gold con-
tent of the dollar and no uncon-
trolled inflation. They merely rep-
resent complete commodity price
adjustments to the new 59-cent
dollar."

He saw dangers of further infla-
tion by extension of the national
debt through borrowing from the
banks, and pointed out that now
some 99 per cent of the bills and
securities held by the Federal Re-
serve Banks, represented United
States Government debt, against
only 27 per cent at the end of Feb-
ruary, 1926.

While acknowledging that Great
Britain per capita debt was already
much larger than that of the United
States, he pointed to the larger
cost of the war to that country and
said it was now balancing its bud-
get by heavy taxation, and the Brit-
ish people were more resistant to
"extravagant Government expendi-
tures than is the American public."
"It was through controlling the
King by controlling the King's re-
venues that the Anglo-Saxon race
won its liberties," he asserted.

STATED POLICY OF BILL AGAINST HOLDING FIRMS

Wheeler-Rayburn Measure
Lists 5 Points of Public
Interest in Utility Owner-
ship Device.

By RAYMOND P. BRANDT,
A Staff Correspondent of the
Post-Dispatch.

WASHINGTON, March 21.—Ever
since the United States Supreme
Court pointed out in a decision
many years ago that Congress
should state its policy when enact-
ing legislation, proposed laws have
usually included a statement of
why such legislation is necessary,
but few bills introduced in recent
years have contained a longer and
more diversified list of reasons
than the pending Wheeler-Rayburn
public utility holding company bill,
which seeks the eventual abolition
of holding companies.

The bill says it is "to provide
for the control and elimination of pub-
lic utility holding companies oper-
ating, or marketing securities, in
interstate and foreign commerce
and through the mails, to regulate
the transmission and sale of elec-
tric energy in interstate commerce,
to amend the Federal Waterpow-
er Act, and for other purposes."

"Necessity for Control."
Where most bills include a series
of "whereases" to show the justifi-
cation for legislation, the Wheeler-
Rayburn bill, under the title "Nec-
essary for Control of Holding Com-
panies," says:

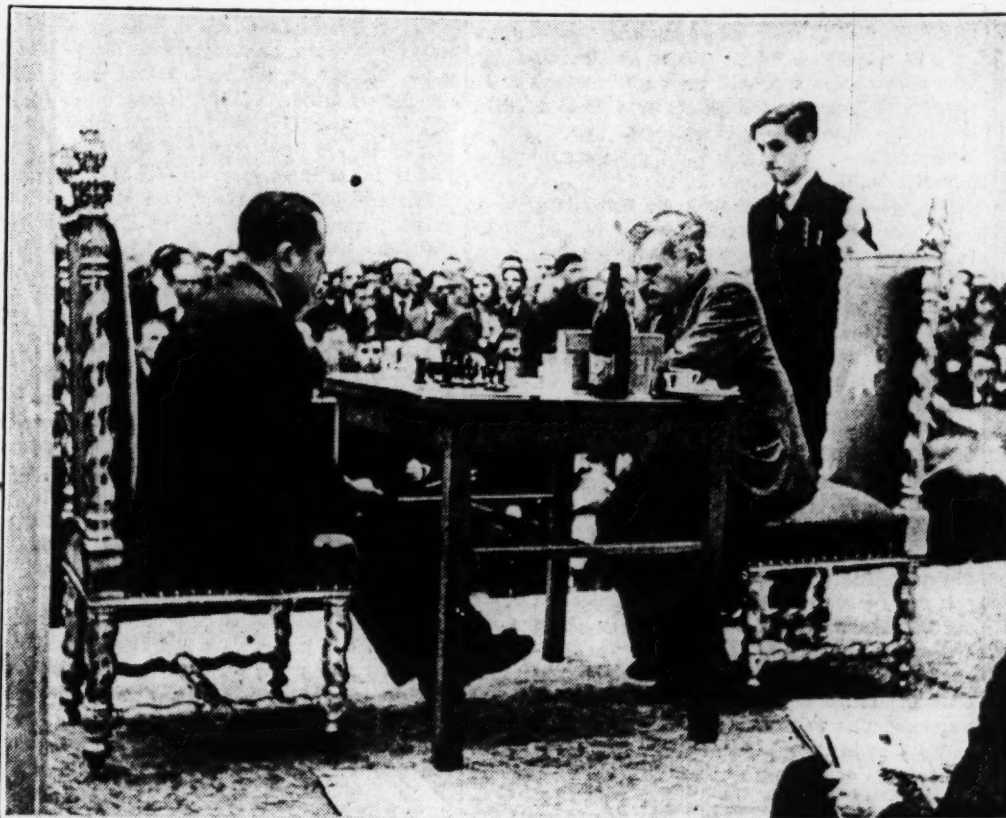

"Public utility holding companies
and their subsidiary companies are
affected with a national public in-
terest in that, among other things—
"1. Their securities are widely
marketed and distributed by
means of the mails and instru-
mentalities of interstate com-
merce.

"2. Their service, sales, con-
struction, and other contracts and
arrangements are made and per-
formed by means of the mails
and instrumentalities of inter-
state commerce.

"3. Their subsidiary public util-

62,000 RAILWAY ACCIDENTS REPORTED IN RUSSIA IN YEAR

Transportation Executive Says
Hundreds Have Been Killed
and Thousands Injured.

MOSCOW, March 21.—Stating
that 62,000 accidents had occurred
on Russian railroads in a year, the
new Railway Commissar, Lazar
Kaganoffich, announced that the
managers of rail lines and other
high officials must answer for fu-
ture wrecks.

The number of wrecks has been
increasing despite the severe pun-
ishment, sometimes death, which
has been meted out to those re-
garded as responsible.

The commissar said that hun-
dreds of persons had been killed
and thousands injured. Seven thou-
sand locomotives were damaged or
destroyed during the year and 64,
000 cars.

The seriousness of the situation

POSTERS THREATENING JEWS IN GERMANY TAKEN DOWN

Placards, Also Addressed to Free
Masons, Warned Against
Harming Hitler.

By the Associated Press.

MUNICH, Germany, March
21.—Posters threatening Jewish
and Free Mason pogroms in the
event harm should befall Reichs-
fuhrer Hitler, displayed yesterday
in the Franconian towns of Puerth
and Zirndorf, were torn down to-
day.

The posters read: "In England
betting is going on that our
Fuhrer Hitler will be shot. If this
happens, we will kill all Jews and
Free Masons." After the placards
had been destroyed, responsibility
for their appearance was denied by
Julius Streicher, anti-Jewish Nazi
leader and publisher.

MEMORIAL TO HOMESTEADERS

Senate Committee Approves \$24-
000 Nebraska Monument.

By the Associated Press.

WASHINGTON, March 21.—The
Senate Committee on Agriculture
today approved a bill authorizing
\$24,000 to establish a national
monument at Gage County, Ne-
braska, commemorating the settle-
ment of the Middle West under the
homestead law.

The site is where Daniel Free-
man, the soldier, made the first fil-
ing for a homestead under the law
of 1863.

AAA RESTRICTIONS ON SPRING WHEAT OFF

Decision Based on Anticipated
Shortage and Continuing
Drought in Grain States.

By the Associated Press.

WASHINGTON, March 21.—Fear-
ing a wheat shortage if another
drought occurs, Secretary of Agricul-
ture Wallace announced yesterday
the removal of all AAA restrictions
on the planting of spring wheat.

This action followed the year's
first report showing that
farmers intend to plant 17,847,000
acres of spring wheat as against
18,521,000 acres in 1934.

Farmers under contract who
plant their full spring wheat acre-
age, instead of reducing it by 10
per cent as ordered by the AAA,
will receive full benefit payments,
but will be required to make com-
pensatory cuts in production in
1935, Wallace said.

"The drought quite definitely con-
tinues" in parts of the West, Wal-
lace said, and a survey led to the
conviction that "in view of the pos-
sibility of another drought which
would seriously affect the output
of wheat the Government and
farmers have a duty" to protect
consumers against a shortage.

Wallace estimated that farmers
would plant an additional 900,000
to 2,300,000 acres as a result of the
removal of restrictions and would
harvest between 10,000,000 and 30-
000,000 bushels more.

Spring wheat is normally about
one-fourth of the total crop. Any
surplus wheat that may accumulate
will be taken care of by the "ever-
normal" granary plan, or the
storing of reserves to be held
against lean years, Wallace said.

Drought conditions are reported
prevalent in the Western parts of
North and South Dakota, Ne-
braska, Kansas, Oklahoma, the Tex-
as Panhandle and the eastern parts
of Colorado, Wyoming and Mon-
tana. This area is about the same
as that in which the drought caused
heaviest damage last year.

CLOUD DISPLAY ON MARS

Astronomer Says It Is Evidently
Largest Since 1920.

FLAGSTAFF, Ariz., March 21.—
Dr. E. C. Slipher, Lowell Observa-
tory astronomer, said last night
that cloud areas covering parts of
the northern hemisphere of Mars
almost nightly for several weeks
are greater than at any other time
since 1920.

He said the cloud display is evi-
dence, not only that Mars has at-
mosphere, but that water vapor is
a fairly prevalent constituent of it.
He adds that "earlier notions of
high wind velocities on Mars are
disproved by studies and observa-
tions made at Lowell, showing 25
miles per hour to be the highest
rate attained."

NEW STRATOSPHERE BALLOON

Soviet Building One Twice Size of
Predecessor.

By the Associated Press.

LENINGRAD, March 21.—The
Soviet stratosphere balloon, Oso-
vischin II, now under construction
here, was examined by a Govern-
ment committee yesterday. It is
expected to rise 25,000 meters (82-
000 feet, more than 15 miles), which
would be a world record.

The balloon will be 50,000 cubic
meters in capacity (1,763,740 cubic
feet), double the size of its prede-
cessor, which ascended 22,100 met-
ers (72,500 feet). The flight is
planned for midsummer.

Senate Confirms Fisher for RFC.
By the Associated Press.
WASHINGTON, March 21.—The
Senate confirmed Charles T. Fisher
of Detroit as a director of the Re-
construction Finance Corporation
yesterday.

Gen. Johnson's Article

"Collective Bargaining Is a Necessity of Our Future," Former NRA Boss Declares—Jitters and Seeing Things Under the Bed.

By GEN. HUGH S. JOHNSON.

CHICAGO, March 21.

I have talked to a great many very important business men, a few lawyers and labor leaders out here, where I tried to try to be in business and practice of law myself.

There is no use denying that they have a fair amount of jitters. I think that business is better than it was, which, frankly, isn't saying very much for either. As a business, you can blame them? I tried to write a whole new order of business in NRA, and by one means or another, put about 96 per cent of employers under it—a revolution of an economic universe.

I thought we had altered the picture and we did, by agreement, change the hours of labor from an average 52 to an average of 40 hours a week.

Now nobody knows whether this new dispensation is going on for two years, or not at all. Nobody knows whether a code is just another combination of conspiracy in restraint of trade. Nobody dares to do anything under the old order for fear of the Federal Trade Commission. No one dares do anything under the new order for fear it will not last.

Other jitters come from seeing things under the bed. One man said to me "We don't dare fight a strike which we know we can win for fear of Federal intervention," and when I asked him what kind of a strike, he said, "Oh, our refusal to deal with these damned unions." And he had signed both a code and an agreement with the President undertaking to bargain collectively with representatives of his employees.

There is no question that, in this particular city, the battle lines are drawn. The small industries out here simply do not intend to comply with that part of the law which recognized unions.

Now I formerly had that complex, but what I saw in NRA made me convert out of me. Collective bargaining is a necessity of our future. As I have frequently explained, it is my opinion that either a company union or a craft union is an economic anomaly. That, however, is not the point. The point is whether we shall have trade unionism in this country and, in that point, in the rather grandiose language of an earlier day—"Live or die, sink or swim, survive or perish" I have taken my stand. I think I am an absolute necessity in this complex economic era.

barred doors unless properly introduced.

Favorite ruse of District vice-squad is to assign new and youthful officers to these jobs. Dressed like college boys, hatless, wearing white shoes in winter, they pass as students of Georgetown or George Washington University.

Police admit they do not know how many jobs they are in operation in the capital. They do know, however, that they have closed 150 since last October.

Secret Plums.

THOUGH Jimmy Moffett's Housing Administration is equipped for high-powered publicity, his latest move is being kept carefully out of public notice. It is a move to put 200 men into the field to work with Chamber of Commerce canvassers in a door-to-door sales campaign for home reorganization.

Reason for the hush-hush is that FHA wants no deluge of job seekers for the new posts. Their files already contain enough applications to fill the 200 jobs 50 times over.

Instead, they want to parcel the new jobs out among Senators as political plums. Many of them, having been exhausted, 200 plums at \$2000 will be welcome in Capitol Hill.

Press Relations.

RICHARD WHITNEY, facing rebellion in the ranks of the New York Stock Exchange, is considering withdrawing as a candidate for re-election.

The chief complaint that Wall Street critics are making against Whitney is of an involved nature. It is contended that he has failed to build up "good press relations" for the exchange.

What they really mean is that the brokerage business is dull and they believe it is due to the lack of the right kind of publicity.

The public, brokers agree, could be brought back into the market if the right kind of publicity was conducted.

Whitney, pompous and ponderous, they demand be replaced by a breezier figure. Their candidate is Charles Gay, head of the brokerage firm of Whitehouse & Co., and a present member of the board of governors of the exchange.

Merry-Go-Round.

IT will be months before the United States Board of Tax Appeals hands down a decision in the Mellon tax suit. After the three members now sitting as a special court in Pittsburgh have completed taking testimony, the evidence will be reviewed by all the 16 members or the board and a verdict reached by a majority vote.

Representative Maury Maverick's zealous devotion to the principle of personal freedom nearly entangled him with Federal authorities during the World War. A First Lieutenant in a Texas regiment, Maverick was assigned to defend two American-born Mexicans who had deserted from the outfit. Arguing in their behalf, Maverick made such a strong case against the constitutionality of the draft law that the Justice Department sent agents to investigate him. One of the reports of his uncle, who succeeded in having the more explosive of his nephew's argument deleted from the official record, saved the latter from court martial. Maverick went overseas, was severely wounded in action and decorated.

When you decide to move, let the Post-Dispatch rental advertisement tell you where to find a new home exactly suited to your needs.

CHICAGO, March 21.—Wearing a black derby and a sack suit of Western cut, Mei Lan-fang, exponent of the Chinese classical theater, who appeared in New York in 1930, arrived here this week on the Trans-Siberian Express for a series of performances. He is accompanied by a troupe of 23 actors and musicians.

The Soviet visit, which is the result of an official invitation extended in 1933, is the first Mei Lan-fang has made outside the Orient since the American season. The importance which Soviet authorities attach to his coming is indicated by the fact that they dispatched a special steamer to Shanghai to bring him and his party to Vladivostok.

Moscow, which is one of the most theatrical producers here, including Vsevolod Meyerhold, see nothing paradoxical in the intense interest they have expressed in the art of Mei Lan-fang, steeped though it is in the rigid tradition of sixteenth-century China. Viewing the contemporary Western theater as hopelessly decadent, they are looking elsewhere for their ideas. In their view, some of the best material is to be found in three sixteenth-century theaters—that of England, that of Spain and that of China. It is recognized that the Chinese classical theater, as interpreted by Mei Lan-fang, has changed relatively little in 300 years. Thus Soviet producers groping for new forms consider the study of old forms commendable. The forthcoming series of performances here as their supreme opportunity.

The only Far Eastern theater which has been seen in Moscow since the revolution—in fact, the only foreign theater of any distinction which has been here during that period—is that represented by the Japanese Kabuki players, who performed in the Soviet capital five years ago. The Japanese actors were well received and left their impression on the Soviet stage.

The new Soviet theater manifests life and vigor, and it is impossible to expect that by autumn the effect of Mei Lan-fang's brief season here would be noticeable in more than one Moscow playhouse.

The Chinese actor and his troupe are scheduled for six engagements in the capital, beginning March 23, and four in Leningrad.

CHINESE ACTOR GETS WELCOME IN RUSSIA

Soviet Officials Send Steamer to Bring Mei Lan-Fang From Shanghai.

(Copyright, 1935.)

MOSCOW, March 21.—Wearing a black derby and a sack suit of Western cut, Mei Lan-fang, exponent of the Chinese classical theater, who appeared in New York in 1930, arrived here this week on the Trans-Siberian Express for a series of performances. He is accompanied by a troupe of 23 actors and musicians.

The Soviet visit, which is the result of an official invitation extended in 1933, is the first Mei Lan-fang has made outside the Orient since the American season. The importance which Soviet authorities attach to his coming is indicated by the fact that they dispatched a special steamer to Shanghai to bring him and his party to Vladivostok.

Moscow, which is one of the most theatrical producers here, including Vsevolod Meyerhold, see nothing paradoxical in the intense interest they have expressed in the art of Mei Lan-fang, steeped though it is in the rigid tradition of sixteenth-century China. Viewing the contemporary Western theater as hopelessly decadent, they are looking elsewhere for their ideas. In their view, some of the best material is to be found in three sixteenth-century theaters—that of England, that of Spain and that of China. It is recognized that the Chinese classical theater, as interpreted by Mei Lan-fang, has changed relatively little in 300 years. Thus Soviet producers groping for new forms consider the study of old forms commendable. The forthcoming series of performances here as their supreme opportunity.

The only Far Eastern theater which has been seen in Moscow since the revolution—in fact, the only foreign theater of any distinction which has been here during that period—is that represented by the Japanese Kabuki players, who performed in the Soviet capital five years ago. The Japanese actors were well received and left their impression on the Soviet stage.

The new Soviet theater manifests life and vigor, and it is impossible to expect that by autumn the effect of Mei Lan-fang's brief season here would be noticeable in more than one Moscow playhouse.

The Chinese actor and his troupe are scheduled for six engagements in the capital, beginning March 23, and four in Leningrad.

The Cincinnati Symphony Orchestra, under direction of Eugene Goossens, will give a concert at Municipal Auditorium at 8:30 o'clock next Tuesday evening.

The program will be as follows: The "Occasional" Overture . . . Handel (In honor of the 250th anniversary of the birth of the composer.)

Rondino for Wind Instruments. Beethoven Symphony No. 1 in G-Minor . . . Kalinikov INTERMISSION

Four Movements from the "Planets." Holst (a) Mars (b) Venus (c) Mercury (d) Jupiter

Prelude to Act I and Prelude to Act II from "Aalkyone" . . . Wagner Introduction and Wedding March from "The Golden Cockerel" . . . Rimsky-Korsakov

HARVARD SCHOLARSHIP WINNER

J. A. Moore, Clayton High School Graduate, Gets Award.

John A. Moore, 415 Carrswold drive, Clayton, a freshman at Harvard University, has been awarded the Edwards Whitaker scholarship for an unusually high record in studies during the first half of the freshman year, it was announced today.

The scholarship carries a stipend. Moore is a graduate of Clayton High School.

Vassar Honor for St. Louis Girl.

POUGHKEEPSIE, N. Y., March 21.—Among 26 Vassar College sophomores who will carry the Daisy Chain in the annual Class Day exercises in June is Anne G. Carpenter of St. Louis. Selections were on the basis of popularity and standing in college activities.

Pastors to Exchange Pulpits.

BENTON, Ill., March 21.—The Rev. Virgil Thompson, pastor of the First Methodist Church of Benton, and the Rev. M. B. Van Leer, pastor of the Methodist Church at Fairbury, Ill., will exchange pulpits effective April 1, it was announced here today.

Shaw Sails for South Africa.

LONDON, March 21.—Mr. and Mrs. George Bernard Shaw sailed today for a holiday in South Africa. Said Mr. Shaw: "It is nice to go for a holiday and know that Hitler has settled everything so well in Europe."

Forist's Widow Made Trustee.

Mrs. Mary Forist, widow of Edward W. Forist, attorney, was appointed by Circuit Judge Hartmann yesterday as successor trustee of a \$16,000 fund established by them in 1925 for the benefit of their five children. She was required to post a \$10,000 bond. Her husband was trustee until his death last July.

Mrs. Henry S. Caulfield, Republican candidate for the Board of Education, addressed the South side Women's Democratic Club last night at Carpenter Library, Grand boulevard and Utah place. About 100 women were present. Voters will act on both Republican and Democratic candidates for the board.

Clothing Shower for the Poor.

The Louise de Marillac Association will hold a clothing shower for the poor at 2 p. m. Sunday, March 21, at their headquarters in St. Ann's Hospital, 5301 Page boulevard.

JOSEPH SHOP 314 N. EUCLID Just North of Maryland On New Spring

ENGAGED

MISS KATHRYN BALL, DAUGHTER OF Mr. and Mrs. J. Elmer Ball of Webster Groves, whose engagement to Arthur B. Winkelmeyer, son of Dr. and Mrs. A. H. Winkelmeyer, also of Webster Groves, has been graduated from Washington University last June.

ARTHUR E. BINGHAM DIES; RETIRED LUMBER DEALER

Founder of Former Chicago Firm; Resident of St. Louis for Three Years.

The funeral of Arthur E. Bingham, former president of a Chicago lumber company, who died early yesterday of infirmities at his home in the Embassy Apartments, Union and Washington boulevards, was held yesterday afternoon from the Lupton funeral chapel, 4449 Olive street. The body was cremated.

Mr. Bingham, 82 years old, was one of the founders of the Marsh-Bingham Lumber Co. of Chicago, now out of existence. He retired in 1909 and had been living in St. Louis for three years. The funeral was held yesterday to allow relatives from other cities to return to their homes. Surviving are his wife, Mrs. Grace Lanson Bingham; a son, Harold W. Bingham of Los Angeles, Cal., and a daughter, Mrs. Frederic E. Morgan, whose husband is director of The Principia here.

JEWISH WELFARE FUND CAMPAIGN OPENS APRIL 7

Ten-Day Drive for \$139,900; Y. M. H. A. and Y. W. H. A. Included This Year.

A 10-day campaign to raise \$139,900 for the local Jewish Welfare Fund, the Y. M. H. A. and the Y. W. H. A. will open April 7.

Headquarters for the campaign have been established in the Chemical Building and the several directing committees have been organized. Former Circuit Judge A. B. Frey is chairman of the drive, with Bettman, Dean Sisco, Leach and Dr. M. G. Scelzig vice-chairmen. The Jewish Welfare Fund was formed last year by combining 15 national and local philanthropies into one campaign. Further consolidation in the collecting of funds was effected this year by adding the two "Y" associations to the group.

MRS. SOPHIE U. WENZ FUNERAL

Services Saturday, Died From Pneumonia After Leg Fracture.

Funeral services for Mrs. Sophie U. Wenz, 70 years old, 7544 Maryland avenue, Clayton, who died yesterday at Barnes Hospital of pneumonia, will be held Saturday at 1:30 p. m. from the Laidner funeral chapel, 2223 St. Louis avenue, with burial in New Picker Cemetery. She was taken to the hospital Feb. 24, after suffering a fracture of the right leg in a fall down the basement stairs in her home. Pneumonia set in about two weeks ago.

Mrs. Wenz was the wife of John F. Wenz, a retired building contractor. They were married two years ago after being divorced 35 years. Their first marriage was in 1890, and both married again following the divorce in 1928. Both of the second mates died. Besides her husband, a sister, Mrs. Elizabeth Heinecke, survives.

Co-Heir to Harding Estate Weds.

DAYTON, O., March 21.—The wedding of the former Mrs. Jean de Wolfe Weil of Marion, O., co-heir to the estate of the late President Warren G. Harding, and William Foster of Sidney, O., became known here yesterday as the pair made plans to establish their home in Dayton, Mr. and Mrs. Foster were married Monday at Newport, Ky. The bride's father was a son of the late Mrs. Harding by a former marriage.

ANTI-ALIENATION SUIT VOTE IN ILLINOIS HOUSE

Measure Passed Would Outlaw, Also, Actions for Breach of Promise.

By the Associated Press. SPRINGFIELD, Ill., March 21.—The Illinois House passed a bill yesterday outlawing suits for breach of contract to marry and for alienation of affections.

It also provides that in divorce, separate maintenance and annulment suits, co-respondents accused of misconduct shall not be named in any pleadings until the court so orders, after having satisfied itself that probable cause for action exists.

The Senate has not acted on the bill.

By the Associated Press. ALBANY, N. Y., March 21.—The bill to outlaw breach of promise suits was passed by the Assembly yesterday. It had already been passed by the Senate. The bill, if signed by Gov. Lehman, will end damage suits for breach of promise, seduction or criminal conversation.

The movement to outlaw suits for breach of promise and alienation of affections was started by Mrs. Roberta West Nicholson, member of the Indiana House of Representatives, who introduced a bill which was passed by the Indiana Legislature and signed March 11, by Gov. McNutt. She termed such suits, for the most part, "legal blackmail."

Mrs. Nicholson is the daughter-in-law of Meredith Nicholson, novelist and United States Minister to Paraguay.

MRS. EDNA CHAMPION FUNERAL

Services in New York for Widow of Spark Plug Manufacturer.

NEW YORK, March 21.—Funeral services were held today for Mrs. Edna J. Crawford Champion, a native of St. Louis who died Monday night of heart disease in her penthouse apartment here.

Mrs. Champion, who was in her early forties, was the widow of Albert Champion, spark plug manufacturer, who died seven years ago in Paris.

Surviving are her mother, Mrs. E. J. Crawford; two brothers, Robert I. and Oliver W. Crawford, and two sisters, Mrs. Alan Lesavoy and Mrs. Charles Doherty.

PUBLIC MEETINGS AND ANNOUNCEMENTS

West Point graduates and former cadets will hold a dinner dance marking the 133rd anniversary of the founding of the United States Military Academy at the Mayfair Hotel tomorrow evening. Lieut. R. B. Lord, 428 Federal Building, is secretary of the committee in charge of arrangements.

Mrs. Jessica Garretson Cosgrove, principal of the Finch School, New York, will talk on "This Changing World" Monday, at the Junior League headquarters, 4914 Maryland avenue, on Thursday night.

Dr. William C. Korfmaier, assistant professor of classical languages at St. Louis University, will talk on "Balancing the Budget in the Days of Virgil and Horace" and Dr. George J. Ryan of the Latin department at Washington University will talk on "Last Days in Pompeii" before the Classical Club of St. Louis at 8:15 p. m. tomorrow in Sodality Hall, St. Louis University, 15 North Grand boulevard.

The International Labor Defense will hold a meeting commemorating the Paris Commune of 1871 at 8 p. m. tomorrow at Trade Union Hall, 1229 North Leonard avenue.

Dr. Leo B. Fagan of the psychology department of St. Louis University, will talk on "What Is Sane Thinking" at 8:30 o'clock tonight at the Y. M. H. A.-Y. W. H. A., Union boulevard and Enright avenue.

Co-Heir to Harding Estate Weds.

DAYTON, O., March 21.—The wedding of the former Mrs. Jean de Wolfe Weil of Marion, O., co-heir to the estate of the late President Warren G. Harding, and William Foster of Sidney, O., became known here yesterday as the pair made plans to establish their home in Dayton, Mr. and Mrs. Foster were married Monday at Newport, Ky. The bride's father was a son of the late Mrs. Harding by a former marriage.

SOCIAL ACTIVITIES

MISS ELIZABETH CAROLYN SAUER, daughter of Mr. and Mrs. Philip E. Sauer of Evansville, Ill., became the bride of Warren Doble, son of Mr. and Mrs. William Doble of San Francisco, Cal., at 5:30 o'clock Tuesday afternoon at the home of her parents.

Because of mourning in the Sauer family the wedding arrangements were quiet and only members of the two families attended the service and the reception which followed.

The bride, given in marriage by her father, was attired in an ivory satin gown, cut on princess lines, with long, tight sleeves. Her tulle veil was edged with rose point lace. She carried lilies of the valley.

A cousin of the bride, Nicholas Sauer, son of Dr. and Mrs. William E. Sauer, 6309 McPherson avenue, was Mr. Doble's best man. The two men were friends at Leland Stanford University, from which they were both graduated.

Mrs. Doble has spent a great deal of time in St. Louis with her uncle and aunt and has many friends here. She is a graduate of Washington University and a member of Pi Beta Phi sorority. Following her graduation from school she traveled abroad.

Mr. Doble and his bride have left for their honeymoon and will sail Wednesday, March 27, for England to make their home in Shrewsbury for the next few years. Mr. Doble, who is a mechanical engineer, will be engaged there on a stream-line train project. He has done similar work in Germany.

Miss Anne Greeley Carpenter, daughter of Mr. and Mrs. George Oliver Carpenter Jr., 5 Horstense place, has been chosen by the class day committee at Vassar College as one of the 26 prettiest and most popular sophomores who will carry the daisy chain for the seniors on class day, June 8. St. Louis girls who have received this traditional honor in the past include the former Miss Rebecca Chase, the former Miss Emily Zimmerman, the former Miss Elizabeth Atwood Thompson, the former Miss Marjorie Coleman, the former Miss Adeline Ely Smith, and Miss Jane Blackmer.

Mr. and Mrs. Gustave H. Boehmer, 7515 Buckingham drive, will leave St. Louis today to spend two weeks in Palm Beach, Fla. They plan to stay at the Breakers. Mrs. Boehmer, a former Veiled Prophet Queen, was Miss Myrtle McGrew Lambert, daughter of Maj. and Mrs. Albert Bond Lambert.

Mrs. Arthur C. Garrison, 10 Portland place, is expected home from the South Saturday. Mrs. Garrison accompanied Mrs. John B. Davis Jr., 15 Washington terrace, and Mrs. Denvir's brother, Clarence Hoblitzelle of Florence, Italy, to San Antonio, Tex., to visit another brother, Karl Hoblitzelle.

Bishop Wise Hobson of Cincinnati and Mrs. Hobson, who spent a week in St. Louis with Mrs. Hobson's mother, Mrs. P. Taylor Bryson, 4346 McPherson avenue, returned home Friday. Bishop Hobson came to St. Louis to conduct noonday services at Christ Church Cathedral.

Mrs. Clark C. Wren of Washington will be the guest of honor at a luncheon, which Mrs. Ingram F. Boyd will give tomorrow at the St. Louis Country Club. Mrs. Wren, who came west with her daughter, Mrs. Trustin B. Boyd II at the conclusion of the latter's recent visit in Washington, is a guest in the Boyd home, 6465 Ellenwood avenue. Trustin B. Boyd II joined Mrs. Boyd in Washington.

Mrs. James B. Bergs, 4396 Maryland avenue, is spending a week with her sister in Chicago.

Mrs. Martin Murphy, 4521 McPherson, left Tuesday for California to visit her son, Melvin J. Murphy.

Mrs. Charles R. Peddle of Santa Monica, Cal., former of St. Louis, will motor to St. Louis next week for a visit with her son and daughter-in-law, Mr. and Mrs. James B. Peddle, 20 North Kingshighway.

James Abeles has returned to New York after a brief stay with his brother and sister-in-law, Mr. and Mrs. John T. Abeles, 4522 Westminster place.

Dr. Paul J. Zentay, president of the Missouri Society for Mental Hygiene, will entertain at a dinner at 6:45 o'clock Tuesday evening at his home, 4710 Westminster place, in honor of Dr. C. M. Hicks of New York, general director of the Canadian and National Committees for Mental Hygiene, who will open the Mental Hygiene Conference Tuesday afternoon, and Dr. H. Douglas Singer of Chicago. Other

guests will be Dr. Sidney Schwab, Dr. W. W. Graves, Dr. W. J. Beckmann, Dr. James MacFadden, Dr. Val Satterfield, Dr. Neil S. Moore, president of the St. Louis Medical Society, and A. W. Jones.

Mrs. Zentay will give a tea at her home Thursday, March 28, from 4 until 6 o'clock in honor of Clifford Shaw, director of the Institute of Juvenile Research in Chicago and the final speaker of the Mental Hygiene Conference. Those serving will be Mrs. Thomas L. Anderson, Miss Frances Blayney, Miss Mary Scudder Bond, Mrs. Donaldson L. Lambert, Mrs. Meyric Rogers and Mrs. William Grayson, mother of the hostess.

Mr. and Mrs. Thomas Archer Cleveland, 7742 Delmar boulevard, and their sons, Gary, 4 years old, and Thomas Jr., 10, will move to Australia early in April. They plan to leave St. Louis March 30 and will sail from Los Angeles on the Monteposa April 3 for the three-week trip across the Pacific. They plan to live in either Sydney or Brisbane, Mr. Cleveland is associated with Swift & Co. He returned home the middle of January from a several weeks' tour of England and Scotland. Mrs. Cleveland was Miss Margaret Ogle, daughter of Mrs. Russell G. Ogle, 6237 Southwood avenue.

Miss Ruth Harms, daughter of Mr. and Mrs. Eugene H. Harms, 7210 Creveling drive, will return Friday from the Harcum School at Bryn Mawr, Pa., to spend the spring vacation with her family.

YOUR STOMACH AT WORK

Curious Facts About Digestion

THERE ARE **300** THINGS SOLD FOR ACID INDIGESTION, SOME CONTAINING 20 OR MORE MEDICINAL INGREDIENTS. YET IMMEDIATE RELIEF CAN BE HAD FROM A LITTLE TRIANGULAR TABLET & CARRIED IN THE POCKET AND MUNCED LIKE CANDY!

GREAT COMFORT IN SMALL SPACE! THIS IS EXACT SIZE OF THE TABLET THAT NEUTRALIZES ACID IN THE STOMACH.

Yes, it's curious what some people do when they have a pain in the stomach, a little gas, or attack of "indigestion!"

They take all sorts of remedies with high-sounding names. They clutter house and office with bottles and spoons, and all sorts of preparations.

When one little thing they could tuck in a pocket might have straightened them out in a hurry!

Years ago, a man named Pape discovered a simple way to relieve distress due to acid stomach. Dia-

pepsin, in tablets that are just eaten like candy, has brought happiness to thousands who thought they had a "weak stomach."

If you have distress after meals, any acid discomfort at all, your stomach is probably slow in emptying. If you relieve this condition with Pape's Diapensin, you can eat with more enjoyment!

Try it! Carry the pocket tin and take a tablet or two after meals until your digestion is "clicking" and all that sourness is gone. Pape's Diapensin; remember the name.

GUARDS OVERPOWERED AND LEVEES DYNAMITED

Tallahatchie Dike Near Philipp, Miss., and Bayou Barrier at Macel Blown Up.

By the Associated Press.

GREENWOOD, Miss., March 21.—A band of several hundred men overpowered Tallahatchie River levee guards one mile west of Philipp in Le Flore County, and dynamited the levee last night. Later another levee was dynamited near Macel in Tallahatchie County. Macel is on Tippecanoe Bayou, Philipp down-stream from it on the Tallahatchie. Dynamiting of levees relieves flood pressure at downstream points.

When authorities got word of the plan to dynamite levees, private levee guards were given machine guns and riot guns and told to "shoot to kill." Officials also appealed to Gov. Sennett Conner for State troops, and he ordered out several detachments.

Flood waters poured through the broken levees, overflowing several thousand acres in Tallahatchie and Le Flore counties, inundating Philipp, a town of 200 population, and blocking highways.

There were reports the last few days that farmers, feeling that the levee system was protecting certain areas from floods at the expense of others, planned a general dynamiting.

The Coldwater and Tallahatchie rivers along the watershed of North Mississippi are falling rapidly, but conditions are unimproved in Tallahatchie County south of Glendora, where 40,000 to 50,000 acres of farm lands are covered.

Five Elected to M. A. A. Board.

Five members of the board of governors of the Missouri Athletic Association were elected last night to serve three-year terms. They were: Harry J. Kiener, Richard H. Waike, E. J. Coffey, Herbert H. Droste and A. L. Morgan.

STATED POLICY OF BILL AGAINST HOLDING FIRMS

Continued From Page One.

ty companies sell and transport gas and electric energy by the use of means and instrumentalities of interstate commerce.

"4. Their practices and control over subsidiary companies materially affect the interstate commerce in which those companies engage."

"5. Their activities extending over many states are not susceptible to effective control by any state and make difficult, if not impossible, effective state regulation of public utility companies."

"6. The national public interest requires the exertion of Federal control over the transactions and practices of public utility holding companies and their subsidiary companies and affiliates, where such companies or subsidiaries or affiliates operate or market securities, in interstate commerce or through the mails, because as disclosed by the reports of the Federal Trade Commission and otherwise—

"7. The securities of such public utility holding companies, subsidiary companies, and affiliates are sold to a large number of investors in different states."

"8. Such investors cannot obtain the information necessary to appraise the financial position or earning power of such issues because of the absence of uniform standard accounts."

"9. Such securities are issued without the approval or consent of the states having jurisdiction of subsidiary public utility companies."

"10. Such securities are often issued upon the basis of fictitious asset values and of paper profits from intercompany transactions and do not accurately reflect the sums invested in underlying public utility properties."

"11. Such securities are often issued in anticipation of excessive revenues from subsidiaries which, if realized, would burden consumers, and the reduction of which in the course of state regulation of subsidiary public utility companies, would cause loss to investors who have been led to believe that such revenues are a legitimate part of the issuer's income."

"12. Such securities, when improperly issued, subject subsidiary public utility companies to the burden of supporting an overcapitalized superstructure to the detriment of investors and consumers and tend to prevent voluntary rate reductions, which over a period of time might promote a greater and more economic use of gas and electric energy and thereby strengthen subsidiary public utility companies."

"13. Subsidiary public utility companies are often subjected to excessive charges for services, construction work, equipment and materials to the detriment of investors and consumers."

"14. Subsidiary public utility companies often enter into transactions with affiliates in which the absence of arm's length bargaining operates to the detriment of investors and consumers."

"15. Control of subsidiary public utility companies throughout the United States has often been used to secure to holding companies, their affiliates, and subsidiary construction companies, a substantial part of all construction work for public utility companies in restraint of free and independent competition in that field."

"16. Service, management, construction and other contracts involve the allocation of charges among subsidiary public utility companies in different states and present problems of regulation which cannot be dealt with effectively by the states without the assistance of the Federal Government."

"17. Control of subsidiary public utility companies materially affects the accounting practices and rate, dividend, and other policies of such companies, thereby in many instances complicating and obstructing state regulations of such subsidiary companies."

"18. The growth and extension of holding companies, in many cases bear no relation to the economies of management and operation or to the integration and coordination of related properties, but have been influenced by a desire for economic power and security profits and have tended toward the concentration of ownership in a few holding companies."

"19. The abuses above enumerated are so commonly associated with the activities of public utility holding companies and have been so persistent and so widespread that they necessitate legislation to control and eliminate the holding company as an artificial corporate device inherently injurious to investors, consumers and the general public."

"20. It is hereby declared to be the policy of this act, in accordance with which policy all the provisions of this act shall be interpreted, to meet the problems and eliminate the evils connected with the public utility holding company as enumerated in this section; and for the purpose of effectuating such policy to compel the simplification of public utility holding company systems and the elimination thereof of properties not economically and geographically related in operations, and to provide at the end of five years for the abolition of the public utility holding company."

Earthquake in India. CALCUTTA, India, March 21.—A severe earth shock was felt here today. No damage was caused in Calcutta, nor had any reports been received from the interior. Meteorologists said the shock probably was intense at its epicenter, somewhere in India.

WITNESS ATTACKS REORGANIZATION PLAN OF MO-PAC.

Continued From Page One.

pleted I take it that the whole \$2,000,000 will be a loss," Couzens said. "That is right," said Brandwen.

Couzens tried to bring out why the stock was purchased and Brandwen suggested that it might have been to sustain the market for Missouri Pacific.

"Van Sweringens' Bookkeeping." "The stock they bought for \$1,000,000," said Brandwen, analyzing the sale of one-third of the total purchase, "they sold for \$150,000 and with this they bought bonds which had a face value of about \$900,000. They then reported the purchase of these bonds at \$890,000, virtually their face value. That is an example of the Van Sweringens' bookkeeping."

But the most striking part of Brandwen's testimony dealt with the closely guarded Van Sweringens plan. Brandwen confirmed reports current in New York that the plan was based on revenues which would allow approximately \$14,000,000 for fixed charges after taxes had been paid.

The Van Sweringens, according to Brandwen, is that only about \$5,000,000 would be available for fixed charges. Brandwen said that under the Van Sweringens plan the Missouri Pacific would be burdened with \$31,000,000 of contingent debt for every mile of the line.

The Van Sweringens have held a great many conferences with Jones in recent weeks. It is known that they are eager to have their plan approved at the earliest possible date. They have become familiar figures in Jones' anteroom.

Beard and the other members of the independent bondholders' group are bitterly opposed to allowing the Van Sweringens to have any part in the reorganization. Beard has charged that the only thing that they ever did for the Missouri Pacific was to put it into bankruptcy.

Kansas City Terminal. Brandwen also recounted in detail the purchase by the Van Sweringens of real estate and terminal properties around Kansas City and charged, in answer to questions from Senator Couzens, that this was in effect a rebate to the Swift and Armour packing companies on which the Van Sweringens' Erie Railroad then was dependent for a large share of its business.

The Van Sweringens in a deal hastily arranged paid to Swift and Armour family corporations between \$18,000,000 and \$19,000,000 for properties on which, Brandwen charged, no return was ever realized. Subsequently, according to Brandwen, the contract to purchase these properties in Kansas City was transferred to the Missouri Pacific.

Senator Wheeler read a long list of holding companies controlled by the Van Sweringens and added, "They have used these holding companies to juggle railroad properties as they wanted to."

Through questioning, Senator Bone brought out that a banking syndicate headed by J. P. Morgan & Co., really controlled the Van Sweringens railway "empire" through a loan to the Van Sweringens of \$48,000,000. The Van Sweringens are unable to repay this loan which matures in June, Brandwen declared.

"To use a colloquial phrase," Brandwen said, "the Van Sweringens are completely 'in hock' to this banking syndicate. They could be kicked out at any time."

Control of the 31,000 miles of railroad and the two billions of securities in the Van Sweringens "empire" would then pass to the banking syndicate, Brandwen added. The Van Sweringens wanted the additional \$75,000,000 from the Government to keep their hold over their railroad properties, Brandwen charged.

"The patience of the people in the face of this sort of thing is amazing," Bone said. "Perhaps if we could make them understand what has happened here and what is still happening, we might get a real 'New Deal.'"

"Do you think an investigation would reveal that two sets of books were kept by the Missouri Pacific?"

Bone asked in relation to stock transactions described by Brandwen. "I do not know whether it would show exactly that," Brandwen replied, "but it would show that these transactions were passed from company to company in such a way that it was difficult to follow them by any bookkeeping system."

Calls Deal "Fantastic." The real estate development in Kansas City Brandwen described as "fantastic." It was based on the same kind of "speculation" on which the Van Sweringens got their start in Cleveland, he charged.

"There has been no limit thus far on the acts of the Van Sweringens," Brandwen said, "and that is why it is imperative to put the spotlight of publicity on this whole matter."

At the conclusion of the hearing today Wheeler said that Jones and other RFC officials would be called upon to explain the details of the Van Sweringens' plan of reorganization for the Missouri Pacific.

Also tomorrow the committee will hear Jack Lewis Kraus, New York attorney, who has taken an active part in the reorganization of the Frisco.

WIFE DIVORCES WALLY VERNON EX-MASTER OF CEREMONIES

Former Marian Younger, Dancer, Granted \$10 a Week Alimony; Indignities Charged.

Mrs. Marian Vernon, a dancer, obtained a divorce in Circuit Judge Hogan's court today from Wally Vernon, who formerly was master of ceremonies at several St. Louis theaters. The Court granted her \$10 a week alimony and restored her maiden name of Younger.

She alleged general indignities, testifying he abused her and associated with other women. They were married Aug. 14, 1931, after an acquaintance which began at the Granada Theater, where he was employed as master of ceremonies and she worked in the chorus. They separated Jan. 5, 1934. Mrs. Vernon previously sued for divorce in 1932, but there was a reconciliation.

She said Vernon, who did not contest, is now in Florida. He earns about \$225 a week, she testified. She gave her age as 22 years, and his as 29. He had been married once previously.

YOUR WASHING MACHINE IS FOUR YEARS OLD... YET YOUR CLOTHES ALWAYS COME OUT SO SNOWY

I'VE ALWAYS BEEN ABLE TO GET SNOW-WHITE WASHES FROM MY MACHINE

MY WASHER IS BRAND NEW... YET I CAN'T SEEM TO GET THE CLOTHES SNOWY

THE AGE OF THE WASHER HAS LITTLE TO DO WITH THE WHITENESS OF THE WASH. IT'S THE SUDS THAT COUNT. TRY RINSO AND SEE THE DIFFERENCE

FOLLOWING MONDAY

WHAT'S ALL THE SMILES? DID SOMEONE LEAVE YOU A MILLION DOLLARS?

OH, JIM, I'M SO HAPPY! LOOK! I USED A NEW KIND OF SOAP TODAY... RINSO... AND THE WASH TURNED OUT SO SNOWY

"Gives the richest suds I ever saw," says Mrs. J. T. Mermah, 2826 Caroline

I SEE that Rinsol has been tested and approved by Good Housekeeping Institute. That's no surprise to me! I'm sure Rinsol would pass every test to which it was subjected—it's such an efficient, economical soap. It gives the richest, longest-lasting suds I ever saw—and such safe suds! My clothes come 4 or 5 shades whiter when I use Rinsol—and colored clothes come brighter, too. I find also that dishwashing is much quicker and easier with Rinsol."

MRS. J. T. MERMAH
2826 Caroline, St. Louis, Mo.

Rinsol is marvelous for tub washing, too. Just soak everything in those thick suds—let the dirt float out by itself—rinse—and hang out the whitest wash ever. Clothes last 2 or 3 times longer washed this safe way. Gives creamy suds—even in hard water. Recommended by makers of 34 famous washers. Safe for your finest cottons and linens—white or colors. Easy on the hands.

Rinsol

HEAD TAX BILL CALLED MOVE TO KILL OLD AGE PENSIONS

The proposed \$3 head tax to finance old age pensions was denounced as having "all the earmarks of an attempt to kill such pensions," by Oscar Leonard, executive director of the Missouri Committee for Old Age Security, before the current topics section of the Wednesday Club yesterday. There are 2,000,000 persons in Missouri between the ages of 21 and 70 who would be taxed under the measure, yielding \$6,000,000 annually, Leonard pointed out. He declared that was more than three times the amount needed. He urged adoption of Senate Bill No. 7 as the best for old age pensions.

Painting Wins \$2000 Prize

EUGENE SPEICHER'S painting of "Red" Moore, a blacksmith, received the Corcoran Gold Medal and the \$2000 first award in a competition in Washington, in which 353 artists took part.

WOMAN REPORTS THEFT OF \$350 FROM HOME

Two \$100 Bills Among Money in Her Missing Purse.
Mrs. Thelma Kistner, 4105 Maryland avenue, reported to police yesterday her purse, containing \$305 in cash, was taken from her kitchen some time between 5 and 5:30 o'clock yesterday afternoon. She said she had two \$100 bills among the money.

25 RELIEF WORKERS DISCHARGED IN OHIO

Campaign on 'Chiselers' Announced; Davey's Manager Before Grand Jury.

By the Associated Press.
COLUMBUS, O., March 21.—As a grand jury delved into charges of "incontrovertible evidence" of political corruption in Ohio relief, drastic changes in the administration of Federal aid to Ohio were announced.

C. C. Stillman, declaring a campaign on "chiselers" on the relief payroll, announced today the discharge of 25 additional workers. A total of 65 have now been removed since he took charge on orders of Federal Relief Administrator Harry L. Hopkins last Monday. Stillman also announced that about April 15 direct cash relief would replace grocery orders wherever possible.

The grand jury was slow in starting. Francis W. Poulson, chairman of the Democratic State Executive Committee, remained at his office where he said he would be available when needed. Jack McCombe of Ravenna, who collected most of the money raised to pay off a \$10,000 deficit in Gov. Davey's campaign fund, and Jack North of Cleveland, a coal dealer, were dismissed without testifying soon after they appeared.

W. R. McNamara, suspended head of the surplus commodities division of the State Relief Commission; Kenneth Aller, a truck operator of Columbus, and Thomas Jones, suspended assistant to McNamara, waited to be called to testify regarding affidavits they made regarding solicitations of funds for the Democratic State Committee.

Dan W. Duffy of Cleveland, secretary to Gov. Davey, was the first witness.

Prosecutor Hoskins excused Common Pleas Judge George P. Nye of Pike County, one of the men subpoenaed. He said Nye was excused because of McNamara's statement that he was mistaken when he said in an affidavit that Nye was present when McNamara turned over \$5150 collected for the campaign deficit. Nye, Hoskins said, assured him he knew nothing of the incident referred to by McNamara.

The State Relief Commission said 1,211,723 were on the Ohio relief rolls in January, of which 994,021 members of 242,315 families and 62,256 single persons received direct or home relief in the form of grocery orders. In addition, 152,982 of the 306,428 on work relief received some direct relief.

The January relief total was an increase of 42,724 over December. The February figure is not yet available.

Democratic legislators aligned themselves solidly behind Davey, condemning unanimously in a caucus "the gratuitous insult directed at our Chief Executive" and pledging "our allegiance in his courageous fight against waste and inefficiency in the administration of relief."

"As loyal Democrats," said their resolution, "and as supporters of President Roosevelt, we do hereby call upon the President of the United States to make full and complete investigation to right the wrong which has been done our Governor and to forthwith do the things that are so urgently necessary to eliminate waste and inefficiency, and to terminate the inhuman practices of mistaken agents of the relief commission."

C. J. Simons Weds Mrs. Ona Wilson
Carl J. Simons, chairman of the board of the Interstate Printing Co., and Mrs. Ona Wilson, secretary and manager of the Katharmon Chemical Co., were married last night at the First Congregational Church. The ceremony was performed by the Rev. Robert P. Foster, pastor. In his study. They will reside temporarily at the Gateworth Hotel.

FAMOUS SPORTS ANNOUNCER

A WORD ABOUT RICE KRISPIES from W. K. KELLOGG

OFTEN the introduction of a new product benefits many phases of American life. This has been our experience with Kellogg's Rice Krispies.

We had a double objective in developing Rice Krispies. First, to create a delicious cereal that would appeal to every one. Second, to help mothers in their task of getting children to take sufficient milk. It was thought that a different type of cereal—

one that would snap, crackle, and pop when milk or cream was poured into the bowl—would stimulate appetites.

This was true. Today, people of all ages are enjoying Rice Krispies. The convenience of this ready-to-eat cereal has resulted in shorter hours for mothers—less time spent in the kitchen—more leisure.

The unusual success of Kellogg's Rice Krispies has opened a tremendous new market for the American farmer. The Kellogg Company has become one of the world's largest buyers of American-grown premium rice. The Kellogg Company also uses many millions of bushels of corn and wheat every year.

American industry also benefits. Thousands of people are kept busily employed in the manufacture and marketing of Kellogg's Cereals.

We are pleased that Rice Krispies have added a tempting new ready-to-eat cereal to the American table, and have delighted millions of mothers and children. We are particularly happy that this has helped thousands of people to have better jobs, and to enjoy life more.

HOUSE HAS RULE, SENATE HAS NOT, ON PAIRED VOTES

Practice Exists in Upper Chamber, but Huey Long Is First to Raise Issue of Courtesy.

WASHINGTON, March 21.—Senator Huey P. Long's maneuvering shed new light on the old congressional custom of pairing votes. A search of the record shows that in the history of the United States Senate, unlike the House, there has not been a pairing of votes in the Senate since 1857. The pairing of votes in the House is a well-known custom, but in the Senate it has been almost entirely forgotten. Senator Long, however, has brought the issue to the attention of the Senate, and he is the first to raise the question of courtesy in the pairing of votes. Under the pairing system, members of opposite parties agree to abstain from voting on a particular bill, thus ensuring a tie. This practice is common in the House, but in the Senate it has been almost entirely forgotten. Senator Long, however, has brought the issue to the attention of the Senate, and he is the first to raise the question of courtesy in the pairing of votes.

ST. LOUIS CASH RAIN

ST. LOUIS, March 21.—The cash market for grain today was active and prices were generally higher. The market for wheat was particularly strong, with prices for both hard and soft wheat showing a steady advance. The market for corn was also active, with prices for both yellow and white corn showing a slight increase. The market for soybeans was quiet, with prices remaining steady. The market for oats was also active, with prices for both hard and soft oats showing a slight increase. The market for barley was quiet, with prices remaining steady. The market for rye was also active, with prices for both hard and soft rye showing a slight increase. The market for clover was quiet, with prices remaining steady. The market for alfalfa was also active, with prices for both hard and soft alfalfa showing a slight increase. The market for timothy was quiet, with prices remaining steady. The market for other feeds was also active, with prices for both hard and soft feeds showing a slight increase.

economic trend.Strongest Upswing in This
Group in Months as Flurry
of Short Covering Is
Set Off Early Session
Quiet.

By the Associated Press.

NEW YORK, March 21.—The stock market pushed up vigorously in the final hour today under aggressive demand for the long-depressed utilities.

Early irregularity in all divisions was supplanted by firmness when a variety of rumors affecting the utilities circulated in speculative circles and leading shares were run up as much as 2 points before the close.

A slight portion of the gain in the final few minutes. The closing tone was firm. Transfers aggregated 880,000 shares.

Principal grains showed late rallying tendencies and closing prices for wheat were 1/8 to 1/4 cent a bushel higher, although corn developed independent weakness and ended lower. Cotton had a sinking spell, but rallied briskly from the low of the day. Bonds were hesitant and foreign exchanges generally mixed.

The break upturn in stocks attracted some profit-taking which shaded the peak figures, but leaders were sufficiently resistant to retain a major portion of the advantage.

The sudden popularity of utility issues was accompanied by varied, unconfirmed rumors in brokerage circles, concerning abandonment of plans to use any part of the work relief funds of the Federal Government in erecting municipal power plants, and reports that New York City would not carry out the recently announced plans of Mayor LaGuardia to erect its own power plant. This was later denied by Mayor LaGuardia after a 45-minute conference with his assistants in Washington. Brokers said the market had been ripe for a rally and that it did not take much to touch off a flurry of short covering.

Cotton closed unchanged to 30 cents a bale lower and wheat ended unsettled 1/2 cent a bushel higher. Corn and oats were mostly lower.

In foreign exchanges, the British pound sterling declined nearly a cent in terms of the dollar, while most of the gold currencies including francs and marks were higher. Faced with increased tension in European politics and the almost total absence of constructive developments at home, the market in period to early afternoon had little incentive to go forward, although the extreme lethargy of trading was encouraging to the extent that it indicated little distress selling and the unwillingness of shorts to put out new lines.

The Treasury announcement that cigarette production for February was more than 125,000,000 ahead of the same month last year failed to stimulate much enthusiasm.

Overnight Developments.

As the first stock quotation slid over the tape, Wall Street took some encouragement from the following factors:

The application to the Stock Exchange Committee by United Fruit for permission to issue \$5,000,000 in bonds, mostly for refunding purposes.

The Remington Rand report that sales are running 25 per cent ahead of a year ago and that the company had wiped out its deficit at the end of last month and had earned a fairly substantial surplus. Fourth quarter 1934 earnings were 10 cents a share against 10 cents in the final quarter of 1933.

Influences which tended to put the Street in a cautious mood were:

The heavy tax load noted in the report of general foods. The 1934 it was \$4,619,575 against \$2,990,553 in 1933.

The sag in American cotton textile exports to the lowest average on record cited by the Association of Cotton-Textile Merchants of New York. The drop was chalked up by the association to the capturing of markets by low cost Japanese products.

Closing prices and net change of the 15 most active stocks.

Cons. Gas 1 1/4; Schenley Dist. 26 1/2; Chrysler 33 1/4; North Amer. 11 1/4; Unit. Corp. 24 1/4; U. S. Steel 28 1/4; C. M. St. P. & P. 21 1/4; Nat. Dairy Prod. 13 1/4; Gen. Mot. 28 1/4; U. S. Elec. 22 1/4.

FOREIGN MARKETS AT A GLANCE

LONDON, March 21.—The continental political situation on the stock exchange today. Prices sagged on the lead of all-Eden's lack of support. Iron and steel advanced. The increase in import duties on those products. Gold mining and aircraft stocks met with support. The market closed dull.

PARIS, March 21.—Reflecting uneasiness regarding the Franco-German situation, the stock exchange in Paris was quiet. Prices were mostly lower. The closing was weak.

BERLIN, March 21.—After a weaker opening, prices rose in the afternoon, stimulated by the German reaction to the French note. The closing was firm.

NEW YORK, March 21.—The stock market pushed up vigorously in the final hour today under aggressive demand for the long-depressed utilities.

Early irregularity in all divisions was supplanted by firmness when a variety of rumors affecting the utilities circulated in speculative circles and leading shares were run up as much as 2 points before the close.

A slight portion of the gain in the final few minutes. The closing tone was firm. Transfers aggregated 880,000 shares.

NAVY OFFICERS REPRIMANDED FOR SEEKING OUTSIDE JOB

Secretary Swanson Sends Letter of "Disapproval" to Commander Weyerbacher.

By the Associated Press.
WASHINGTON, March 21.—Secretary of the Navy Swanson yesterday reprimanded Commander Ralph D. Weyerbacher, navy procurement officer, for offering his services to an aviation firm.

Swanson approved the findings of a court of inquiry which investigated the case and said he was sending a letter of "disapproval" to Weyerbacher. Swanson also said that henceforth officers wishing part time employment with aviation concerns must first give full details to the Secretary of the Navy.

In 1930, Weyerbacher, then manager of the Navy Aircraft Factory at Philadelphia, offered his and Lieut. C. N. Harper's services as technical advisers to the Cairns Development Co., for \$1500 a month retainer and a share of stock, and \$100 a day for actual work. "This was to include the designing of an all-metal two-seater plane which Col. Charles A. Lindbergh desired."

The company, then financed by Jesse Livermore, Wall Street operator, rejected the offer. Lindbergh did not order the plane. Four years later Edmund Cairns, the concern's president, gave Weyerbacher's letter to a House Military Sub-Committee.

SECRETLY MARRIED

—Ashen-Brenner Photo.
MRS. ROBERT ADDISON FUCHS

WHO recently disclosed that she and Fuchs were married in a St. Charles elopement last Oct. 26. She is the daughter of Mr. and Mrs. Charles N. Gray, 5674 Clemens avenue, and was graduated from Soldan High School last June. Fuchs, a former dental student, is the son of Mr. and Mrs. Addison Fuchs, 1325 Blackstone avenue.

ST. MARY'S HOSPITAL NOTE EXTENSION PLEA

Holders Under \$1,186,000
Lien Asked to Waive Principal Payments Till 1941.

Holders of \$1,186,000 of first mortgage serial notes secured by St. Mary's Hospital and its adjoining buildings have been asked to waive principal payments for the next five years, and to extend the final maturities from 1941 to 1948.

Letters sent to noteholders by Mother M. Concordia of the Sisters of St. Mary, stated that the hospital had encountered financial difficulties because economic conditions had forced many to forego needed hospital care and others had been unable to pay their bills, while the burden of charity work had increased.

The note issue of \$1,150,000 was sold to investors in 1931 by the Mercantile-Commerce Bank & Trust Co., and \$264,000 of the original issue has been retired since then. Notes maturing this year total \$84,000, with \$41,500 falling due May 1 and \$42,500 Nov. 1. The mortgage provided for increasingly larger semi-annual principal payments, the final maturity being May 1, 1941.

Under the extension plan, interest payments would continue at 5 per cent as in the past, but there would be no principal payments until May 1, 1941, when \$41,500 of the refunding notes would mature. The Metropolitan St. Louis Co. has been appointed agent for the Sisters of St. Mary in presenting the plan to noteholders, and the Mercantile-Commerce Bank & Trust Co. has been named as depository.

TIME FOR CLAIMS AGAINST PUBLIC SERVICE CO. EXTENDED

Federal Judge Davis Grants Request of Trustee Kiel, Sets July 1 as Deadline.
An extension of the time limit to July 1 for filing claims against the Public Service Co. was granted today by Federal Judge Davis to Henry W. Kiel, trustee in the reorganization proceedings of the company.

There has been no plan of reorganization submitted for approval of the court.

INCREASE IN GAS RATES FOR THREE MISSOURI TOWNS

Missouri Public Service Commission Says Rise Is Alternative to Abandonment.

By the Associated Press.
JEFFERSON CITY, March 21.—Increased gas rates for Pleasant Hill, Holden and Kingsville were approved yesterday by the State Public Service Commission. The commission authorized the Pleasant Hill Gas Co. and the Interstate Gas Co. to put new rates into effect which will increase their rates \$10.835 annually. "If these companies are to continue to operate, at least operating expenses, including depreciation allowance, must be earned," the commission said in its order.

"In order to accomplish that purpose, revenues must be increased to the extent of \$10,835. If the company was to earn a return on its estimated value at 6 1/2 per cent it would be necessary to increase its revenues \$12,406 or more."

The commission said the increase which we think should be preferred to the total abandonment of operations by the company, the consequent financial loss resulting therefrom and the loss of the service to the public."

Game Sanctuary Planned.
SPRINGFIELD, Ill., March 21.—

Preparations for establishment of a game sanctuary in the Chautauqua drainage district in Mason County are nearing completion. All of the 4200 acres is under option to the biological department of the United States Department of Agriculture and when the title to the land has been established it will be set aside for safety of migratory waterfowl. All of the drainage district will be turned into swamp land.

Come and See.

No More Heart Balm.

Napoleon's Drastic Rule.

By ARTHUR BRISBANE.

(Copyright, 1935.)

SAN FRANCISCO, March 21.

HITLER said to Europe, "come and see," and above the darkness of Berlin, with every light in the city extinguished, Hitler's war planes rode out through the night, roaring over the city in an imitation of war bombing.

The alleged idea was to let Berlin's citizens prepare mentally for possible aerial bombardment. Every light in Berlin was extinguished, to prevent good airplane marksmen from spotting children included, provided with gas masks, were warned to hurry to the nearest gas refuge, should bombardment start.

The real idea was a message to Europe, as follows: "we have kicked over your Versailles Treaty, and you do not like it. If you want to fight about it, you would do well to come and see that we are ready for you."

This country follows Europe's war threat, with keen interest, like an infant watching a fly on the window pane. We could not do anything about it, if we tried, being unprepared for anything, except spending money. Nevertheless Washington reports that our Government thinks of addressing a remonstrance to Berlin on the scrapping of the Versailles Treaty.

Why should that be done, in the name of high heaven? Have we not troubles enough? Is it any of our business? Must we again send a President gallivanting about Europe, sleeping in Buckingham Palace at a cost to this country of \$100,000 for the fine lodging? Is it IMPOSSIBLE for this country to keep its mouth shut?

New York passes a law practically forbidding breach of promise suits by broken-hearted young ladies who thought "his intentions were honorable." Such lawsuits, called "heart balm" suits by lawyers who grow rich on them, are often not always simply blackmail. A rich man plays the fool, a rascal's lawyer files suit for the little lady and divides with her.

The great Wellington, after Waterloo, foolish as most men are, might have had such a suit from a certain lady who really expected to marry him, but British public opinion would not have tolerated that, and besides, the Iron Duke was as innocent as he was foolish. The new law seems wise on the whole. It warns young ladies to take the advice of the Metaphysician: give Margaret in Faust, not to give a kiss or open her door, unless "with the ring on your finger."

Beginning today! Some foolish old gentlemen will sleep more soundly, and some scheming lawyers and young women will turn to harder ways of making a living.

Napoleon, perhaps because he wanted plenty of French babies for the imperial armies, wrote into his laws a most severe regulation, expressed concisely as follows: "It is forbidden to seek to establish the paternity of a child."

In France, according to Napoleon's rule, the deceived one might not enter the court, infant in arms, and say "that man is the father."

He has good eyesight, even "second-sight," who can see far into our American situation at this moment.

Topsy-turvy land was plain common sense compared with this land, and the ideas that control it. Innumerable voices through the air and through Congress and the brain-trust, each proclaim a separate perfect remedy for all troubles, all agreeing on one point only, that all the men engaged in building up this country since 1776 knew little or nothing, while those who made any money in the process should probably have been put in jail.

Very interesting is the new attitude toward old-fashioned thrift, once so highly recommended.

With excellent intentions, one President would give \$200 of Government money every month to every person past 60, which would be \$60 a month for every old pair.

Nothing could be more wonderful or desirable than that, if the needed billions could be provided, but there is this "catch" in it: The elderly person receiving his \$200 a month must spend every penny of it within the next 30 days. Any dollar not spent would be worthless at the end of the month.

The grandfather used to say, "Johnny, here is a penny, run and put it in your little bank, and be a good man like grandpa."

Now grandpa must say, "Johnny, here is a penny. Run to the candy store and spend it, this minute, or I'll put it away from you and beat

IF YOU ASK MY OPINION

By Martha Carr

My dear Mrs. Carr:
In my opinion, you have mis-
judged the girl who signed her-
self "Just Sixteen." I have looked everywhere for
her, but am confronted with the
self-proclaimed phrase, "Have you had
any experience?"

My dear Carr, how can one get ex-
perience if no one will give him a
start? I am a high school gradu-
ate and have been out of school a
year. I was unable to continue
my education, like many more
unfortunate boys or girls who would
like to, but who haven't the money.
Of what use were the 12 years of
my study and time? I am no bet-
ter off now than a newborn. "Yes,"
you will say, "you have an educa-
tion—but where can I make use
of it?" I don't know of the country expect
the younger generation. If the
young men and young women of
this so-called greater St. Louis
would organize a club so as to pro-
tect themselves, maybe in the fu-
ture we will have something and
not be wiped out by "experienced
ones."

I hope this letter will put
some feeling in the heart of mar-
ried women whose husbands are
making a livable wage. We don't
want to hand a top job. Let us start
at the bottom and work up.

My dear Carr, I would like this pub-
lication so that everyone who reads
it may have in mind that there are
many experienced ones coming on
all the time; girls and boys who
would like to earn their own living
and not impose upon their families
for clothing and food.

My dear Carr, look and power to the
younger generation. Just another
"INEXPERIENCED ONE."

I sympathize, wholeheartedly, with
the young people (or anyone else)
who have the ambition, the indus-
try and the pride to want to work
and earn their own way. But I
think those who take the pessimis-
tic view that education is of no use
in the struggle now for work, do not
see the best of reasoning. They
allow their discouragement and
despair to impede them farther in
that they should make; no mat-
ter whether these efforts are suc-
cessful now or not. And I have
and many times both girls
and boys are too indefinite and
make their plans for "work" too
vague. A taste and effort in spec-
tacular lives, I believe, will get better
results.

The best, most serious and au-
thoritative opinion on this subject
I have found is that of a survey made at
Washington University, but this
does not apply altogether to Univer-
sity education. University officials
estimated that 30 per cent of last
year's graduates in engineering
and science have been placed. The direc-
tor of the School of Nursing re-
ported that practically all our graduate
nurses got into their chosen pro-
fession.

At least 11 of the 12 student gradu-
ates in the school's first class in
journalism have found employment.
The Teacher Placement Bureau re-
ports that few prepared teachers
are not placed.

You may say that it is different
from the past, but many of the letters of
complaint which reach me, are from
these graduates, who have drifted
into police, one might say, with
no definite aim and no definite in-
quiries when they look for work.

There are many chances in St.
Louis to learn vocational training,
and if you are free, and also there
are many chances with firms who
are willing to work without pay as
apprentices. It is unreasonable to
expect those whose livelihood and
income depends upon turning out
and work deliberately to hamper
the business, which in most instan-
ces has taken years to build up,
by the competition and consump-
tion of the business, by sending
new blood below the required stan-
dard, and by the inexperienced;
but you expect pay for such in-
convenient work.

Working in a spirit of resent-
ment, in order to give to one man
the credit which has earned, has no
value in the country, as yet, met with
much success.

My dear Mrs. Carr:
Someone wrote in asking you
for the names and locations of
these clubs. They are:
St. Louis Y. M. C. A.: The Mis-
souri Pacific Building, Wednesday
evening at 8:00 o'clock.
St. Louis Y. W. C. A.: 1000
Market St. at Gateway Hotel.
I will continue until about
10:00 o'clock.

There is also checker and chess
clubs at the R. R. Y. M. C. A.
located at Twentieth and Eugene
streets. Players of varied ability
are welcome.

M. J. SVENDROWSKI

My dear Mrs. Carr:
I am married and have a son 13
years old. My problem is a hus-
band who drinks. He reads your
column every evening, so hope you
will give him some good advice.
Every payday my husband gets

Letters intended for this col-
umn must be addressed to
Martha Carr at the St. Louis
Post-Dispatch. Mrs. Carr will
answer all questions of general
interest, but, of course, cannot
advise on matters of a
legal or medical nature,
nor who do not care to have
their names published may en-
close an address and stamped
envelope for personal reply.

Pressure of Blood Never A Fixed Thing

Decrease Not Always Sign
of Improvement—Changes
With Age.

By

Logan Clendening, M. D.

WE spoke the other day of the
mistake that patients fre-
quently make in regarding a
fall of blood pressure as neces-
sarily a sign of im-

provement or a
rise of blood
pressure as nec-
essarily a sign
that the condi-
tion is getting
worse. It is a
mistake to re-
gard blood pres-
sure as a fixed
thing. The blood
pressure varies
in many differ-
ent ways, in
fact, is constan-
tly fluctuating and

Logan Clendening's chart of a per-
son's blood pres-
sure hour by hour through the day,
every day in the year, would look
like the chart of the range of an
active stock on the stock market.

The most notable variation in
blood pressure is that in the course
of life, from infancy to old age.
The general trend of blood pres-
sure is to go up as age advances.
In children of the age of 2, blood
pressure is usually 75 to 90. In a
mature individual of 20, it is usu-
ally about 120. From then on, it is
liable to increase gradually, about
10 points for every decade of life,
until it reaches 150 to 160 at about
the age of 60, when it is likely to
decline.

Variations of pressure during the
day show, in a healthy person, that
the systolic pressure, in the morn-
ing is about 100, rises to about 120
at 9 o'clock, falls a little during
the forenoon, rises again in the
early afternoon, and if a quiet eve-
ning is spent, it falls slowly to
about 100, remaining that way
through the night.

Posture has some influence on
blood pressure and is lower in the
recumbent position.

Unaccustomed rest has long been
known to be a reducer of blood
pressure. Thus laboring men with
pressures between 160 and 200, on
entrance to the hospital showed a
considerable fall after a few days
in bed.

Meals influence blood pressure to
some extent. After a meal, inde-
pendent of the time of day, there
is a constant fall of pressure.

If one were to take 1000 people
and take their blood pressure every
day at the same time, throughout
the year, and make a graph of the
average of these pressures, it would
be found that it was highest about
the first of January, became appre-
ciably lower—10 to 15 points—by
June, stayed that way through the
summer, and then rose again, rose
through the fall again to the high
point in January. The lesson of
this, according to an eminent physi-
cian of my acquaintance, is always
to start treating your high blood
pressure patients on the first of
January and to dismiss them on the
first of August.

We see from all these things that
it is entirely an erroneous idea to
regard blood pressure as a fixed
thing. It is far more changeable
than the temperature of the body
or than the pulse rate.

QUESTIONS FROM READERS.
Reader: "I am 43 and have been
married 20 years. My wife has
often remarked that she has never
heard me snore, but lately she has
had to awaken me several times
during the night. I would be grate-
ful if you would tell me what has
caused this and what I can do to
correct it."

Answer: This department wishes
it could give a helpful and instruc-
tive answer to all questions, but life
being what it is, that is not always
possible. So far as I have any wis-
dom on your complaint, you snore
so much because you are 43, and
there is nothing to be done about it
except not to go to sleep.

WORRIED.
Liquor has different effects upon
different drinkers. A man whose
nature is so changed and who be-
comes so bestial, should never touch
one drop. Your physician probably
would find a way to convince your
husband of the poisonous effect of
drinking when it takes this form.

Your husband's employer should
be apprised of the result of hand-
ling him the pay envelope and
should try another plan—talking to
him seriously about it and, if nec-
essary, giving you the salary until
the man learns to control himself.
Tragedies of the saddest kind some-
times are the outcome of this con-
dition.

If your employer is unwilling to
help, then take the case to the
Court of Domestic Relations. You
will be protected, in case you want
to do this, and the Court will know
what to do to teach the man about
being disorderly in his home.

LOW-CALORY PARTY MENUS

Are your guests fighting
the incorrigible flesh? Here are party
dishes that will help them and
still please the others

By Clementine Paddleford

TODAY there is a golden opportunity
for pioneering hostesses to win un-
dying fame and an avalanche of passionate
thanks by serving party menus that are
attractive to fat and lean ladies alike.

Being a party guest is really a trying
procedure to those women who wage a
life and death struggle against that of
devil obesity. These fighting spirits of
the flesh represent the majority of women
who have passed their thirtieth birth-
day. "Hold that waistline!" is their bat-
tle cry.

Modern woman wants to look well and
be well, and that means to see her toes
without a periscope. She is on a caloric
budget, allowing herself an average of
so many calories a day. Yet wherever
she goes, for luncheon, bridge, or tea,
well-meaning but thoughtless hostesses
are passing the richest fustiest food they
know how to make. To refuse such well
meant hospitality is often embarrassing.

"But my dear," says our hostess, "you
mean you won't have even a taste?"
Calory-low menus can be achieved with
much less trouble than the over-rich

meals so often served on company days.
If it's a luncheon, steer clear of rich
cream soups, stick to bouillon, tomato
puree, meat broth. Or, all women like
tomato juice cocktails, most of them
clam juice, and few will pass up fruit
juice. Fruit juices may be had nat-
urely too, without any added sweetening—
pineapple, cherry, blackberry, orange,
grapefruit, juice, red raspberry.

For the main course, choose lean meats
and the lean cuts—lamb chops, veal, lean
beef, chicken or lean roasts. Don't serve
meats fried—or for that matter, fried
anything. Look with a jaundiced eye on
the oily fish.

In the vegetable kingdom, almost any
may be chosen. The thing to watch for
is the fat in cooking. Pass butter sauce,
if you will, but leave the vegetables them-
selves untouched—lettuce, spinach and all

greens, string beans, celery, Chinese cab-
bage, asparagus, cucumbers, Brussels
sprouts, Swiss chard, cauliflower, toma-
toes, eggplant, turnips, cabbage, kohlrabi.
Avoid such high-calorized vegeta-
bles as sweet potatoes or dried beans.

But do not forget your lean guests in
the race to please the dieting friends.
Your main purpose is to please both.
Serve salad dressings on the side; or if
you can't resist whipped creams and rich
sauces for dessert, pass them separately.

WEST Point of the Air" is the
new attraction at Loew's
State, starting tomorrow.
Wallace Beery is the star, with
Maureen O'Sullivan, Robert Young,
Robert Taylor, James Gleason and
Lewis Stone in the supporting roles.
Beery has the role of an instructor
at the Army flying school at Ran-
dolph Field, Tex. Robert Young, as
Beery's debonair young son, comes
into the service and under his fa-
ther's teaching. Circumstances
arise in which the father sacrifices
his own reputation to save his son's,
but with happiness eventually re-

minutes or until stock is reduced to
two cups. Strain. Select and set aside
14 medium-sized caps. Chop the remain-
der fine. Combine the stock, chopped
mushrooms, bread crumbs and season-
ings. Separate the eggs, beat the yolks
until thick and lemon-colored and add to
the mixture. Carefully fold in the egg
whites beaten until stiff but not dry.
Pour into greased custard cups or tim-
bale molds. Place in a pan of hot water
and bake in a moderate oven (350 de-
grees F.) for 25 to 30 minutes or until
firm. Unmold and serve garnished with
parsley and whole mushroom caps,
sauteed in butter until brown. This makes
14 servings.

Buttered Hot Rolls and Melba Toast.
Baked Branched Peaches
(Whipped Cream Cheese)
Coffee
Nuts

Tomato and Clam Juice Cocktail
Toasted Celery Seed Crackers.
Rye Wafers
Mushroom Timbales
New Peas Cheese-Stuffed Baked Beets
Hot Rolls Currant Jelly
(for those who wish them)
Endive and Watercress Salad;
Tomato Dressing
Baked Peas in the half shell
Coffee

Whipped Cream Cheese
One tablespoon powdered sugar.
One (3-ounce) package cream cheese.
One cup whipping cream.
Mix the powdered sugar and cream
cheese together with a fork. Blend with
whipping cream and beat to a fluff with
a rotary beater or wire whisk. Chill un-
til ready to serve. This will make 2 1/2
cups or 12 to 15 servings.

Mushroom Timbales
Two pounds fresh mushrooms.
Three cups water.
Two cups soft bread crumbs.
One and one-half teaspoons salt.
One-quarter teaspoon paprika.
One-eighth teaspoon black pepper.
Dash of cayenne.
Few scrapings onion.
Few drops Worcestershire sauce.
Four eggs.
Parsley.
Two tablespoons melted butter.
Wipe mushrooms with a clean damp
cloth; peel and remove stems. Make a
mushroom stock by simmering stems
and peelings in the water for 10 to 15

Stuffed Baked Beets
Twelve medium-size beets.
Salt, pepper, paprika and celery salt to
taste.
One cup soft bread crumbs.
One cup American cheese, grated.
Wash beets and boil until tender. Peel
and scoop a shallow cavity from the top
of each. Sprinkle the cavity with sea-
soning. Cut a slice from the bottom so
that the beets will stand level. Mix the
bread crumbs with one-half cup of the
grated cheese and fill each cavity with
the mixture. Top with a generous sprin-
gling of cheese and paprika and bake in a
moderately hot oven (375 degrees F.) un-
til the cheese is melted and slightly
brown. This makes 12 servings.

Pineapple Spears
Two fresh pineapples.
Stand one pineapple in upright posi-
tion and carefully peel one-half of it
lengthwise, from top to bottom. Remove
eyes. With a very sharp knife, cut out
strips of the pineapple one-half inch
wide, cutting from top to bottom, and in
as far as the core, leaving each strip at-
tached to the base. Carefully pull away
sections from core and divide each in
half lengthwise. Cut second pineapple
into one-half inch strips. Stand the first
pineapple in the center of a large, round
platter for decoration and surround with
the strips.

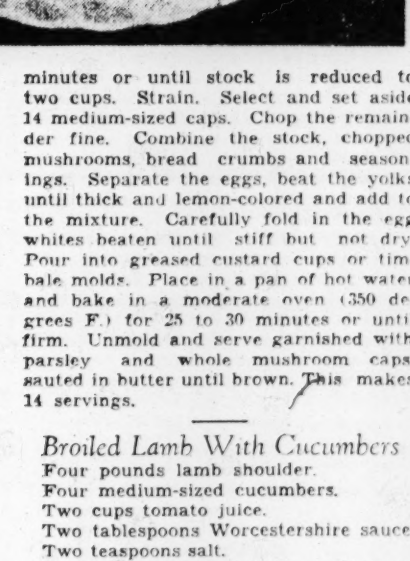

Baked Peaches in Brandy
Twenty-four canned peach halves.
One cup peach juice.
One cup brandy.
Place peach halves in a baking dish,
cut side up. Pour over them the syrup
and brandy. Bake in a moderately hot
oven (375 degrees F.) for 10 minutes.
This makes 12 servings.

Chocolate Filled Cake
One-half cup butter.
One and one-half cups sugar.
Three squares chocolate, melted.
One teaspoon vanilla.
One cup sour milk.
One-quarter teaspoon salt.
Two eggs.
Two cups flour.
One-half teaspoon baking powder.
Cream butter and sugar. Add rest
of ingredients and beat two min-
utes. Pour into two layer cake pans
lined with waxed papers and bake
25 minutes in moderate oven. Add
filling made as follows:
(For White, Yellow or Chocolate
Cake.)
Four tablespoons flour.
One egg.
One-eighth teaspoon salt.
One square chocolate melted.
Three-fourths cup milk.
One-half teaspoon vanilla.
Blend sugar and flour. Add egg,
salt, chocolate and milk. Cook slowly,
stirring constantly until filling
becomes very thick and creamy.
Add vanilla and cool. Use as filling
between baked cake layers.

Toothpaste will clean tarnished
French jewelry.
Fruit should always be pared with
a silver knife.

notable all over the country, since
its premiere in New Orleans at the
time of a theater owners' conven-
tion. "Roberta" virtually estab-
lishes Fred Astaire and Ginger Rog-
ers as the top-notch dancers on the
screen and one of the most popular
teams of any sort. They will next
be seen together in "Top Hat," an
original musical by Irving Berlin,
with Helen Broderick, musical com-
edy star, also making her debut.
Ginger, however, will have a picture
before that time with William Pow-
ell. It is titled "Star of Midnight."

An Illustrative Contract Hand In Four Hearts

South Holds Enough Trumps
to Make It Hard on De-
clarer.

By P. Hal Sims

SINCE East had bid both hearts
and diamonds, finally ending up
at a four hearts contract, South
would have liked to lead trumps;
but his holding of king, doubleton,
quashed that idea. He made his
next best opening — the doubleton
nine of clubs. The declarer met an
unfortunate division in the diamond
suit, but even so the loss of one
diamond, one heart and one spade
would not be impossible. South was
one of these alert players, however.
The eye that never closes.

♠ K x x
♥ 9 7 2
♦ x x
♣ K J 10 x x

♠ J 10 9 x x
♥ J x
♦ x x
♣ A Q 5 4 2

NORTH
SOUTH

♠ A x x x
♥ K 8
♦ Q J x x x
♣ 9 3

The declarer, returned to his
trick with the ace of diamonds and
trumped a low diamond in the
dummy. Ruffing a club got him
back to his own hand once more,
and a second diamond was trumped
with the jack of hearts. East had
not noted the drop of the nine, five
of clubs in South's hand for nothing.
He played another low club from
the board, and when North put
on the ten spot, discarded a
losing spade, permitting North to
hold the trick. At least that was his
intention. There was South to be
contended with, however. South
had a perfect count on the East
hand. South wasn't going to let the
declarer get away with anything
like that!

Leaning across the table, South
deliberately banged down the eight
of hearts on his partner's trick. He
played back a diamond, and good
old partner ruffed it. Partner, fail-
ing in with the spirit of the thing,
returned another club. East had
a choice of trumping with the ace
or the ten of hearts. As a matter of
record, he did the latter, but it
actually made no difference. North
was bound to get in another dia-
mond ruff anyway.

Just for good play's sake, East
should have gone in with the ace
and played back the queen. There
was a bare possibility that South
was the huzzard who held three
trumps. We admit that the possi-
bility was very bare—in fact, it had
passed beyond the realms of possi-
bility, but it's the correct play just
the same.

DAILY MAGAZINE

Let's EXPLORE Your MIND

By ALBERT EDWARD WIGGAM, D. Sc.

See Whether His Opinions Agree With Your Own

AUTHOR'S NOTE: These answers are given from the scientific point of view. Science puts the rights of organized society above the rights of individuals.

"How To Interview," a splendid book for employers, managers and personnel directors, by Walter V. Bingham and Roy V. Moore says, "Better come prepared with a typewritten statement of your personal history—name, address, date of birth, height and weight, marital status, religious preference, schooling, special training, employment record, and references. Be explicit. If married state the name of your wife. If you expect to marry, say so. If you earned a degree in school, tell how. If you have a scholarship or outside employment, mention what they were. If you have any handicaps of health or physique, be frank about them." They have mentioned your hobbies and interests. These authors speak from wide experience and to ten times as many people as you could.

2. To cooperate after thorough investigation at the beginning of a job. Dr. Charles W. Manger, who began work when tested and then when interviewed. The latter workers not only did less than the former, but their productivity was irregular—the amount of irregularity ranging from 91 per cent when tested to 23.1 per cent when interviewed. He concludes by saying: "Test should come before, not after."

1. WHEN ONE APPLIES FOR A JOB WILL IT LIKELY INCREASE HIS CHANCES IF HE GOES INTO DETAILS ABOUT HIS-OR HER-WORK EXPERIENCE AND HISTORY?

YES OR NO

2. DOES IT NOT HINDER PROGRESS FOR WOMEN AT THIS CRITICAL TIME TO BAND TOGETHER IN CLUBS AND ORGANIZATIONS TO PROMOTE WOMEN'S INTERESTS?

YES OR NO

fatigue has developed." Wise counsel especially for employers who want the most for their money from their employees.

3. Hardly anything is more important in order to promote progress. Whenever women have been

Aunt Jo

By Floria Howe Bruess

"I'll drive back with you, Aunt Jo, and I'll bring that youngster of mine home if I have to."

"Easy, Steve," Aunt Joe said drily. "Little Steve is a chip of the old block. No one could ever make you do something you didn't want to do. And you can't make little Steve. You should have written the boy that you intended to marry again. My sympathy is with that youngster, for you should have broken the news of your marriage directly to him instead of wiring your housekeeper that you were bringing home a wife."

Steve, who looked too young to be the father of an 11-year-old son, looked helplessly at the keen-eyed old lady. Aunt Joe never minced words.

"The boy ran away the hour your housekeeper told him he had a stepmother. He packed a bag and hitchhiked 20 miles to my farm. I'm glad to have him, for he just strong yet. The flu left him weak. Put his your son, and, of course, his place is with you, much as I'd like to have him."

"Naturally. And I want Vera to get acquainted with him as soon as possible."

The outer door slammed. Quick steps crossed the hall. "Here is Vera. I want you to meet her, Aunt Jo," Steve said. There was the light of a lover in his eyes as he rose expectantly to his feet.

"I suppose you saw dad," Steve said sullenly as Aunt Joe entered the warm, cozy living room. "But I won't go back and he can't make me. I won't live with any old stepmother."

"Don't get excited, Steve. Your dad is quite willing for you to stay here if you want to, but you must not fall back in your school work. While I was in town I engaged a governess. She will be out tomorrow."

The boy's tense little figure relaxed. He wouldn't mind having a governess. He wouldn't mind anything just so he didn't have to go home and live with a mean old stepmother. Gee! Dad used to be swell. Why did he have to go and spoil everything?

The governess arrived the next morning loaded with books. Old Si brought her and her trunk up from the station.

"This is Phillips, Steve," Aunt Joe introduced them, speaking briskly. "As I told you yesterday, Lee, I don't want you to crowd Steve with his studies. Just enough to keep up with his class work. He has been ill."

The girl's merry blue eyes rested on Steve's interested face. "I understand. We'll take it easy, won't we, Steve?"

Lee and Steve mapped out their study routine satisfactorily. "But no study today, Steve. We'll begin tomorrow. Today I want you to take me around the farm. Will you?"

"Sure," Steve said eagerly. He liked this teacher-governess. She was so young and pretty and gay.

THE days passed busily and happily. Study, lessons, walks all over Aunt Jo's big farm. The girl was always interested in everything, gay, merry. Nights before the big log fire popping corn, roasting marshmallows, Miss Lee reading aloud the pirate tales he loved. Aunt Jo knitting. Gee, it was swell.

"Don't you ever feel that you'd like to see your father, Steve?" Aunt Jo asked one night.

Steve was looking well. His little body had rounded out, his listlessness was gone. Tramping around the farm, riding horseback with Lee, playing with the dog.

"Sure. But I won't go home. He had no right to bring me a stepmother. The boy's sensitive little mouth grew grim.

"Well—he certainly surprised us all," Aunt Jo looked over her spectacles. "We didn't dream he'd meet a woman while he was in Chicago and marry her so quick."

The boy looked moodily at the blazing, crackling log. "My dad is swell," he said in a hard, tight little voice, "but—"

"You don't like your stepmother, is that it? Never mind. Don't let's spoil our evening," the girl said gayly. "Let's try that new game, Steve."

Steve had been with his great-aunt a month when his father walked into the house. Midday dinner had been cleared away. Steve and the girl were in the warm sitting-room, studying tomorrow's lessons.

"I've come for you, Vera Lee," the man said. "Too lonely with both of you gone. Want to come home with us, son?"

The boy's eyes were bewildered. Incredulous, as he stared from one to the other.

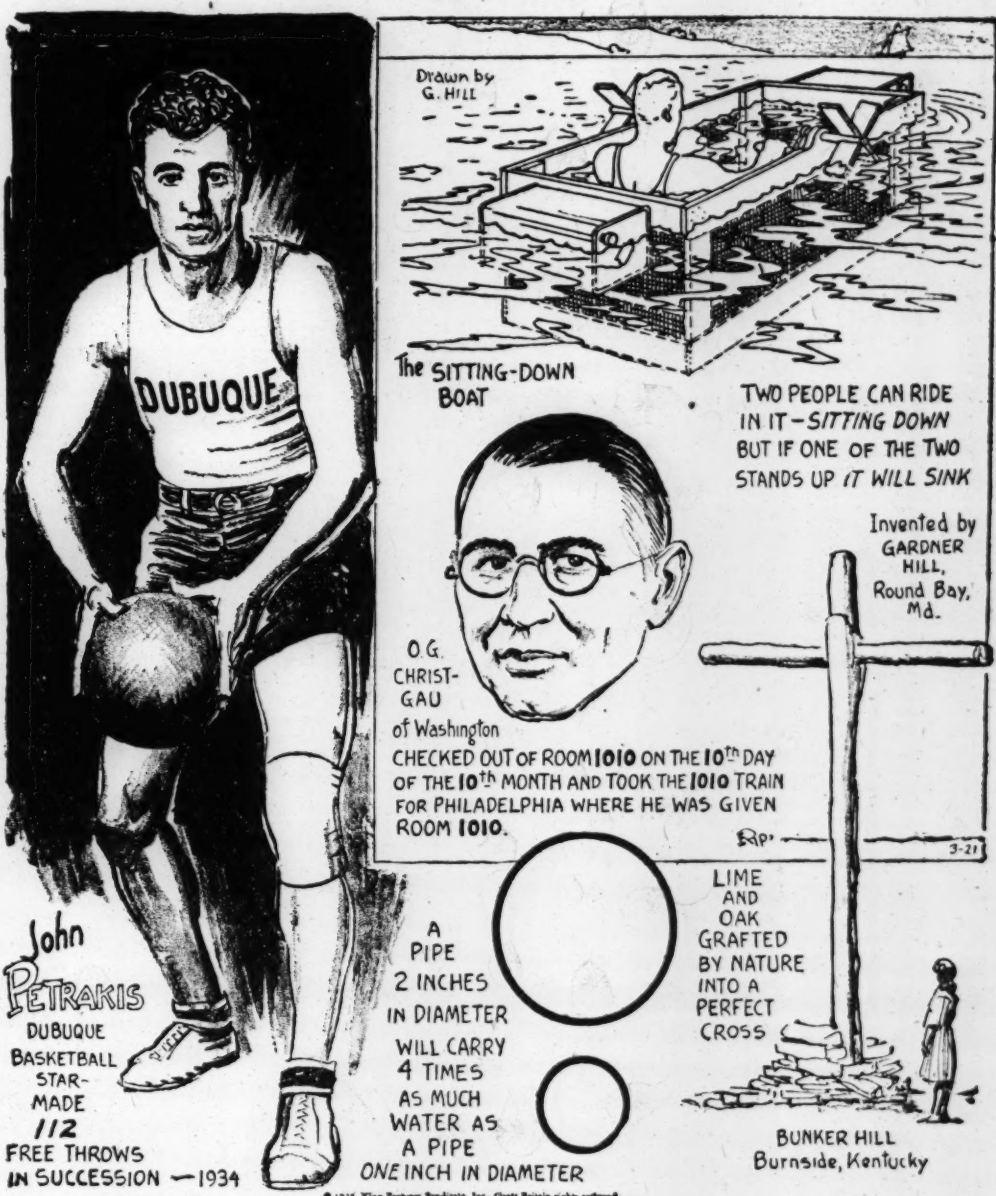

"Aunt Jo told me to come here so we could get acquainted. Steve. Hasn't it been fun? You see, I'm your daddy's new wife and your new pal."

Steve looked at the sunny-haired merry-eyed girl. Slowly a wide grin lighted his face.

"Gee—that's swell!" (Copyright, 1935.)

BELIEVE IT OR NOT

By RIPLEY

EXPLANATION OF YESTERDAY'S CARTOON
LARGEST FISH—What is recorded as the largest fish ever caught by any method, according to attested records of the American Museum of Natural History, is a 26,194-pound whale shark, which was harpooned on June 1, 1912, by Captain Charles Thompson off Knight's Key, Fla. The whale shark is a spotted giant, probably the largest fish in existence. It is in many ways rather like a whale (which is a mammal). The whale shark has seldom been seen for many years, and Captain Thompson's catch was indeed a surprise to deep sea fishermen as well as ichthyologists.

THE ODOR OF ETERNITY—The Chateau de La Malmaison, near Paris, is famous as the retreat of Empress Josephine, wife of Napoleon I. She continued to occupy it after the Emperor divorced her, and she died in it in 1814. Josephine, a native of Martinique, in the West Indies, all her life was enamored of luxury and strong scents. Musk was her favorite perfume, and so enduring is its odor that although Malmaison has repeatedly been renovated, it still retains the odor of musk. Now occupied by a museum.

Annie Oakleys Plentiful for War

By ARTHUR "BUGS" BAER

EUROPE is making more racket than an outboard motor in a dry pond. Do we have to crack the safe for democracy again?

America is marking time. If that's anything like watchful waiting we're in for another sprint.

How about another armistice without honor and peace without victory? Bryan said he could raise a million men overnight. We raised one last night and lost a \$30 pot.

What was that famous draft number, anyway? It was 258 and it wasn't the Calcutta Sweepstakes.

We don't want anybody to be elected because he kept us out of the war. That's how we got into the last one.

Home guards had better look up new sentinel jobs. Annie doesn't live there any more.

Make Abuses Ea
By the Associated Press.
WASHINGTON, March
The enactment of legislati
late trade in food and dr
said would be directed
toward a small minority
and chiselers," was
President Roosevelt
to Congress today.
Explaining that no com
attempt at reform in t
tion of commerce in food
had been made since
Roosevelt said many lo
appeared in the old law
abuses easy.
Text of His Messa
The text of the messa
to the Congress of
Every enterprise in t
ates should be able to
simple principle
about fear of penaliz
amount. Honesty bough
and policy not only fo
equal, or one enterpris
every individual and ex
pise in the nation. In
endeavor there is a
means to this end whic
too long neglected. The
and careful enforcement
of identity and qual
foods we eat and the dr
together with the strie
from our markets of h
substituted products.
The honor of the pro
country ought to be the
ingredient of the produ
it. The various qu
goods require a kind of
in which is not at the
consumers. They are
surface outward appear
ward integrity. In su
ation as has grown up
thing level of living and
pitation of goods, const
prevented from choosin
ly and producers are h
in any attempt to main
standards. Only the ac
disinterested activity c
ment can protect this h
producers and provide
of discriminating choic
works.
Behind in Applying P
These principles long
those on which we hav
public policy. But we l
behind in their practic
time. No comprehensiv
at reform in the regulat
more in food and drug
made since 1906. I nee
not to you how much ha
since that time in the l
new things and their ge
tion, as well as in the
advertising appeals ha
these changes loop hole
pared in the old law
made abuses easy.
It is time to make pi
movements. A measur
which will extend the c
merly applicable only to
advertising also, whic
protection to the con
metics, which will pro
